Abstract: The Annual Client Assistance Program Performance Report (RSA–227) is used to analyze and evaluate the CAP Program administered by eligible grantees throughout the States. The Rehabilitation Act of 1973 (Rehabilitation Act), as amended by Title IV of the Workforce Innovation and Opportunity Act (WIOA), requires each State to have a CAP in effect to receive payments under the Rehabilitation Act. Section 112 of the Rehabilitation Act authorizes CAP grantees to provide information to individuals with disabilities regarding the services and benefits available under the Rehabilitation Act and the rights afforded them under Title I of the Americans with Disabilities Act. In addition, CAP grantees are authorized to provide advocacy and legal representation to individuals seeking or receiving services under the Rehabilitation Act to resolve disputes with programs providing such services, including vocational rehabilitation services. RSA uses the form to meet specific data collection requirements of Section 112 of the Rehabilitation Act and its implementing Federal regulations at 35 CFR part 370. CAP grantees must report annually using the RSA–227, which is due on or before January 29 of each year.

The collection of information through Form RSA–227 has enabled RSA to furnish the President and Congress with data on the provision of client assistance. Data is used to indicate trends in provision of services from year-to-year, as well as evaluate the effectiveness of eligible grantees in meeting annual priorities.

The respondents to the RSA–227 are the client assistance programs in each state/territory. RSA received recommendations on the initial development of the RSA–227, including frequency of reporting from CAP grantees to ensure that the information requested could be provided with minimal burden to the respondents.
