Procedures To Administer Import Adjustment Offset Amounts for Certain Imports of Automobile and Medium- and Heavy-Duty Vehicle Parts for Automobile and Medium- and Heavy-Duty Vehicle Engine Manufacturers

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice.

SUMMARY: On May 15, 2026, the International Trade Administration published a Notice titled ''Amending the Procedures To Administer Import Adjustment Offset Amounts for Certain Imports of Automobile Parts Under Proclamation 10908 to Include Medium- and Heavy-Duty Vehicle Parts'' (May 15 Notice), which established amended procedures for automobile and medium- and heavy-duty vehicle (MHDV) manufacturers to apply for and use the import adjustment offset amounts established by Presidential Proclamation 10925 of April 29, 2025, ''Amendments to Adjusting Imports of Automobiles and Automobile Parts Into the United States'', and Presidential Proclamation 10984 of October 17, 2025, ''Adjusting Imports of Medium- and Heavy-Duty Vehicles, Medium- and Heavy-Duty Vehicle Parts, and Buses Into the United States.'' This notice provides procedures to allow domestic manufacturers of automobile engines and MHDV engines to claim import adjustment offsets for imports of parts in a manner consistent with those Proclamations. The procedures exclude certain engine assembly operations determined to be limited production operations from being considered in the calculation of offsets.

DATES: Applications from domestic manufacturers of automobile engines and MHDV engines can be submitted starting July 29, 2026.

ADDRESSES: Offset applications must be submitted electronically to: *autooffset@trade.gov.*

SUPPLEMENTARY INFORMATION:

I. Background

On March 26, 2025, the President issued Proclamation 10908, finding that imports of automobiles (defined as passenger vehicles (sedans, sport utility vehicles, crossover utility vehicles, minivans, and cargo vans) and light trucks) and certain automobile parts continue to threaten to impair the national security of the United States and imposing specified tariffs to adjust imports of automobiles and certain automobile parts so that such imports will not threaten to impair national security pursuant to section 232 of the Expansion Act of 1962, as amended (19 U.S.C. 1862) (90 FR 14705). Proclamation 10908 imposed a 25 percent tariff on certain imports of automobiles, effective April 3, 2025, and certain imports of automobile parts, effective May 3, 2025. On April 29, 2025, the President issued Proclamation 10925, which allowed for automobile manufacturers assembling automobiles in the United States to apply for an import adjustment offset amount, which would offset certain tariff liability under Proclamation 10908 on imports of automobile parts (90 FR 18899). Proclamation 10925 required the Secretary of Commerce (Commerce) to establish a process by which automobile manufacturers may submit documentation supporting eligibility for an import adjustment offset amount. The International Trade Administration established an import adjustment offset process through a June 13, 2025 Notice, ''Procedures To Administer Import Adjustment Offset Amounts for Certain Imports of Automobile Parts Under Proclamation 10908, as Amended'' (90 FR 25027).

On October 17, 2025, the President issued Proclamation 10984, finding that imports of MHDVs, certain MHDVPs, and buses threaten to impair the national security of the United States and imposing specified tariffs to adjust imports of MHDVs, certain MHDVPs, and buses so that such imports will not threaten to impair national security (90 FR 48451). Given the ''close connections and overlap between part suppliers'' for the automobile industry and the MHDV industry, Proclamation 10984 also amended Proclamation 10925 to conform certain aspects of the tariff system imposed by Proclamations 10908 and 10925 for automobiles and automobile parts to the tariff system imposed by Proclamation 10984. On May 15, 2026, the International Trade Administration amended the import adjustment offset process to allow domestic manufacturers to apply for and receive an import adjustment offset for MHDVs assembled in the United States (91 FR 27914).

Proclamation 10984 also allowed engine manufacturers assembling
