SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–106008; File No. SR–ICC–2026–003]

Self-Regulatory Organizations; ICE Clear Credit LLC; Order Approving Proposed Rule Change Relating to the Clearance of Additional Credit Default Swap Contracts

July 29, 2026.

I. Introduction

On May 12, 2026, ICE Clear Credit LLC (“ICC”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(2) of the Securities Exchange Act of 1934 (the “Act”)¹ and Rule 19b–4 thereunder,² a proposed rule change to clear additional credit default swap (“CDS”) contracts. The proposed rule change was published for comment in the **Federal Register** on May 21, 2026.³ The Commission received comments regarding the proposed rule change.⁴ For the reasons discussed below, the Commission is approving the proposed rule change.

II. Description of the Proposed Rule Change

ICC is registered with the Commission as a clearing agency for the purpose of clearing CDS contracts. Chapter 26 of ICC’s CDS Clearing Rules covers the CDS contracts that ICC clears, with each subchapter of Chapter 26 defining the characteristics and additional rules applicable to the various specific categories of CDS contracts that ICC clears. Among other CDS contracts, ICC currently clears Standard Emerging Market Sovereign Single Name CDS (“SES”) contracts and Asia/Pacific Sovereign Single Name CDS (“SAS”).

The purpose of the proposed rule change is to amend ICC’s CDS Clearing Rules to permit ICC to clear additional SES contracts and an additional SAS contracts, specifically, SES contracts on the Republic of Ecuador, the Republic of Guatemala, the Republic of El Salvador, the Republic of Uruguay, the Republic of Costa Rica, the Republic of Kenya, and the Republic of Angola and an SAS contract on the Islamic Republic of Pakistan.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

³ Securities Exchange Act Release No. 34–105533 (May 21, 2026), 91 FR 31481 (May 27, 2026) (File No. ICC–2026–003) (“Notice of Filing”). Capitalized terms not otherwise defined herein have the meanings ascribed to them in ICC’s CDS Clearing Rules, as applicable.

⁴ Comments on the proposed rule change are available at <https://www.sec.gov/rules-regulations/public-comments/sr-icc-2026-003>.

To carry out this change, the proposed rule change would amend Subchapter 26D and Subchapter 26E of Chapter 26. In Rule 26D–102 (Definitions), “Eligible SES Reference Entities,” the proposed rule change would add the Republic of Ecuador, the Republic of Guatemala, the Republic of El Salvador, the Republic of Uruguay, the Republic of Costa Rica, the Republic of Kenya, and the Republic of Angola to the list of specific Eligible SES Reference Entities to be cleared by ICC. In Rule 26E–102 (Definitions), “Eligible SAS Reference Entities,” the proposed rule change would add the Islamic Republic of Pakistan.

As discussed below, these additional SES and SAS contracts have terms consistent with the other contracts that ICC already clears. Likewise, to clear these additional contracts, ICC will rely on its existing risk management framework and other policies and procedures without making any changes.

III. Discussion and Commission Findings

Section 19(b)(2)(C) of the Act requires the Commission to approve a proposed rule change of a self-regulatory organization if it finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to the organization.⁵ Under the Commission’s Rules of Practice, the “burden to demonstrate that a proposed rule change is consistent with the Exchange Act and the rules and regulations issued thereunder . . . is on the self-regulatory organization [‘SRO’] that proposed the rule change.”⁶

The description of a proposed rule change, its purpose and operation, its effect, and a legal analysis of its consistency with applicable requirements must all be sufficiently detailed and specific to support an affirmative Commission finding,⁷ and any failure of an SRO to provide this information may result in the Commission not having a sufficient basis to make an affirmative finding that a proposed rule change is consistent with the Exchange Act and the applicable rules and regulations.⁸ Moreover, “unquestioning reliance” on an SRO’s representations in a proposed rule change is not sufficient to justify
