DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Disclosures for Participant Directed Individual Account Plans

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Employee Benefits Security Administration (EBSA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before September 2, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Michael Howell by telephone at 202-693-6782, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The Department published a final regulation under ERISA section 404(a), with conforming amendments to the regulations under ERISA section 404(c), that requires plan fiduciaries to disclose plan- and investment-related fee and expense information to participants and beneficiaries in all participant directed individual account plans (e.g., 401(k)-type plans) for plan years that began on or after November 1, 2011, and at least annually thereafter (defined by regulation as at least once in any 14-month period, without regard to

whether the plan operates on a calendar or fiscal year basis).

The final rule, 29 CFR 2550.404a-5(c), requires three sub-categories of plan-related information to be provided to participants and beneficiaries. The first sub-category is general plan information, which includes how participants may give investment instructions or exercise proxy voting or tendering rights, restrictions on transferring account assets among investment alternatives, and identification of the plan’s designated investment alternatives and designated investment managers (29 CFR 2550.404a-5(c)(1)). The second sub-category of plan-related information is administrative expense information, which refers to explanations of any fees and expenses for general plan administrative services (e.g., legal, accounting, recordkeeping) charged to individual accounts and the basis for allocating such charges among the accounts (e.g., pro-rata, per capita). (29 CFR 2550.404a-5(c)(2)). The third sub-category of plan-related information is individual expense information, which describes expenses assessed against accounts based on the actions taken by individual participants or beneficiaries. This would include charges for processing participant loans and qualified domestic relations orders. (29 CFR 2550.404a-5(c)(3)). Changes to this information must be disclosed at least 30 days but no more than 90 days before the effective date of the change except for unforeseen events or circumstances beyond the plan administrator’s control.

The rule also requires plan administrators to disclose three sub-categories of investment-related information to participants and beneficiaries on or before their date of eligibility, which relates to the plans designated investment alternatives. The first sub-category of information is information required to be provided automatically (29 CFR 2550.404a-5(d)(1)). For each designated investment alternative, the plan must disclose specified identifying information, past performance data, comparable benchmark returns, fee and expense information, and an internet website address that is sufficiently specific to lead participants and beneficiaries to specified supplemental information for each investment alternative. Investment-related information must be furnished in a chart or similar format designed to help participants compare the plan’s investment alternatives across each category of information. (29 CFR 2550.404a-5(d)(2)). To facilitate compliance, the rule includes a model chart that may be used by plan

fiduciaries to satisfy this requirement. The second sub-category of investment-related information is post-investment information. Following a participant’s investment in an alternative, the plan administrator must provide any materials it receives regarding voting, tender or similar rights in the alternative (“pass-through materials”) to the extent such rights are passed through to the participant or beneficiary (29 CFR 2550.404a-5(d)(3)). The third sub-category of investment-related information is information to be provided upon request (29 CFR 2550.404a-5(d)(4)). Participants may request the plan to provide prospectuses, financial reports, as well as statements of valuation and a list of assets held by an investment alternative. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on February 18, 2026 (91 FR 7528).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.
