10	Deadline for submitting requests for access to Sensitive Unclassified Non Safeguards Information (SUNSI) with information: (i) supporting the standing of a potential party identified by name and address; and (ii) describing the need for the information in order for the potential party to participate meaningfully in an adjudicatory proceeding.
60	Deadline for submitting petition for intervention containing: (i) demonstration of standing; and (ii) all contentions whose formulation does not require access to SUNSI (+25 Answers to petition for intervention; +7 requestor/petitioner reply).
20	U.S. Nuclear Regulatory Commission (NRC) staff informs the requestor of the staff's determination whether the request for access provides a reasonable basis to believe standing can be established and shows need for SUNSI. (NRC staff also informs any party to the proceeding whose interest independent of the proceeding would be harmed by the release of the information.) If NRC staff makes the finding of need for SUNSI and likelihood of standing, NRC staff begins document processing (preparation of redactions or review of redacted documents).

A + 3	Deadline for filing executed Non-Disclosure Agreements or Affidavits. Access provided to SUNSI consistent with decision issuing the Protective Order.
A + 28	Deadline for submission of contentions whose development depends upon access to SUNSI. However, if more than 25 days remain between the petitioner's receipt of (or access to) the information and the deadline for filing all other contentions (as established in the notice of opportunity to request a hearing and petition for leave to intervene), the petitioner may file its SUNSI contentions by that later deadline.

Any materials that cannot be recycled, do not meet specifications, have been volume-reduced, or result as waste from processing the imported materials will be sent back to the original Canadian generator for final disposition. ESSI submitted XW010/05 on May 14, 2026, requesting to amend and renew the existing export license authorizing the export of Canadian-origin radioactive waste from ESSI processing facilities in the State of Tennessee to Canada.

POSTAL REGULATORY COMMISSION

[Docket No. MC2026-318; Order No. 9655]

Update to Product Lists

AGENCY: Postal Regulatory Commission.

ACTION: Notice.

SUMMARY: The Commission is announcing revisions to the Market Dominant and Competitive product lists of the Postal Service.

DATES: *Effective* July 27, 2026.

ADDRESSES: For additional information, this document can be accessed electronically through the Commission's website at <https://www.prc.gov>.

FOR FURTHER INFORMATION CONTACT:

David A. Trissell, General Counsel, at 202-789-6800.

SUPPLEMENTARY INFORMATION:

- I. Introduction
- II. Background
- III. Commission Process
- IV. Authorization
- V. Product Lists
- VI. Ordering Paragraphs

I. Introduction

Pursuant to 39 U.S.C. 3642(d)(2) and 39 CFR part 3040, the Commission provides a Notice of Update to Product Lists by submitting a copy of the revised Market Dominant and Competitive product lists.

II. Background

For many years, the Market Dominant and Competitive product lists were codified at 39 CFR part 3040, Appendix A and B to subpart A. However, as part of Docket No. RM2026-3, the Commission ended its practice of codifying these lists in order to reduce prohibitive publication costs and resource burdens.¹ In addition, the Commission modified the content of the published notice revising these lists to include information that strictly adheres to the requirements of 39 U.S.C. 3642(d)(2). *See generally* Order No.

9467 and Order No. 9514. The instant notice is the Commission's first filing of a Notice of Update to Product Lists that implements changes to the processes described and adopted in Order No. 9514. Finally, the Commission acknowledges that these notices are more appropriately docketed in a Mail Classification (MC) proceeding and thus establishes Docket No. MC2026-318 to maintain these filings. *See* 39 CFR 3010.102(d)(1).

III. Commission Process

Pursuant to 39 CFR part 3040, the Commission maintains a *Mail Classification Schedule* (MCS) that includes rates, fees, and product descriptions for each Market Dominant and Competitive product, as well as product lists that categorize Postal Service products as either Market Dominant or Competitive. *See generally* 39 CFR pt. 3040. The MCS, including all applicable revisions to both the Market Dominant and Competitive product
