Needs and Uses: DFARS 204.404–70(a) prescribes use of the clause at DFARS 252.204–7000, Disclosure of Information, in contracts that require the contractor to access or generate unclassified information that may be sensitive and inappropriate for release to the public. The clause requires the contractor to obtain approval from the contracting officer before release of any unclassified contract-related information outside the contractor's organization, unless the information is already in the public domain. In requesting this approval, the contractor must identify the specific information to be released, the medium to be used, and the purpose for the release. Upon receipt of a contractor's request, the Government reviews the information provided by the contractor to determine if it is sensitive or otherwise inappropriate for release for the stated purpose.

Needs and Uses:

DFARS 252.232–7007, *Limitation of Government's Obligation*. The data submitted by contractors enables contracting officers to calculate improved financing opportunities that will provide benefit to both industry (prime contractor and subcontractor level) and the taxpayer. DFARS 252.232–7007 is prescribed for use in solicitations and resulting incrementally-funded fixed-price contracts. Paragraph (c) of the clause requires a written notification from the contractor that: (1) states the estimated date when the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable items; (2) states an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next

scheduled date for allotment of funds, or to a mutually agreed upon substitute date; and (3) advises the contracting officer of the estimated amount of additional funds that will be required for the timely performance of the items funded pursuant to the clause, for a subsequent period as may be specified in the allotment schedule or otherwise agreed to by the parties to the contract.

DFARS 252.232–7012, *Performance Based Payments—Whole Contract Basis*. Contracting officers use the information provided by contractors to create a cash-flow model for use in evaluating alternative financing arrangements. The analysis tool calculates improved financing opportunities that will provide benefit to both industry (prime contractor and subcontractor level) and the taxpayer.

DFARS 252.232–7012 requires contractors to report the negotiated value of all previously completed performance-based payments; negotiated value of current performance-based payment(s) event(s); cumulative negotiated value of performance-based payment(s) events completed to date; total costs incurred to date; cumulative amount of payments previously requested; and the payment amount requested for the current performance-based payment.

DFARS 252.232–7013, *Performance Based Payments—Deliverable-Item Basis*. DFARS 252.232–7013 requires contractors to report the negotiated value of current performance-based payment(s) event(s); cumulative negotiated value of performance-based payment(s) events completed to date; total costs incurred to date; cumulative amount of payments previously requested; and the payment amount requested for the current performance-based payment.

Due to the use of current data, the burden calculation for OMB Control Number 0704–0359 has been reduced.

DoD Clearance Officer: Mr. Reginald T. Lucas. Requests for copies of the information collection proposal should be sent to Mr. Lucas at whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.
