

Bethesda, MD 20892 which was published in the **Federal Register** on June 26, 2026, FR Doc. 2026–13175, 91 FR 39627.

Correction of the terminal degree for the contact person has been updated. Contact information for the Executive Secretary of the October 20, 2026, meeting is:

Contact Person: Lucia Hindorff, Ph.D., ACRWH Executive Secretary, Office of Research on Women's Health, National Institutes of Health, 6707 Democracy Boulevard, Room 400, Bethesda, MD 20892, (240) 271–1509, lucia.hindorff@nih.gov.

Information regarding the meeting to include agenda and additional information can be found using the following link: ACRWH web page.

The number of minimum days to present/submit comments has been updated from 10 to 30 days in advance of the meeting:

To submit questions or request reasonable accommodations, please email ACRWH@nih.gov. Any member of the public interested in presenting oral comments to the committee may notify the Contact Person listed on this notice at least 30 days in advance of the meeting. Interested individuals and representatives of organizations may submit a letter of intent, a brief description of the organization represented, and a short description of the oral presentation. Only one representative of an organization may be allowed to present oral comments and if accepted by the committee, presentations may be limited to five minutes. Both printed and electronic copies are requested for the record. In addition, any interested person may file written comments with the committee by forwarding their statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

Dated: July 27, 2026.

Margaret N. Vardanian,

Program Analyst, Office of Federal Advisory Committee Policy.

BILLING CODE 4167–05–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID: FEMA–2025–0212; OMB No. 1660–0080]

Agency Information Collection Activities: Submission for OMB Review, Comment Request; Application for Surplus Federal Real Property Public Benefit Conveyance and BRAC Program for Emergency Management Use

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day notice of extension and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. FEMA invites the general public to take this opportunity to comment on an extension of a currently approved information collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, this notice seeks comments concerning the application process for the conveyance of Federal real property for public benefit. The purpose of this application is to implement the processes and procedures for the successful, lawful, and expeditious conveyance of real property from the Federal government to public entities such as State, local, city, town, or other like government bodies as it relates to emergency management response purposes, including fire and rescue services. Compliance will ensure that properties will be fully positioned to use at their highest and best potentials as required by General Services Administration (GSA) and Department of Defense (DOD)/Department of War (DOW) regulations, Federal law, Executive Orders, and the Code of Federal Regulations (CFR).

DATES: Comments must be submitted on or before August 31, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open

for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address FEMA-Information-Collections-Management@fema.dhs.gov or Justin Dowdy, Realty Specialist, Federal Emergency Management Agency, 202–735–6328, justin.dowdy@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: Excess Federal real property is defined as property that is no longer mission critical to the needs of the Federal government. The conveyance and disposal of excess real property is governed by the Federal Property and Administrative Services Act of 1949 (Property Act) as amended, 40 U.S.C. 541, *et seq.*, 40 U.S.C. 553, and applicable regulations (41 CFR parts 102–75.750 through 102–75.815). Under the sponsorship of FEMA, the Property Act gives the GSA Administrator authority to convey Federal real and related surplus property (without monetary consideration) to units of State and local government for emergency management response purposes, including fire rescue services. The scope and philosophy of GSA's real property policies are contained in 41 CFR part 102–71.

This proposed information collection previously published in the **Federal Register** on February 11, 2026, at 91 FR 6235 with a 60-day public comment period. FEMA received two comments. Both comments discussed the Public Benefit Conveyance Program itself and while those comments are beyond the scope of the extension of this information collection, FEMA appreciates the input and engagement and is incorporating that feedback into the Program. One of the comments received also discussed the burden placed on the public, which FEMA appreciates as they recognize the efforts undertaken as part of this continual information collection renewal process where our usability testing led to an overall 9.33% decrease in the annual burden hours for respondents in our previous renewal in 2023. FEMA thanks both commentors for their time and feedback that will be used to continue our process improvements. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Collection of Information

Title: Application for Surplus Federal Real Property Public Benefit Conveyance and BRAC Program for Emergency Management Use.

Type of Information Collection: Extension of a currently approved information collection.

OMB Number: 1660–0080.

FEMA Forms: FEMA Form FF–119–FY–22–133, Application for Surplus Federal Real Property Public Benefit Conveyance.

Abstract: Use of the Application for Surplus Federal Real Property Public Benefit Conveyance and Base Realignment and Closure (BRAC) Program for Emergency Management Use is necessary to implement the processes and procedures for the successful, lawful, and expeditious conveyance of real property from the Federal government to public entities such as State, local, county, city, town, or other like government bodies, as it relates to emergency management response purposes, including fire and rescue services. Utilization of this application will ensure that properties will be fully positioned for use at their highest and best potentials as required by GSA and DOD/DOW regulations, public law, Executive Orders, and the CFR.

Affected Public: State, Local or Tribal Government.

Estimated Number of Respondents: 15.

Estimated Number of Responses: 15.

Estimated Total Annual Burden Hours: 68.

Estimated Total Annual Respondent Cost: \$4,436.

Estimated Respondents' Operation and Maintenance Costs: \$0.

Estimated Respondents' Capital and Start-Up Costs: \$0.

Estimated Total Annual Cost to the Federal Government: \$4,003.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the Agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through

the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Russell R. Bard,

Information Management Senior Director, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

BILLING CODE 9111–19–P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–7106–N–34]

Privacy Act of 1974; System of Records

AGENCY: Office of Chief Information Security Officer, HUD.

ACTION: Notice of a new system of record.

SUMMARY: Pursuant to the provisions of the Privacy Act of 1974, as amended, the Department of Housing and Urban Development (HUD), Office of Chief Information Security Officer (OCISO) is issuing public notice of its intent to create a new system of record titled Enterprise Identity and Credential Access Management (EICAM). The purpose of EICAM is to standardize user access controls, which provides support for users through self-service functions, and ensure only approved users may access HUD systems and data across the HUD enterprise. EICAM more efficiently reinforces the rules and controls governing the collection, maintenance, use, and sharing of information.

DATES: Comments will be accepted on or before August 31, 2026. This proposed action will be effective on the date following the end of the comment period unless comments are received which result in a contrary determination.

ADDRESSES: You may submit comments, identified by the docket number or by one of the following methods:

Federal e-Rulemaking Portal: <http://www.regulations.gov>. Follow the instructions provided on that site to submit comments electronically.

Fax: 202–619–8365.

Email: privacy@hud.gov.

Mail: Attention: Privacy Office; Kimberly Morton, Acting Chief Privacy Officer; Office of the Executive Secretariat; 451 7th Street SW, Room 10139; Washington, DC 20410–0001.

Instructions: All submissions received must include the agency name and docket number for this rulemaking. All comments received will be posted without change to <http://www.regulations.gov> including any personal information provided.

Docket: For access to the docket to read background documents or comments received go to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Kimberly Morton, Acting Chief Privacy Officer; 451 7th Street SW, Room 10139; Washington, DC 20410–0001; telephone number (804) 822–4801 (this is not a toll-free number). HUD welcomes and is prepared to receive calls from individuals who are deaf or hard of hearing, as well as individuals with speech or communication disabilities. To learn more about how to make an accessible telephone call, please visit <https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>.

SUPPLEMENTARY INFORMATION: HUD is establishing the Enterprise Identity Credential Access Management (EICAM) records as a HUD-wide Privacy Act system of records. EICAM is a Framework developed by the Chief Information Officer/Chief Information Security Officer Program Office. The EICAM Framework is the centralized department-wide infrastructure designed to manage the full lifecycle of digital identities, credentials, and access permissions. Its foundational role within HUD is to enforce a Zero Trust Architecture (ZTA) in alignment with Executive Order 14028 and OMB M–22–09, while meeting the federal identity consolidation frameworks established under OMB M–19–17. EICAM ensures that the right individual has the right level of access to the right HUD resources, at the right time, and for the right reason. In accordance with HUD's WEB Access Security Subsystem (WASS) modernization directives, EICAM unifies fragmented legacy identities.

A key component of the EICAM framework is the Web Access Security Subsystem (WASS). Currently, WASS facilitates secure access to HUD systems by managing authentication for both internal and external users through a combination of identity verification services, including multi-factor authentication.

EICAM manages user identities and access across the enterprise using Okta as the primary directory for HUD-defined PII, including usernames, contact details, and dates of birth. By utilizing unique identifiers, EICAM eliminates the need to store Social
