DATES: Interested persons are invited to submit comments. To be considered, we must receive your comments on or before October 2, 2026.

ADDRESSES: You may submit comments by one of the following methods:

- *Internet:* <https://www.regulations.gov>. Search for and submit comments on Docket No. USGS–2026–0364.

▪ *U.S. Mail:* USGS, Information Collections Clearance Officer, 12201 Sunrise Valley Drive, MS 159, Reston, VA 20192.

FOR FURTHER INFORMATION CONTACT: Shonta E. Osborne by email at sosborne@usgs.gov, or by telephone at 703–648–7960. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the Information Collection Request (ICR) at <https://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the PRA, as part of our continuing effort to reduce paperwork and respondent burdens, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provides the requested data in the desired format. We are soliciting comments on the proposed ICR described below. We are especially interested in public comments addressing the following issues:

(1) if the collection necessary to the proper functions of the USGS minerals information mission; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how the USGS might enhance the quality, utility, and clarity of the information to be collected; and (5) how the USGS might minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or

summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Abstract: Respondents to this form supply the USGS with domestic consumption data for 12 metals and ferroalloys, some of which are considered strategic and critical, to assist in determining Defense National Stockpile Center goals. These data and derived information will be published as chapters in USGS Minerals Yearbooks, monthly USGS Mineral Industry Surveys, annual USGS Mineral Commodity Summaries, and special publications for use by Government agencies, industry education programs, and the general public.

Notice of Inventory Completion: University of Michigan, Ann Arbor, MI

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of Michigan has completed an inventory of an associated funerary object and has determined that there is a cultural affiliation between the associated funerary object and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the associated funerary object in this notice may occur on or after September 2, 2026.

ADDRESSES: Send written requests for repatriation of the associated funerary object in this notice to Dr. Ben Secunda, NAGPRA Office Managing Director, University of Michigan, Office of the Vice President for Research, Suite G269, Lane Hall, Ann Arbor, MI 48109–1274, email bsecunda@umich.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the University of Michigan, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of one associated funerary object has been identified. The one associated funerary object is one lot of various archaeological materials. The seeds were removed from the T.M. Sanders site (41LR2) from Lamar County, Texas, in 1931. They were acquired from Mr. A.T. Jackson in 1941 and sent to the Ethnobotanical Laboratory at the University of Michigan

Museum of Anthropological Archaeology for analysis. Dating for the site is to the Mississippian 1000 AD–1450 AD, based on diagnostic artifacts.

The University of Michigan has no record of, nor do its officials have any knowledge of, any treatment of the associated funerary object with pesticides, preservatives, or other substances that represent a potential hazard to the collection or to persons handling the collection.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the associated funerary object described in this notice.

Determinations

The University of Michigan has determined that:

- The one object described in this notice is reasonably believed to have been placed intentionally with or near individual Ancestral remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the associated funerary object described in this notice and the Caddo Nation of Oklahoma and the Wichita and Affiliated Tribes (Wichita, Keechi, Waco, & Tawakonie), Oklahoma.

Requests for Repatriation

Written requests for repatriation of the associated funerary object in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the associated funerary object described in this notice to a requestor may occur on or after September 2, 2026. If competing requests for repatriation are received, the University of Michigan must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the associated funerary object are considered a single request and not competing requests. The University of Michigan is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian

organizations identified in this notice and any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Dated: July 24, 2026.

Melanie O'Brien,

Manager, National NAGPRA Program.

Notice of Inventory Completion: Archaeological Survey of Idaho Western Repository, Idaho State Historical Society, Boise, ID

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Archaeological Survey of Idaho Western Repository (ASI–WR) has completed an inventory of human remains and associated funerary objects and has determined that there is a cultural affiliation between the human remains and associated funerary objects and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains and associated funerary objects in this notice may occur on or after September 2, 2026.

ADDRESSES: Send written requests for repatriation of the human remains and associated funerary objects in this notice to Shannon M. Vihlene, Deputy State Historic Preservation Officer, Archaeological Survey of Idaho, Idaho State Historic Preservation Office, 210 Main Street, Boise, ID 83702, email Shannon.vihlene@shpo.idaho.gov.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the ASI–WR, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Human remains representing at least, two individuals have been identified.

No associated funerary objects were definitively identified, but 368 items were collected in close proximity to the remains, including glass, stone, wood, metal, fabric, and ceramics. The individuals were identified in 2019 and exhumed by the Coeur d'Alene Police Department. The remains were then transferred to the ASI–WR.

Human remains representing, at least, one individual has been identified. No associated funerary objects were identified. The individual was identified during construction activities in 2019 in Coeur d'Alene, Kootenai County, Idaho. The remains were exhumed by the Coeur d'Alene Police Department and transferred to the ASI–WR.

Human remains representing, at least, one individual has been identified. No associated funerary objects are present. The remains were acquired by the ASI–WR in 2020 from St. Maries High School in Benewah County, Idaho. No information was available concerning how the high school originally obtained the remains. The school is within the exterior boundaries of the Coeur d'Alene Reservation.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains and associated funerary objects described in this notice.

Determinations

The ASI–WR has determined that:

- The human remains described in this notice represent the physical remains of four individuals of Native American ancestry.
- The 368 objects described in this notice are reasonably believed to have been placed intentionally with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a connection between the human remains and associated funerary objects described in this notice and the Coeur D'Alene Tribe.

Requests for Repatriation

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization
