SUPPLEMENTARY INFORMATION: The FAA is the lead federal agency, and the National Aeronautics and Space Administration (NASA) and the U.S. Coast Guard (USCG) are cooperating agencies due to their special expertise and/or regulatory jurisdiction. Under the Proposed Action, the FAA is evaluating SpaceX's proposal to modify its existing vehicle operator license to authorize the expenditure of the Starship vehicle in additional downrange contingency landing areas within the Pacific Ocean. Specifically, the license modification would permit contingency landings in a newly designated Northern Pacific Contingency Landing Area as well as authorize the expansion of two previously evaluated contingency landing locations: (1) Hawaii and Central Pacific Ocean Contingency Landing Area and (2) Southeast (SE) Pacific Contingency Landing Area. The Draft Tiered EA also evaluates the potential environmental impacts associated with FAA's approval of related airspace closures.

The Draft TEA has been posted, and comments will be received through the Federal E-Rulemaking Portal: <http://www.regulations.gov>. Search for Docket No. FAA-2026-6968 to retrieve the docket and follow the instructions to submit a comment.

Before including your address, phone number, email address, or other personal identifying information in your comment, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask the

FAA in your comment to withhold from public review your personal identifying information, the FAA cannot guarantee that we will be able to do so. All comments received during the comment period will be given equal weight and be taken into consideration in the preparation of the Final Tiered EA.

National Highway Traffic Safety Administration

[Docket No. NHTSA-2026-1189]

Agency Information Collection Activities; Notice and Request for Comment; Criminal Penalty Safe Harbor Provision; Reopening of Comment Period

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Reopening of comment period.

SUMMARY: The National Highway Traffic Safety Administration (NHTSA) published a document in the **Federal Register** of May 29, 2026, requesting comment on an extension of a currently approved information collection for NHTSA's Criminal Penalty Safe Harbor Provision. Due to an administrative error, the published notice incorrectly provided a 30-day comment period instead of providing the full 60-day period required by the Paperwork Reduction Act (PRA). NHTSA is announcing the reopening of the comment period to ensure the public receives the full 60 days to submit comments. The comment period will close on August 26, 2026.

DATES: The comment period for the PRA notice published on May 29, 2026 is reopened and extended to August 26, 2026.

Michael Kupper-Smith, Office of the Chief Counsel, National Highway Traffic Safety Administration, U.S. Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590; 202-360-5259, michael.kupper-Smith@dot.gov.

SUPPLEMENTARY INFORMATION: On May 29, 2026, in accordance with the Paperwork Reduction Act of 1995 (PRA) NHTSA published a 60-day notice in the **Federal Register** (91 FR 32193) soliciting public comments on a proposed renewal of a currently approved information collection concerning NHTSA's Criminal Penalty Safe Harbor Provision (OMB Control Number 2127-0609). The notice sought public comment regarding the burden estimates and necessity of the information collection. The initial comment period was scheduled to end on June 29, 2026. NHTSA is now reopening the comment period for an additional 30 days.

Explanation for Reopening Comment Period

Under the PRA (44 U.S.C. 3506(c)(2)(A)), federal agencies are required to provide a 60-day public comment period on proposed information collections prior to submitting the request to the Office of Management and Budget (OMB) for review and approval. Due to an administrative error in the May 29, 2026 notice, the deadline for submitting comments was incorrectly specified as June 29, 2026, which provided only a 30-day comment period. Reopening the comment period for an additional 30 days ensures that the public receives the full 60-day comment period required under the PRA and will provide all interested parties with adequate time to review the information collection request and submit their comments.

Comments previously submitted during the original comment period do not need to be resubmitted, as they have already been incorporated into the administrative record and will be fully considered by NHTSA.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; 49 CFR 1.49; and DOT Order 1351.29A.

Peter Simshauser,
Chief Counsel.

Section 3506(c)(2)(A) of title 44 generally requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the OCC is publishing notice of this collection.
