

The CBPO will make a determination and direct the traveler accordingly.

iii. Referral to Secondary Inspection

If a traveler is referred to secondary inspection at any point, CBPOs will follow standard procedures, including collecting an oral and/or written declaration during the referral and inspection. CBPOs will also follow current agency policy on declaration amendment opportunities. See 19 CFR 148.16.

C. Eligibility and Participation Requirements

The Air Declaration Zone Test will continue to take place at air POE, Dallas-Fort Worth, Texas, and may also be expanded to other participating locations, at CBP's discretion. All such expansions will be announced on the CBP website, <https://www.cbp.gov>. All participating locations must assist CBP in the establishment and maintenance of the declaration zones and the display of signage designating and directing travelers to the declaration zones.

D. Authorization for This Test

CBP is authorized to impose requirements different from those specified in CBP regulations for purposes of conducting a test program or procedure designed to evaluate the effectiveness of new technology or operational procedures regarding the processing of passengers, vessels, or merchandise. See 19 CFR 101.9(a). Test programs must be limited in scope, time, and application. Waiver or modification of requirements under existing regulations is permitted so long as the waiver or modification does not affect the collection of the revenue, public health, safety, or law enforcement. *Id.*

This test is authorized under 19 CFR 101.9(a) because it evaluates the effectiveness of a demonstrative initial declaration as an alternative to existing declaration requirements. This test is limited in scope, time, and application because this notice authorizes the alternative procedure for a set time period and will only be applicable to certain air POEs. CBP does not anticipate that this test will affect the collection of the revenue, public health, safety, or law enforcement.

E. Modification of Certain Regulatory Requirements

CBP regulations require each traveler to provide an oral or written declaration of all articles brought into the United States, to a CBPO. See 19 CFR 148.12 and 148.13. The Declaration Zone Test provides travelers at participating air

terminals with a modified method of satisfying the oral or written declaration requirements by allowing a demonstrative initial declaration, as described in Section II.B.

If a traveler enters the *No Items to Declare* queue and is not questioned by CBPOs prior to exiting the egress area of the facility, the requirement to provide an oral or written declaration under 19 CFR 148.12 or 148.13 will be deemed satisfied for the purposes of this test. For all other travelers, the initial demonstrative declaration supplements the requirement to provide an oral and/or written declaration under 19 CFR 148.12 and 148.13.

Regardless of which declaration zone queue a traveler selects, all other requirements of 19 CFR part 148, subpart B, regarding declarations, including those provided by 19 CFR 148.18, regarding failure to declare, and 19 CFR 148.19, regarding false or fraudulent statements, still apply.

F. Evaluation of the Air Declaration Zone Test

CBP will use the results of this extended test to assess the operational feasibility of allowing an initial demonstrative declaration to be an acceptable declaration method. CBP will evaluate this test based on a number of criteria, including:

- Evaluation of airline customer satisfaction surveys gathering feedback on the debarkation process; and
- Comparison of year-over-year enforcement statistics for each test period to ensure no impact to duty collection or to the frequency of enforcement activities.

G. Paperwork Reduction Act

The Paperwork Reduction Act of 1995 (PRA), 44 U.S.C. 3501 *et seq.*, requires that CBP consider the effect of paperwork and other information collection burdens imposed on the public, and under the provisions of 44 U.S.C. 3507(c) and (d), obtain approval from the Office of Management and Budget for each collection of information it conducts, sponsors, or requires through regulations. There is no new collection of information required in this document; thus, the provisions of the PRA are inapplicable to this test.

Diane J. Sabatino,

Executive Assistant Commissioner, Office of Field Operations, U.S. Customs and Border Protection.

BILLING CODE 9111-14-P

DEPARTMENT OF THE INTERIOR

Geological Survey

[Docket No. USGS-FACA-2026; GX26EE000101100]

Public Meeting of the National Geospatial Advisory Committee

AGENCY: U.S. Geological Survey, Department of the Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act (FACA) of 1972, the U.S. Geological Survey (USGS) is publishing this notice to announce that a Federal Advisory Committee meeting of the National Geospatial Advisory Committee (NGAC) will take place and is open to members of the public.

DATES: The following meeting will be held in person and virtually:

- Wednesday, August 12, 2026 from 9:00 a.m. to 3:00 p.m.; and Thursday, August 13, 2026 from 10:30 a.m. to 4:00 p.m. Eastern Daylight Time.

The following meeting will be held virtually:

- Wednesday, December 9, 2026 from 1:00 p.m.–5:00 p.m.; and Thursday, December 10, 2026 from 1:00 p.m. to 5:00 p.m. Eastern Standard Time.

ADDRESSES: The August 2026 meeting will be held in-person and virtually. The August 2026 meeting will be held in the South Penthouse Conference Room of the Stewart Lee Udall Department of the Interior Building, 1849 C Street NW, Washington, DC. The December 2026 meeting will be held virtually. Members of the public may attend the August meeting in person or can participate virtually. Registration instructions for both the online and in-person meetings will be posted at www.fgdc.gov/ngac.

FOR FURTHER INFORMATION CONTACT: Ms. Megan Compton, Federal Geographic Data Committee (FGDC), USGS, by mail at 5957 Lakeside Blvd., Indianapolis, IN 46278; by email at mrcompton@usgs.gov; or by telephone at 703-581-3332.

Individuals in the United States who are deaf, blind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: This meeting is being held under the provisions of the FACA of 1972 (5

U.S.C. Ch. 10), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b, as amended), and 41 CFR part 102–3.

Purpose of the Meeting: The NGAC provides advice and recommendations to the FGDC related to management of federal and national geospatial programs, the development of the National Spatial Data Infrastructure (NSDI), and the implementation of the Geospatial Data Act (GDA) of 2018 and the Office of Management and Budget Circular A–16. The NGAC reviews and comments on geospatial policy and management issues and provides a forum to convey views representative of non-federal stakeholders in the geospatial community. The NGAC is one of the primary ways that the FGDC collaborates with its broad network of partners. Additional information about the NGAC is available at: www.fgdc.gov/ngac.

Agenda Topics

- FGDC Update
- 2026 Subcommittee priorities and timelines
- Implementation of the 2025–2035 NSDI Strategic Plan
- Artificial Intelligence
- USGS 3D Elevation Program (3DEP)
- GDA implementation
- National Spatial Reference System modernization
- Landsat Advisory Group
- Civil Applications Committee
- Public Comment

Meeting Accessibility/Special Accommodations: Please make requests in advance for sign language interpreter services, assistive listening devices, or other reasonable accommodations. We ask that you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice at least seven (7) business days prior to the meeting to give the Department of the Interior sufficient time to process your request. All reasonable accommodation requests are managed on a case-by-case basis. Seating for in-person attendees may be limited due to room capacity. Virtual attendance instructions will be provided to registered attendees prior to the meeting.

Public Disclosure of Comments: There will be an opportunity for public comment during each day of the meeting. Depending on the number of people who wish to speak and the time available, the time for individual comments may be limited. Written comments may also be sent to the NGAC for consideration. To allow for full consideration of information by NGAC members, written comments must be provided to Megan Compton (see **FOR FURTHER INFORMATION CONTACT**) at least

three (3) business days prior to the meeting. Any written comments received will be provided to NGAC members before the meeting.

Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you may ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Authority: 5 U.S.C. Ch. 10.

Darcee Killpack,

Acting Executive Director, Federal Geographic Data Committee.

BILLING CODE 4388–11–P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[A2407–004–06555; #O2504–014–004–125222]

Notice of Intent To Prepare a Resource Management Plan Amendment and Environmental Impact Statement for the Proposed Mosey Solar Project, Clark and Nye Counties, Nevada

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: In compliance with the National Environmental Policy Act (NEPA) of 1969, as amended, and the Federal Land Policy and Management Act (FLPMA) of 1976, as amended, the Bureau of Land Management (BLM) Nevada State Director intends to prepare a Resource Management Plan (RMP) Amendment with an associated Environmental Impact Statement (EIS) for the Mosey Solar Project, located in the Southern Nevada District, Las Vegas and Pahrump Field Offices and by this notice is announcing the beginning of the scoping period to solicit public comments, identify issues, and provide the planning criteria for public review.

DATES: The BLM requests the public submit comments concerning the scope of the analysis, potential alternatives, and identification of relevant information and studies by August 28, 2026. To afford the BLM the opportunity to consider issues raised by commenters in the Draft RMP Amendment and EIS, please ensure your comments are received prior to the close of the 30-day scoping period.

ADDRESSES: You may submit comments on issues and planning criteria related

to the RMP Amendment by any of the following methods:

- **Website:** <https://eplanning.blm.gov/Project-Home/?id=421fb851-8a87-f111-ab0f-001dd802f839>.
- **Email:** BLM_NV_SND_EnergyProjects@blm.gov.
- **Mail:** Southern Nevada District Office; Attn: Mosey Solar Project; 4701 North Torrey Pines Dr., Las Vegas, NV 89130.

Documents pertinent to this proposal may be examined online at <https://eplanning.blm.gov/Project-Home/?id=421fb851-8a87-f111-ab0f-001dd802f839> and at the BLM Southern Nevada District Office.

FOR FURTHER INFORMATION CONTACT:

Jessica Headen, Project Manager, Energy & Infrastructure, at BLM_NV_SND_EnergyProjects@blm.gov, themailing address above, or by phone 702–515–5000. Contact Jessica Headen to have your name added to our mailing list. Individuals in the United States who are deaf, blind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services for contacting Jessica Headen. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: This document provides notice that the BLM intends to prepare an RMP Amendment with an associated EIS for the Mosey Solar Project, announces the beginning of the scoping process, and seeks public input on issues and planning criteria. The BLM is evaluating permitting solar energy facilities—including photovoltaic panels and other solar array infrastructure—within two designated utility corridors, which would require amending the existing Las Vegas RMP to realign two undeveloped utility corridors in order to allow for the placement of photovoltaic panels and other project infrastructure. The planning area is located in Clark and Nye Counties, Nevada within the BLM Southern Nevada District, southeast of the Town of Pahrump and approximately 30 miles west of Las Vegas. The proposed project encompasses approximately 3,565 acres of public lands.

A designated Energy Policy Act of 2005 Section 368 energy corridor, Segment #224–225, North Pahrump/U.S. 95 to Las Vegas/Ivanpah Valley (referred to as the Section 368 energy corridor), along the Clark County/Nye County border intersects the southern portion of the Project site. A BLM
