Overview of This Information Collection

Title: Guam-CNMI Visa Waiver Information (Form I-736).

OMB Number: 1651-0109.

Form Number: I-736.

Current Actions: Revision.

Type of Review: Revision.

Affected Public: Individuals.

Abstract: Public Law 110-229

provides for certain aliens to be exempt from the nonimmigrant visa requirement if seeking entry into Guam or the Commonwealth of the Northern Mariana Islands (CNMI) as a visitor for a maximum stay of 45 days, provided that no potential threat exists to the welfare, safety, or security of the United States, or its territories, and other criteria are met. At the Secretary's

discretion, passport holders of the People's Republic of China who are not in possession of a visitors' visa may be allowed to enter CNMI for up to 14 days under the discretionary parole authority. Upon arrival at the Guam or CNMI Ports-of-Entry, each applicant for admission presents a completed paper Form I-736 to CBP, which collects information about the applicant's identity and travel documents. CBP Form I-736 is provided for by 8 CFR 212.1(q).

Please note that certain items on the new version remains identical to those in the original version. However, updates are necessary to be able to transition to automating Form I-736, Guam-CNMI Visa Waiver Information that is used in compliance with the Guam-CNMI Visa Waiver Program. The automation will facilitate CBP to gather information on travelers from Guam-CNMI Visa Waiver Program countries to determine their admissibility to enter Guam or the CNMI. In addition, CBP intends to migrate from paper I-736 to a mandatory automated environment; therefore, the collection of a paper form will no longer be acceptable. However, after the regulation implementing mandatory automation is published, CBP will grant a transition period of three months to facilitate travelers adjusting to the new collection method. At the end of the transition period, the paper I-736 form will become obsolete and travelers must input and submit in advance their personal information and respond to the eligibility questions using the new electronic format. The travelers' information is pre-screened or vetted against law enforcement databases. Based on the results of the pre-screening, the application is approve or denied. The system generates a board or no board status message to the carrier indicating a denied or approved authorization to board before the flight. The applicant also receives a message with the application status: approved, denied, canceled or pending. All information will be saved in the newly created Guam-CNMI Visa Waiver Program database.

In a recent approval, several data elements were added to the Form I-736: the foreign passport type (mandatory), social media identifier (optional), valid email address (mandatory), and social media provider/platform (optional). Adding these data elements enhances the existing vetting process and provides CBP with additional information to determine travelers' admissibility to enter Guam or the CNMI under the Guam-CNMI Visa Waiver Program. CBP intends to migrate

from the paper Form I-736 process to a mandatory automated process via rulemaking.

Proposed Changes

As part of the regulatory updates for the Interim Final Rule (IFR) which fully automates the collection of Form I-736 and requires that travelers under the G-CNMI VWP submit this information in advance of arrival. The rule also creates a new system, CNMI EVS-TAP, wherein travelers from the PRC to the CNMI can submit advance information to CBP so they may be vetted for a 14-day visa free admissibility period. These travelers will also need to complete an additional set of vetting questions.

Federal Emergency Management Agency

[Docket ID: FEMA-2026-0430; OMB No. 1660-0083]

Agency Information Collection Activities: Proposed Collection; Comment Request; Application for Community Disaster Loan (CDL) Program

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 60-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on an extension, with change, of a currently approved information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the Community Disaster Loan (CDL) Program. This collection allows the Federal Government to make loans to local governments that have suffered economic problems due to disasters.

DATES: Comments must be submitted on or before October 5, 2026.

ADDRESSES: To avoid duplicate submissions to the docket, please submit comments at www.regulations.gov under Docket ID FEMA-2026-0430. Follow the instructions for submitting comments.

All submissions received must include the agency name and Docket ID. Regardless of the method used for submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy and Security Notice that is available via a link on the homepage of www.regulations.gov.

FOR FURTHER INFORMATION CONTACT: Martha Castro, Section Chief, Program Support and Monitoring Branch, Public Assistance Division, 202-701-4023, or Martha.Castro@fema.dhs.gov. You may contact the Information Management Division for copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The information collection is required for Community Disaster Loan (CDL) Program eligibility determinations, CDL management, and compliance with other Federal laws and regulations. The CDL Program is authorized by Section 417 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Pub. L. 93-288, as amended, 88 Stat. 143 (42 U.S.C. 5184) and implementing regulations at 44 CFR part 206, subpart K. FEMA may make a CDL to any local government which has suffered a substantial loss of tax or other revenues as a result of a major disaster or emergency and which demonstrates a need for Federal financial assistance to perform its governmental functions.

The CDL must be justified on the basis of need and be based on the actual and projected expenses, as a result of the disaster, for the fiscal year in which the disaster occurred and the three succeeding fiscal years. FEMA has the authority to cancel repayment of all or part of these CDLs to the extent that a determination is made that revenues of the local government during the three fiscal years following the disaster are insufficient to meet the operating budget of that local government because of disaster related revenue losses and additional unreimbursed disaster-related municipal operating expenses.

The proposed information collection would revise FEMA Form-104-FY-22-224, Promissory Note to remove Part III—Schedule of Loan Increments to Be Disbursed to Borrower. FEMA has determined that the information was not sufficiently useful to reviewing the application and opted to eliminate the entire table titled “Part III—Schedule of Loan Increments to Be Disbursed to Borrower” from the form.
