

Memorandum can be directly accessed at <https://access.trade.gov/frnotices>.

Final Results of Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the antidumping duty order on boltless steel shelving from China would be likely to lead to continuation or recurrence of dumping, and that the margins of dumping likely to prevail would be weighted-average margins of up to 112.68 percent.

Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a). Timely notification of the destruction of APO materials or conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notifications to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act, and 19 CFR 351.221(c)(5)(ii).

Dated: July 28, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Appendix

List of Topics Discussed in the Issues and Decision Memorandum

- I. Summary
- II. Background
- III. Scope of the Order
- IV. History of the Order
- V. Legal Framework
- VI. Discussion of the Issues
 - Comment 1: Likelihood of Continuation or Recurrence of Dumping
 - Comment 2: Magnitude of the Margins Likely to Prevail
- VII. Final Results of Sunset Review
- VIII. Recommendation

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; North Pacific Fishery Management Council Cooperative Annual Reports

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on 1/20/2026, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: North Pacific Fishery Management Council Cooperative Annual Reports.

OMB Control Number: 0648-0678.

Form Number(s): None.

Type of Request: Regular submission: revision and extension of a current information collection.

Number of Respondents: 25.

Average Hours per Response: Alaska Crab Rationalization Program Cooperative Annual Report, 30 hours for ICE and 5 hours for the other Cooperatives; Annual Rockfish Cooperative Report, 2 hours for the catch/processor report and 25 hours for the catcher vessel report; Annual Amendment 80 Cooperative Report, 10 hours; Amendment 80 Bycatch Avoidance Report to the Council, 2 hours; American Fisheries Act Annual Catcher Vessel Inter-cooperative Report, 40 hours; American Fisheries Act Cooperative Annual Report, 16 hours; Pacific Cod Trawl Cooperative Annual Report, 18 hrs.

Total Annual Burden Hours: 623.

Needs and Uses: This is a request for revision and extension of an approved information collection. The National Marine Fisheries Service (NMFS), Alaska Regional Office (AKR), is the sponsor of this information collection. The Amendment 80 Halibut Prohibited

Species Catch (PSC) Management Plan is being removed from this collection as it is no longer provided to the Council. The Council receives only one report annually. All voluntary information has been consolidated into the Amendment 80 Bycatch Report to the Council.

The North Pacific Fishery Management Council (Council) has developed cooperative programs as options in several fishery catch share programs. As part of cooperative programs, the Council and the National Marine Fisheries Service (NMFS) have required or requested that the cooperatives submit annual reports detailing various fishery activities. These reports are intended to be a resource for the Council to track the effectiveness of cooperatives and their ability to meet the Council's goals, and as way for NMFS to monitor the internal fishery management practices of cooperatives. Additionally, they are a tool for the cooperatives to provide feedback on the programs. This collection covers the following required and voluntary cooperative and inter-cooperative reports, agreements, and plans:

- The Alaska Crab Rationalization Program Cooperative Annual Report is voluntary and provides information about measures taken by cooperatives to increase the availability of crab quota share (QS) for transfer to active participants and crew members in the fishery, as well as actions to decrease high QS lease rates and improve low crew compensation.

- The Rockfish Program Cooperative Annual Report is a voluntary summary of cooperative harvests, retention, discards, monitoring methods, and disciplinary actions made within each Rockfish Program cooperative. Additionally, it contains voluntary reporting requirements including monthly chinook bycatch by origin, and intertemporal harvest information.

- The Amendment 80 Cooperative Annual Report is a required summary of cooperative harvests, discards, monitoring methods, disciplinary actions taken against non-compliant members, groundfish retention calculations, and a third-party audit. Voluntary elements of the report include catch from the Northern Bristol Bay Trawl Area, fleet catch capacity over time, and intertemporal harvest information. An additional voluntary element was added to this report in 2019 requesting information on cooperatives or other measures implemented to reduced bycatch in the Bering Sea and Aleutian Islands (BSAI) yellowfin sole Trawl Limited Access Sector fishery by A80 participants.

- The Amendment 80 Bycatch Avoidance Report to the Council is a voluntary collection providing information to the Council about fishery cooperative halibut avoidance practices, communication between participating harvesters, use of halibut excluders, deck sorting, bycatch performance assessment of individual boats, incentives to reduce bycatch, and consequences for substandard performance.

- The American Fisheries Act (AFA) Catcher Vessel Inter-cooperative Agreement is voluntary and includes fishery allocations of cooperative members, penalties to members that exceed them, monitoring methods, limits on the amount of cod harvested by certain vessels, procedures for inter-cooperative sideboard transfers, and incentives for prohibited species catch reduction.

- The American Fisheries Act Cooperative Annual Report is required and must report the cooperative's pollock and sideboard allocations, sub-allocations made to individual vessels, retained and discarded catch, monitoring methods, actions taken against non-compliant members, any pollock landed outside the State of Alaska, and chinook bycatch including a list of vessels with the highest bycatch rates. An additional voluntary element was added to this report in 2019 requesting information on cooperatives or other measures implemented to reduce bycatch in the BSAI yellowfin sole Trawl Limited Access Sector fishery by AFA participants.

- The Pacific Cod Trawl Cooperative (PCTC) Annual Report is voluntary and provides information on the structure, function and operation of the cooperatives, including information on cooperative quota (CQ) leasing activities, and any penalties issued, harvest of CQ resulting from processor-held quota share (QS), cooperative membership, cooperative management, and performance (including implementation of the Aleutian Islands set-aside when in effect).

Affected Public: Businesses or other for-profit organizations.

Frequency: Annually.

Respondent's Obligation: Voluntary; Mandatory.

Legal Authority: Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*).

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed

information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0678.

Sheleen Dumas,

Departmental PRA Compliance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Evaluation of Elkhorn Slough National Estuarine Research Reserve; Notice of Public Meeting; Request for Comments

AGENCY: Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration, Department of Commerce.

ACTION: Notice of public meeting; opportunity to comment.

SUMMARY: The National Oceanic and Atmospheric Administration's (NOAA) Office for Coastal Management will hold a hybrid-format public meeting to solicit input on the performance evaluation of the Elkhorn Slough National Estuarine Research Reserve (ESNERR). NOAA also invites the public to submit written comments.

DATES: NOAA will hold a hybrid-format public meeting from 6 p.m. to 7 p.m. Pacific Daylight Time (PDT) on Tuesday, September 15, 2026, at Monterey County Library, Castroville Branch, 11160 Speegle Street, Castroville, California 95012. NOAA may close the meeting 10 minutes after the conclusion of public testimony and after responding to any clarifying questions from meeting participants. NOAA will consider all relevant written comments received by Friday, September 25, 2026.

ADDRESSES: Comments may be submitted by one of the following methods:

- *Hybrid-Format Public Meeting:* Provide oral comments in-person or virtually during the hybrid-format public meeting on Tuesday, September 15, 2026, at Monterey County Library, Castroville Branch, 11160 Speegle Street, Castroville, California 95012 by

registering as a speaker at <https://forms.gle/dbXzQD4xBUbgd1649>. Please register by Monday, September 14, 2026, at 6 p.m. PDT. Registration is requested but not mandatory, and you may change your mode of participation after registering. Virtual meeting registrants may remain anonymous by typing "Anonymous" in the "First Name" and "Last Name" fields on the registration form. The speaker lineup is based on the date and time of registration. If time allows, non-registered participants will be able to provide comments after registered speakers. At least one hour prior to the start of the September 15, 2026 hybrid-format meeting, NOAA will send an email to all registrants with instructions for attending the public meeting virtually and a reminder of the physical location: Monterey County Library, Castroville Branch, 11160 Speegle Street, Castroville, California 95012. The virtual meeting link will be posted in the registration form at least an hour prior to the public meeting. NOAA may close the meeting 10 minutes after the conclusion of public testimony and after responding to any clarifying questions from meeting participants.

- *Email:* Send written comments to Pam Kylstra, NOAA Office for Coastal Management, at czma.evaluations@noaa.gov by Friday, September 25, 2026. Include "Elkhorn Slough National Estuarine Research Reserve—Performance Evaluation Comments" in the subject line of the message. NOAA will accept anonymous comments; however, all comments NOAA receives are considered part of the public record, and the entirety of the comment, including the name of the commenter, email address, attachments, and other supporting materials, will be publicly accessible. Do not submit confidential business information or otherwise sensitive or personally identifiable information, such as account numbers and Social Security numbers. Comments that are not related to the performance evaluation of ESNERR or that contain profanity, vulgarity, threats, or other inappropriate language will not be considered.

FOR FURTHER INFORMATION CONTACT: Pam Kylstra, NOAA Office for Coastal Management, by email at Pam.Kylstra@noaa.gov. Copies of the previous evaluation findings may be viewed and downloaded at <https://coast.noaa.gov/czm/evaluations/>. A copy of the evaluation notification letter, reserve management plan, reserve site profile, and most recent progress report may be obtained upon request by contacting Pam Kylstra.
