Notice of Inventory Completion: U.S. Army Corps of Engineers, St. Louis District, St. Louis, MO

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the U.S. Army Corps of Engineers, St. Louis District, has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after September 2, 2026.

ADDRESSES: Send written requests for repatriation of the human remains and associated funerary objects in this notice to Jenna Domeischel, U.S. Army Corps of Engineers, St. Louis District, 1222 Spruce Street, ATTN: CEMVS–EC–Z, St. Louis, MO 63103, email *jenna.domeischel@usace.army.mil.*

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the U.S. Army Corps of Engineers, St. Louis District, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Human remains representing, at least, eight individuals have been identified. The 371 associated funerary objects are: 116 faunal remains, 109 chipped stone, 102 ceramic sherds, 15 shells, two groundstone, 17 charcoal, one stone, seven lots of lithics and ceramics, one lot of wood or burned bone, and one lot of soil and rocks.

The proposed Meramec Park Lake Project was in the Meramec River Basin in Crawford and Washington Counties, Missouri, approximately 65 miles southwest of St. Louis. The project was originally authorized in 1966; cultural resources surveys and excavations followed and resulted in the current collections from Crawford and Washington Counties, Missouri. After public debate, the project was formally deauthorized in 1981 (Pub. L. 97–128) and the lake was never constructed.

The human remains and funerary objects originate from seven archaeological sites from this land (23CR80, Smith Shelter; 23CR14, Huzzah Country Club Cave; 23CR22, Lincoln Cave; 23CR54, Meramec Spring Village Site; 23CR58, Boulder Cave 1; 23CR115, Reeves Cave; and 23WA61, Merkel Cave). The materials are currently located at the Illinois State Museum in Springfield, Illinois. The St. Louis District has no knowledge of any hazardous materials being used to treat the Ancestors or cultural items.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is clearly identified by the information available about the human remains and associated funerary objects described in this notice.

Determinations

The U.S. Army Corps of Engineers, St. Louis District, has determined that:

- The human remains described in this notice represent the physical remains of eight individuals of Native American ancestry.
- The 371 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the human remains and associated funerary objects described in this notice and The Osage Nation.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.

2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains and associated funerary objects described in this notice to a requestor may occur on or after September 2, 2026. If competing requests for repatriation are received, the U.S. Army Corps of Engineers, St. Louis District, must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains and associated funerary objects are considered a single request and not competing requests. The U.S. Army Corps of Engineers, St. Louis District, is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: July 24, 2026.

Melanie O'Brien,

Manager, National NAGPRA Program.

Notice of Intended Repatriation: Stanford University, Stanford, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), Stanford University intends to repatriate a certain cultural item that meets the definition of an object of cultural patrimony and that has a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural item in this notice may occur on or after September 2, 2026.

ADDRESSES: Send additional, written requests for repatriation of the cultural item in this notice to Laura Jones, Stanford University, 477 Oak Road, Stanford, CA 94305, email *repatriation@stanford.edu.*

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of Stanford University, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of one cultural item has been requested for repatriation. The one of object of cultural patrimony is a large redwood canoe from the Klamath River area. The canoe came to the university in the late 1800s via collector John Daggett. Stanford University has no record of the canoe being treated with any hazardous substances.

Determinations

Stanford University has determined that:

- The one object of cultural patrimony described in this notice has ongoing historical, traditional, or cultural importance central to the Native American group, including any constituent sub-group (such as a band, clan, lineage, ceremonial society, or other subdivision), according to the Native American traditional knowledge of an Indian Tribe or Native Hawaiian organization.
- There is a connection between the cultural item described in this notice and the Hoopa Valley Tribe, California.

Requests for Repatriation

Additional, written requests for repatriation of the cultural item in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural item in this notice to a requestor may occur on or after September 2, 2026. If competing requests for repatriation are received, Stanford University must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural item are considered a single request and not competing requests. Stanford University is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

Dated: July 24, 2026.

Abstract of Information Available

A total of one cultural item has been requested for repatriation. The one object of cultural patrimony is a stone pestle. The pestle is recorded as being donated by a Mrs. R.D. McFarland. Several McFarlands are associated with the Sacramento area and Wilton Rancheria's traditional territory. Stanford University has no record of the pestle being treated with any hazardous substance.

Determinations

Stanford University has determined that:

- The one object of cultural patrimony described in this notice has ongoing historical, traditional, or cultural importance central to the Native American group, including any constituent sub-group (such as a band, clan, lineage, ceremonial society, or other subdivision), according to the Native American traditional knowledge of an Indian Tribe or Native Hawaiian organization.
