## DEPARTMENT OF HOMELAND SECURITY

### Federal Emergency Management Agency

[Docket ID: FEMA–2025–0212; OMB No. 1660–0080]

#### Agency Information Collection Activities: Submission for OMB Review, Comment Request; Application for Surplus Federal Real Property Public Benefit Conveyance and BRAC Program for Emergency Management Use

**AGENCY:** Federal Emergency Management Agency, Department of Homeland Security.

**ACTION:** 30-Day notice of extension and request for comments.

**SUMMARY:** The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. FEMA invites the general public to take this opportunity to comment on an extension of a currently approved information collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, this notice seeks comments concerning the application process for the conveyance of Federal real property for public benefit. The purpose of this application is to implement the processes and procedures for the successful, lawful, and expeditious conveyance of real property from the Federal government to public entities such as State, local, city, town, or other like government bodies as it relates to emergency management response purposes, including fire and rescue services. Compliance will ensure that properties will be fully positioned to use at their highest and best potentials as required by General Services Administration (GSA) and Department of Defense (DOD)/Department of War (DOW) regulations, Federal law, Executive Orders, and the Code of Federal Regulations (CFR).

**DATES:** Comments must be submitted on or before August 31, 2026.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under 30-day Review—Open

for Public Comments” or by using the search function.

#### FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address [FEMA-Information-Collections-Management@fema.dhs.gov](mailto:FEMA-Information-Collections-Management@fema.dhs.gov) or Justin Dowdy, Realty Specialist, Federal Emergency Management Agency, 202–735–6328, [justin.dowdy@fema.dhs.gov](mailto:justin.dowdy@fema.dhs.gov).

**SUPPLEMENTARY INFORMATION:** Excess Federal real property is defined as property that is no longer mission critical to the needs of the Federal government. The conveyance and disposal of excess real property is governed by the Federal Property and Administrative Services Act of 1949 (Property Act) as amended, 40 U.S.C. 541, *et seq.*, 40 U.S.C. 553, and applicable regulations (41 CFR parts 102–75.750 through 102–75.815). Under the sponsorship of FEMA, the Property Act gives the GSA Administrator authority to convey Federal real and related surplus property (without monetary consideration) to units of State and local government for emergency management response purposes, including fire rescue services. The scope and philosophy of GSA's real property policies are contained in 41 CFR part 102–71.

This proposed information collection previously published in the **Federal Register** on February 11, 2026, at 91 FR 6235 with a 60-day public comment period. FEMA received two comments. Both comments discussed the Public Benefit Conveyance Program itself and while those comments are beyond the scope of the extension of this information collection, FEMA appreciates the input and engagement and is incorporating that feedback into the Program. One of the comments received also discussed the burden placed on the public, which FEMA appreciates as they recognize the efforts undertaken as part of this continual information collection renewal process where our usability testing led to an overall 9.33% decrease in the annual burden hours for respondents in our previous renewal in 2023. FEMA thanks both commentors for their time and feedback that will be used to continue our process improvements. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.
