

Description: 284.123 Rate Filing: Supplemental Statement of Operating Conditions to be effective 4/1/2026.

Filed Date: 7/28/26.

Accession Number: 20260728–5048.

Comment Date: 5 p.m. ET 8/11/26.

Any person desiring to protest in any the above proceedings must file in accordance with Rule 211 of the Commission's Regulations (18 CFR 385.211) on or before 5:00 p.m. Eastern time on the specified comment date.

The filings are accessible in the Commission's eLibrary system (<https://elibrary.ferc.gov/idmws/search/fercgensearch.asp>) by querying the docket number.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502–6595 or OPP@ferc.gov.

Dated: July 29, 2026.

Carlos D. Clay,
Deputy Secretary.

[Docket No. RM01–5–000]

Electronic Tariff Filings; Notice of Changes to E-Tariff Validation Error Codes

Take notice that effective August 3, 2026, the following additions will be made to the eTariff Validation Error Codes.

Error code	Description
191	The Lead Applicant's CID is different from the Lead Applicant's CID in the original filing in this docket (–000).
193	Lead Applicant is not registered in Company Registration to make eTariff filings.

Validation Error Code 191 checks to make sure the Lead Applicant CID (lead_applicant_id) on a sub-docket filing (–001 and above) matches the Lead Applicant CID on the initial filing (–000). The Commission assigns the same applicant(s) to all subsequent sub-

docket filings as it did for the initial filing. Filers, therefore, should use the same Lead Applicant CID for all subsequent filings in the same docket. This error code initially will be deployed as a warning.

Validation Error Code 193 will result in rejection of the filing if the Lead Applicant CID is not registered to make eTariff filing in Company Registration. Although some entities, such as Holding Companies, Service Companies and Corporations register in Company Registration to make certain form filings file on behalf of their affiliates, they cannot be lead applicants on eTariff filings because they do not have the right under the statutes administered by the Commission to make a tariff filing.

For more information, contact Michael.Goldenberg@ferc.gov, James.Sarikas@ferc.gov, or etariffresponse@ferc.gov.

Dated: July 29, 2026.

Debbie-Anne A. Reese,
Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 5089–027]

Fall River Electric Cooperative, Inc.; Notice of Revised Schedule for Environmental Assessment

On August 31, 2021, Fall River Electric Cooperative, Inc. (Fall River) filed an application for a new major license for the existing 7.45-megawatt Felt Hydroelectric Project (Felt Project; FERC No. 5089). The Felt Project is located on the Teton River in Teton County, Idaho. The project occupies federal lands administered by the U.S. Bureau of Land Management.

In accordance with the Commission's regulations, on October 1, 2025, Commission staff issued a notice that the project was ready for environmental analysis (REA Notice). Based on the information in the record, including comments filed on the REA Notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. On December 15, 2025, the Commission issued a notice of intent to prepare an Environmental Assessment (EA) with a schedule indicating that staff anticipated issuing the EA on August 31, 2026. However, upon further review,

staff intends to issue the EA by October 30, 2026.¹

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502–6595 or OPP@ferc.gov.

By this notice, Commission staff is updating the procedural schedule for completing the EA. The revised schedule is shown below. The EA will be issued for a 30-day comment period. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA	October 30, 2026.

Any questions regarding this notice may be directed to Ingrid Brofman at (202) 502–8347 or at ingrid.brofman@ferc.gov.

[Project No. 15331–001]

Marlow Hydro, LLC; Notice of Intent To Prepare an Environmental Assessment

On July 31, 2024, Marlow Hydro, LLC filed an application to license the 225-kilowatt Nash Mill Dam Hydroelectric Project No. 15331. The project is located on the Ashuelot River in Cheshire County, New Hampshire.

In accordance with the Commission's regulations, on May 12, 2026, Commission staff issued a notice that the project was ready for environmental analysis (REA notice). Based on the information in the record, including comments filed on the REA notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an
