

decision regarding the proposed project. If Commission staff prepares an EIS, a *Notice of Intent to Prepare an EIS/ Notice of Schedule* will be issued, which will open up an additional comment period. Staff will then prepare a draft EIS which will be issued for public comment. Commission staff will consider all timely comments received during the comment period on the draft EIS and revise the document, as necessary, before issuing a final EIS. Any EA or draft and final EIS will be available in electronic format in the public record through eLibrary³ and the Commission's natural gas environmental documents web page (<https://www.ferc.gov/industries-data/natural-gas/environment/environmental-documents>). If eSubscribed, you will receive instant email notification when the environmental document is issued.

With this notice, the Commission is asking agencies with jurisdiction by law and/or special expertise with respect to the environmental issues of this project to formally cooperate in the preparation of the environmental document.⁴ Agencies that would like to request cooperating agency status should follow the instructions for filing comments provided under the *Public Participation* section of this notice.

Consultation Under Section 106 of the National Historic Preservation Act

In accordance with the Advisory Council on Historic Preservation's implementing regulations for section 106 of the National Historic Preservation Act, the Commission is using this notice to initiate consultation with the applicable State Historic Preservation Office(s), and to solicit their views and those of other government agencies, interested Indian tribes, and the public on the project's potential effects on historic properties.⁵ The environmental document for this project will document findings on the impacts on historic properties and summarize the status of consultations under section 106.

Environmental Mailing List

The environmental mailing list includes federal, state, and local

government representatives and agencies; elected officials; Native American Tribes; environmental and public interest groups; other interested parties; and local libraries and media outlets. This list also includes all affected landowners (as defined in the Commission's regulations) who are potential right-of-way grantors, whose property may be used temporarily for project purposes, or who own homes within certain distances of aboveground facilities, and anyone who submits comments on the project and includes a mailing address with their comments. Commission staff will update the environmental mailing list as the analysis proceeds to ensure that Commission notices related to this environmental review are sent to all individuals, organizations, and government entities interested in and/or potentially affected by the proposed project.

If you need to make changes to your name/address, or if you would like to remove your name from the mailing list, please complete one of the following steps:

(1) Send an email to GasProjectAddressChange@ferc.gov stating your request. You must include the docket number CP26–548 in your request. If you are requesting a change to your address, please be sure to include your name and the correct address. If you are requesting to delete your address from the mailing list, please include your name and address as it appeared on this notice. This email address is unable to accept comments.

OR

(2) Return the attached "Mailing List Update Form" (appendix 1).

Electronic Tariff Filings; Notice of Changes to E-Tariff Validation Error Codes

Take notice that effective August 3, 2026, the following additions will be made to the eTariff Validation Error Codes.

Error code	Description
191	The Lead Applicant's CID is different from the Lead Applicant's CID in the original filing in this docket (–000).
193	Lead Applicant is not registered in Company Registration to make eTariff filings.

Validation Error Code 191 checks to make sure the Lead Applicant CID (lead_applicant_id) on a sub-docket filing (–001 and above) matches the Lead Applicant CID on the initial filing (–000). The Commission assigns the same applicant(s) to all subsequent sub-

docket filings as it did for the initial filing. Filers, therefore, should use the same Lead Applicant CID for all subsequent filings in the same docket. This error code initially will be deployed as a warning.

Validation Error Code 193 will result in rejection of the filing if the Lead Applicant CID is not registered to make eTariff filing in Company Registration. Although some entities, such as Holding Companies, Service Companies and Corporations register in Company Registration to make certain form filings file on behalf of their affiliates, they cannot be lead applicants on eTariff filings because they do not have the right under the statutes administered by the Commission to make a tariff filing.

[Project No. 5089–027]

Fall River Electric Cooperative, Inc.; Notice of Revised Schedule for Environmental Assessment

On August 31, 2021, Fall River Electric Cooperative, Inc. (Fall River) filed an application for a new major license for the existing 7.45-megawatt Felt Hydroelectric Project (Felt Project; FERC No. 5089). The Felt Project is located on the Teton River in Teton County, Idaho. The project occupies federal lands administered by the U.S. Bureau of Land Management.

In accordance with the Commission's regulations, on October 1, 2025, Commission staff issued a notice that the project was ready for environmental analysis (REA Notice). Based on the information in the record, including comments filed on the REA Notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. On December 15, 2025, the Commission issued a notice of intent to prepare an Environmental Assessment (EA) with a schedule indicating that staff anticipated issuing the EA on August 31, 2026. However, upon further review,

staff intends to issue the EA by October 30, 2026.¹

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502–6595 or OPP@ferc.gov.

By this notice, Commission staff is updating the procedural schedule for completing the EA. The revised schedule is shown below. The EA will be issued for a 30-day comment period. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA	October 30, 2026.
