Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before September 2, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. SUPPLEMENTARY INFORMATION: Consistent with 40 U.S.C. 581(h)(2), Federal Management Regulation (FMR) Part 102, Public Law 102–74, Subpart D, and the GSA Delegation under which the Department of Labor (DOL) operates the Frances Perkins Building (FPB), DOL allows the use of public space within the FPB for non-commercial purposes. As provided by FMR 102–74, Subpart D, (41 CFR 102–74–460) any person or entity that wishes to use public space in a Federal building is required to submit an application for a permit. To capture the nature of the request, information such as the requester, description of event, date, time, and approvals are collected in order to review the appropriateness of the request and make a determination of the availability of the requested public space. DOL experience shows that the agency receives fewer than 10 non-DOL Agency requests to use FPB public space in any given year; however, as the information is contained in a rule of general applicability, the information collection is deemed to involve 10 or more persons. See 5 CFR 1320.3(c)(4)(ii). DOL, consequently, must maintain PRA authority to conduct this information collection. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on April 6, 2026 (91 FR 17309).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.
