Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the U.S. Election

DATES: Comments must be received by 5 p.m. Eastern on Monday, October 5, 2026.

ADDRESSES: Comments on the proposed form should be submitted electronically via *https://www.regulations.gov* (docket ID: EAC–2026–0232).

SUPPLEMENTARY INFORMATION:

Title and OMB Number

EAC Progress Report (EAC–PR); OMB Control Number: 3265–0026

Purpose

The EAC Office of Grants Management (EAC/OGM) is responsible for distributing, monitoring, and providing technical assistance to states and grantees on the use of federal funds. EAC/OGM also reports on how the funds are spent, negotiates indirect cost rates with grantees, and resolves audit findings on the use of HAVA funds.

The EAC–PR is employed for both interim and final progress reports for grants issued under HAVA authority. This format contains no changes to the report or instructions since the approved standard request in November 2023. The PR directly benefits award recipients by making it easier for them to administer federal grant and cooperative agreement programs through standardization of the types of information required in progress reporting- thereby reducing their administrative effort and costs.

The requirement for grantees to report on performance is the OMB grants policy. Specific citations are contained in Code of Federal Regulations TITLE 2, PART 200—UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS

Public Comments

After obtaining and considering public comment, the EAC will prepare the format for final clearance. Comments are invited on (a) ways to enhance the quality, utility, and clarity of the information collected from respondents, including through the use of automated collection techniques or other forms of information technology; and (b) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Respondents: All EAC grantees and state governments.

ANNUAL BURDEN ESTIMATES

EAC grant	Instrument	Total number of respondents	Total number of responses per year	Average burden hours per response	Annual burden hours

101	EAC–PR	12	2	1	24
Election Security	EAC–PR	56	2	1	112

The estimated annualized cost of this burden is $5,028.48, calculated by multiplying the annualized burden (194 hours) by an hourly rate of $25.92 (GS–8/Step 5 hourly basic rate).
