

entering the Radio Service Code for which the applicant is applying, they will select a new radio service code designating Space Launch Services. In addition, operators will submit both initial site and station registration and final launch registration through a new FCC Form 601 schedule, Schedule P.

License Reaggregation. On July 18, 2022, the Commission released a Report and Order and Second Further Notice of Proposed Rulemaking, FCC 22–53, in WT Docket No. 19–38, in which, among other measures, the Commission modified two rules, §§ 1.929 and 1.950, 47 CFR 1.929, 1.950, to permit the reaggregation of geographic-area-based wireless licenses (authorizations to engage in wireless transmission in specified frequencies and over a defined geographic area). Reaggregation is the consolidation into a single license of two or more licenses that were the result of a previous spectrum disaggregation (dividing a license into two or more licenses that cover different frequencies) and/or geographic area partitioning (dividing a license into two or more licenses that cover different geographic areas). The Commission amended § 1.950 to authorize licensees to reaggregate covered geographic licenses, subject to certain eligibility prerequisites, and required that licensees seeking approval for a reaggregation must file an application for a license modification using FCC Form 601. As amended, § 1.950 further provides that applicants for reaggregation must include the following five attachments with the application:

(1) A certification that the licenses meet the prerequisites for reaggregation specified in § 1.950;

(2) An electronic map and table that together identify all licenses and spectrum to be aggregated and identify the composite license requested;

(3) A certification that all licenses in the reaggregation request are active under the same FCC Registration Number at the time of filing;

(4) A per-license list of all special conditions and a statement acknowledging that the listed special conditions will continue to apply only to that portion of the reaggregated license with respect to the spectrum and/or geography at issue, as if the license had not been reaggregated; and

(5) A per-license list of all waivers granted and a statement of understanding that the listed waiver(s) do not automatically convey to any other portion of the reaggregated license. If applicable, the applicant shall include a statement indicating that it is seeking waiver relief through a

separately filed waiver request seeking to expand the scope of previously granted relief.

Use of the 5.850–5.925 GHz Band. In the First Report and Order released on November 20, 2020 (ET Docket No. 19–138, FCC 20–164), the Commission determined that the most efficient use of the 75 megahertz in the 5.9 GHz band is to expand unlicensed operations in the lower 45 megahertz (5.850–5.895 GHz) and to reserve the upper 30 megahertz (5.895–5.925 GHz) for the Intelligent Transportation Service (ITS) using cellular vehicle-to-everything (C–V2X) technology. Dedicated Short Range Communications (DSRC) stations must discontinue operations in the 5895–5925 MHz portion of the band by December 14, 2026. No new DSRC station license applications were accepted after February 11, 2025.

FCC Form 601 Schedule M currently collects technical information for the DSRC Service under Part 90 Subpart M. In line with the Commission's actions in the 5.9 GHz Report and Order, the Commission proposes removing DSRC references and incorporating the new C–V2X service into FCC Form 601, along with corresponding updates to the Universal Licensing System (ULS) database.

We anticipate that these modifications—removing DSRC information and adding C–V2X data requirements—will not increase the burden or cost associated with completing FCC Form 601 and implementing updates to the ULS database.

Educational Broadband Service Reform: In a Report and Order released July 11, 2019, WT Docket No. 18–120, FCC 19–62, the Commission adopted certain measures to reform the regulatory framework governing the 2495–2690 MHz band (2.5 GHz band). This band includes 112.5 megahertz designated for Educational Broadband Service (EBS). Under § 27.1203 of the Commission's rules, EBS licensees were required to use their spectrum specifically to further their educational missions. Among other steps taken in the Report and Order, the Commission eliminated this requirement, removing § 27.1203 from the rules. FCC Form 601 currently includes Question 54, which serves to implement § 27.1203, asking “(For EBS only) Does the Applicant comply with the programming requirements contained in 47 CFR 27.1203?” Consistent with the Commission's action in the 2.5 GHz Report and Order, the Commission seeks to remove Question 54 from FCC Form 601, and to eliminate the

associated reference to this question and § 27.1203 in the Instructions.

The Commission seeks approval for a revision to its currently approved information collection on FCC Form 601 to incorporate the changes discussed above.

BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–0573; FR ID 358215]

Information Collection Being Submitted for Review and Approval to Office of Management and Budget

AGENCY: Federal Communications Commission.

ACTION: Notice; request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Pursuant to the Small Business Paperwork Relief Act of 2002, the FCC seeks specific comment on how it can further reduce the information collection burden for small business concerns with fewer than 25 employees.

DATES: Written comments and recommendations for the proposed information collection should be submitted on or before August 26, 2026.

ADDRESSES: Comments should be sent to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Your comment must be submitted into www.reginfo.gov per the above instructions for it to be considered. In addition to submitting in www.reginfo.gov also send a copy of your comment on the proposed information collection to Cathy Williams, FCC, via email to PRA@fcc.gov and to Cathy.Williams@fcc.gov. Include in the comments the OMB control number as shown in the **SUPPLEMENTARY INFORMATION** below.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection, contact Cathy Williams at (202) 418–2918. To view a copy of this information collection

request (ICR) submitted to OMB: (1) go to the web page <http://www.reginfo.gov/public/do/PRAMain>, (2) look for the section of the web page called "Currently Under Review," (3) click on the downward-pointing arrow in the "Select Agency" box below the "Currently Under Review" heading, (4) select "Federal Communications Commission" from the list of agencies presented in the "Select Agency" box, (5) click the "Submit" button to the right of the "Select Agency" box, (6) when the list of FCC ICRs currently under review appears, look for the Title of this ICR and then click on the ICR Reference Number. A copy of the FCC submission to OMB will be displayed.

SUPPLEMENTARY INFORMATION: The Commission may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

As part of its continuing effort to reduce paperwork burdens, as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the FCC invited the general public and other Federal Agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology. Pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, see 44 U.S.C. 3506(c)(4), the FCC seeks specific comment on how it might "further reduce the information collection burden for small business concerns with fewer than 25 employees."

OMB Control Number: 3060–0573.

Title: Application for Franchise Authority Consent to Assignment or Transfer of Control of Cable Television Franchise, FCC Form 394.

Form Number: FCC Form 394.

Type of Review: Extension of a currently approved collection.

Respondents: Business of other for-profit entities; State, local or Tribal government.

Number of Respondents and Responses: 2,000 respondents; 1,000 responses.

Estimated Time per Response: 1–5 hours.

Frequency of Response: Third Party Disclosure Requirement.

Total Annual Burden: 7,000 hours.

Total Annual Costs: \$750,000.

Needs and Uses: FCC Form 394 is a standardized form that is completed by cable operators in connection with the assignment and transfer of control of cable television systems. On July 23, 1993, the Commission released a Report and Order and Further Notice of Proposed Rulemaking in MM Docket No. 92–264, FCC 93–332, Implementation of Sections 11 and 13 of the Cable Television Consumer Protection and Competition Act of 1992, Horizontal and Vertical Ownership Limits, Cross-Ownership Limitations and Anti-Trafficking Provisions. Among other things, this Report and Order established procedures for use of the FCC Form 394.

Federal Communications Commission.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[30Day–26–0314]

Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled "The National Survey of Family Growth (NSFG)" to the Office of Management and Budget (OMB) for review and approval. CDC previously published a "Proposed Data Collection Submitted for Public Comment and Recommendations" notice on April 21, 2026 to obtain comments from the public and affected agencies. CDC received one comment related to the previous notice. This notice serves to allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

(a) Evaluate whether the proposed collection of information is necessary

for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected;

(d) Minimize the burden of the collection of information on those who are to respond, including, through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and

(e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639–7570. Comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. Direct written comments and/or suggestions regarding the items contained in this notice to the Attention: CDC Desk Officer, Office of Management and Budget, 725 17th Street NW, Washington, DC 20503 or by fax to (202) 395–5806. Provide written comments within 30 days of notice publication.

Proposed Project

The National Survey of Family Growth (NSFG) (OMB Control No. 0920–0314, Exp. 9/30/2026)—Revision—National Center for Health Statistics (NCHS), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

Section 306 of the Public Health Service (PHS) Act (42 U.S.C. 242k), as amended, authorizes that the Secretary of Health and Human Services (DHHS), acting through the National Center of Health Statistics (NCHS), shall collect statistics on "family formation, growth, and dissolution," as well as "determinants of health" and "utilization of health care" in the United States. This clearance request is for continued data collection over the next three years (2026–2029).

The National Survey of Family Growth (NSFG) was conducted six times
