BILLING CODE P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS-10704]

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any

other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by August 31, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, please access the CMS PRA website by copying and pasting the following web address into your web browser: <https://www.cms.gov/Regulations-and-Guidance/Legislation/PaperworkReductionActof1995/PRA-Listing>

FOR FURTHER INFORMATION CONTACT: William Parham at (410) 786-4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment.

Information Collection

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of*

Information Collection: Health Reimbursement Arrangements and Other Account-Based Group Health Plans; *Use:* On June 20, 2019, the Department of the Treasury, the Department of Labor, and the Department of Health and Human Services (HHS) (collectively, the Departments) issued final regulations, titled "Health Reimbursement Arrangements and Other Account-Based Group Health Plans" (84 FR 28888) (2019 final regulations) under section 2711 of the PHS Act and the health nondiscrimination provisions of HIPAA, Public Law 104-191 (HIPAA nondiscrimination provisions). The 2019 final regulations expanded the use of health reimbursement arrangements and other account-based group health plans (collectively referred to as HRAs) and recognized certain HRAs as limited excepted benefits (the excepted benefit HRA), for plan years beginning on or after January 1, 2020. In general, the 2019 final regulations expanded the use of HRAs by eliminating the prohibition on integrating HRAs with individual health insurance coverage, thereby permitting employers to offer individual coverage HRAs to employees that can be integrated with individual health insurance coverage or Medicare Parts A and B, or Part C. Under the 2019 final regulations, employees are permitted to use amounts in an individual coverage HRA to pay expenses for medical care (including premiums for individual health insurance coverage and Medicare), subject to certain requirements.

The information collections associated with the 2019 final regulations are related to the substantiation requirements for individual coverage HRAs (45 CFR 146.123(c)(5)), the notice requirement for individual coverage HRAs (45 CFR 146.123(c)(6)), and notification of termination of coverage (45 CFR 146.123(c)(1)(iii)). Under final regulations issued by HHS on May 14, 2020, titled "Patient Protection and Affordable Care Act; HHS Notice of Benefit and Payment Parameters for 2021; Notice Requirement for Non-federal Governmental Plans" (85 FR 29164), under 45 CFR 146.145(b)(3)(viii)(E), excepted benefit HRAs offered by non-Federal governmental plan sponsors are required to provide a notice that describes conditions pertaining to eligibility to receive benefits, annual or lifetime caps or other limits on benefits under the excepted benefit HRA, and a description or summary of the benefits. This notice must be provided no later

than 90 days after the employee becomes a participant in the excepted benefit HRA and annually thereafter. *Form Number:* CMS-10704 (OMB Control Number 0938-1361); *Frequency:* Annually; *Affected Public:* State, Local or Tribal governments; *Number of Respondents:* 6,354; *Total Annual Responses:* 1,347,048; *Total Annual Hours:* 3,136. (For policy questions regarding this collection contact Adam Pellillo at (667) 290-9621.)

Proposed Collection; 60-Day Comment Request, Data Use Certification for the NIH Brain Development Cohorts (NBDC) Data Hub, (National Institute on Drug Abuse)

AGENCY: National Institutes of Health, HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement of the Paperwork Reduction Act of 1995 to provide opportunity for public comment on proposed data collection projects, the National Institute on Drug Abuse (NIDA) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget

(OMB) for review and approval. The purpose of this revision is to update instructions for the Research Data Use Statement and the Progress Report, and to add new instructions for attesting to National Institute of Standards & Technology (NIST) security compliance, and for a Project Close-out at the time of project completion. Burden levels remain unchanged.

DATES: Comments regarding this information collection are best assured of having their full effect if received by August 31, 2026.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project, contact: Dr. Elizabeth A. Hoffman, Associate Director, Division of Extramural Research, National Institute on Drug Abuse, 3WFN Room 09C75 MSC 6021, Gaithersburg, MD 20877, or call non-toll-free number (301) 594-2265 or email your request, including your address to: elizabeth.hoffman@nih.gov. Formal requests for additional plans and instruments must be requested in writing.

SUPPLEMENTARY INFORMATION: Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 requires: written comments and/or suggestions from the public and affected agencies are invited to address one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Proposed Collection Title: Data Use Certification for the NIH Brain Development Cohorts (NBDC) Data Hub, (NIDA) 0925-0780, exp., date 10/31/2028 REVISION, National Institute on Drug Abuse (NIDA), National Institutes of Health (NIH).

Need and Use of Information

Collection: The purpose of this proposal is to inform data requestors about data use statements, project reports, NIST attestation, and project close-outs
