Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any

responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. [Project No. 5912–004]

Town of Dover-Foxcroft; Notice of Intent To Prepare an Environmental Assessment

On May 1, 2026, the Town of Dover-Foxcroft (exemptee) filed an application for surrender of exemption from licensing for the Moosehead Hydroelectric Project No. 5912. The project is located on the Piscataquis River in the Town of Dover-Foxcroft in

Piscataquis County, Maine and does not occupy federal lands.

The exemptee proposes to surrender its exemption from licensing. The project has been inoperable since 2007. The Town determined that repair and redevelopment of the hydroelectric project would be cost prohibitive and uneconomical. The Town proposes to decommission the project by entirely removing the dam and powerhouse and restoring the riverbed.

A Notice of Application for Surrender of Exemption Accepted for Filing and Soliciting Comments, Motions to Intervene, and Protests was issued on June 5, 2026. The National Marine
