

FEDERAL RESERVE SYSTEM**Change in Bank Control Notices;
Acquisitions of Shares of a Bank or
Bank Holding Company**

The notificants listed below have applied under the Change in Bank Control Act (Act) (12 U.S.C. 1817(j)) and § 225.41 of the Board's Regulation Y (12 CFR 225.41) to acquire shares of a bank or bank holding company. The factors that are considered in acting on the applications are set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)(7)).

The public portions of the applications listed below, as well as other related filings required by the Board, if any, are available for immediate inspection at the Federal Reserve Bank(s) indicated below and at the offices of the Board of Governors. This information may also be obtained on an expedited basis, upon request, by contacting the appropriate Federal Reserve Bank and from the Board's Freedom of Information Office at <https://www.federalreserve.gov/foia/request.htm>. Interested persons may express their views in writing on the standards enumerated in paragraph 7 of the Act.

Comments received are subject to public disclosure. In general, comments received will be made available without change and will not be modified to remove personal or business information including confidential, contact, or other identifying information. Comments should not include any information such as confidential information that would not be appropriate for public disclosure.

Comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors, Benjamin W. McDonough, Secretary of the Board, 20th Street and Constitution Avenue NW, Washington, DC 20551-0001, not later than August 10, 2026.

A. Federal Reserve Bank of Atlanta (Erien O. Terry, Assistant Vice President) 1000 Peachtree Street NE, Atlanta, Georgia 30309. Comments can also be sent electronically to Applications.Comments@atl.frb.org:

1. Sharon M. France, Daytona Beach, Florida; Jennifer F. Bates, Winter Park, Florida; Amy L. France, Orlando, Florida and Jamison C. France, Ormond Beach, Florida, as members of the France Family Control Group, a group acting in concert, to retain voting shares of Commerce National Bankshares of Florida, Inc., and thereby indirectly retain voting shares of Commerce Bank & Trust, both of Winter Park, Florida.

Board of Governors of the Federal Reserve System.

Michele Taylor Fennell,
Associate Secretary of the Board.

CMS-10393]

**Agency Information Collection
Activities: Submission for OMB
Review; Comment Request**

AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by August 24, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

To obtain copies of a supporting statement and any related forms for the

proposed collection(s) summarized in this notice, please access the CMS PRA website by copying and pasting the following web address into your web browser: <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing>.

FOR FURTHER INFORMATION CONTACT: William Parham at (410) 786-4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment.

Information Collection

1. *Type of Information Collection Request:* Revision of a currently approved Information Collection; *Title of Information Collection:* Medicare Current Beneficiary Survey; *Use:* The Centers for Medicare and Medicaid Services (CMS) is the largest single payer of health care in the United States. The agency plays a direct or indirect role in administering health insurance coverage for more than 160 million people across the Medicare, Medicaid, CHIP, and Health Insurance Marketplace populations. A critical aim for CMS is to be a trustworthy partner in supporting innovative approaches to improving quality, accessibility, and affordability in health care, an effective steward of taxpayer funds, and a major force against fraud, waste, and abuse across all of its programs. CMS also aims to empower patients by giving them greater control over their health care information and improve their access to healthcare services through technology.

The Medicare Current Beneficiary Survey (MCBS) is the most comprehensive and complete survey available on the Medicare population

and is essential in capturing information not otherwise collected through operational or administrative data on the Medicare program. The MCBS is a nationally representative, longitudinal survey of Medicare beneficiaries that is sponsored by CMS and is directed by the Office of Enterprise Data and Analytics (OEDA). MCBS data collection is primarily conducted by phone and is supplemented with limited video interviewing or in-person visits. The survey captures beneficiary information whether aged or disabled, living in the community or facility, or serviced by managed care or fee-for-service. Data produced as part of the MCBS are enhanced with administrative data (e.g., fee-for-service claims, prescription drug event data, enrollment, etc.) to provide users with more accurate and complete estimates of total health care costs and utilization. The MCBS has been continuously fielded for more than 30 years, encompassing over 1.2 million interviews and more than 140,000 survey participants. Respondents participate in up to 11 interviews over a four-year period. The MCBS provides a holistic view of Medicare beneficiaries' social and medical risk factors and rich information on the relationship between these risk factors, healthcare utilization, and health outcomes, at a point in time and over time.

The MCBS continues to provide unique insight into the Medicare program and helps CMS and its external stakeholders better understand and evaluate the impact of existing programs and significant new policy initiatives. MCBS data are used to assess potential changes to the Medicare program. For example, MCBS data were instrumental in supporting the initial implementation of the Medicare prescription drug benefit and continue providing a means to evaluate prescription drug costs and out-of-pocket burden for these drugs to Medicare beneficiaries. Beginning in Winter 2027, this proposed revision to the clearance will result in a net decrease to respondent burden by removing multiple questionnaire items and only adding a limited number of new items most relevant to the current health care landscape. *Form Number:* CMS-P-0015A (OMB control number: 0938-0568); *Frequency:* Occasionally; *Affected Public:* Business or other for-profits and Not-for-profit institutions; *Number of Respondents:* 13,568; *Total Annual Responses:* 35,015; *Total Annual Hours:* 31,917 (For policy questions regarding this collection contact William Long at 410-786-7927.)

2. Type of Information Collection Request: Revision of a currently approved collection; *Title of Information Collection:* Beneficiary and Family Centered Data Collection; *Use:* To ensure the QIOs are effectively meeting their goals, CMS collects information about beneficiary experience receiving support from the QIOs. This is a revision package. We are revising the postal survey mail letter with a new help desk mailbox, and a toll-free number.

The information collection uses both qualitative and quantitative strategies to ensure CMS and the QIOs understand beneficiary experiences through all interactions with the QIO including initial contact, interim interactions, and case closure. Information collection instruments are tailored to reflect the steps in each type of process, as well as the average time it takes to complete each process. The previously approved information collection instruments are included with this submission.

The information collection will:

- Allow beneficiaries to directly provide feedback about the services they receive under the QIO program;
- Provide quality improvement data for QIOs to improve the quality of service delivered to Medicare beneficiaries; and
- Provide evaluation metrics for CMS to use in assessing performance of QIO contractors.

To achieve the above goals, information collection will include the Experience Survey which will be administered via telephone and mail to beneficiaries/representatives after the Quality of Care (Medical Record Review) complaint/Immediate Advocacy/appeal case has been closed. The goal of the Experience Survey is to assess beneficiary overall and specific experiences with the BFCC QIOs. There are no changes to the survey. *Form Number:* CMS-10393 (OMB control number: 0938-1177); *Frequency:* Once; *Affected Public:* Individuals or households; *Number of Respondents:* 9,000; *Number of Responses:* 9,000; *Total Annual Hours:* 2,250. (For policy questions regarding this collection, contact Kaysha Meredith at 410-786-2449.)

Evell J. Barco Holland,

Federal Register Liaison, Centers for Medicare & Medicaid Services.
