Certain Arrowheads With Deploying Blades and Components Thereof; Notice of Commission Determination To Institute a Modification Proceeding; Modify a General Exclusion Order; and Terminate the Modification Proceeding

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission (''Commission'') has determined to institute a modification proceeding and modify the general exclusion order (''GEO'') that was issued in the above-captioned investigation. The modification proceeding is terminated.

FOR FURTHER INFORMATION CONTACT: Edward S. Jou, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205–3316. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission's electronic docket (EDIS) at *https://edis.usitc.gov.* For help accessing EDIS, please email *EDIS3Help@usitc.gov.* General information concerning the Commission may also be obtained by accessing its internet server at *https://www.usitc.gov.* Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: On April 6, 2017, the Commission issued a GEO in the above-captioned investigation based on a complaint filed by FeraDyne Outdoors, LLC and Out RAGE, LLC of Cartersville, Georgia (collectively, ''Complainants'') alleging violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (''section 337''), in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain arrowheads with deploying blades and components thereof and packaging therefor by reason of infringement of certain claims of U.S. Patent Nos. RE44,144; 6,517,454; 7,771,298; 8,758,176; 8,986,141; 9,068,806; D710,962; and D711,489; and U.S. Trademark Registration No. 4,812,058 (''the '058 mark''). 82 FR 17689–90 (Apr. 12, 2017).

The GEO included a requirement that Complainants make annual filings with the Commission stating whether they continued to use the '058 mark in commerce, but the Complainants have not made any such filings since the issuance of the GEO.

On March 24, 2026, the Commission issued a notice requesting written submissions from the public, the parties to the investigation, and other interested parties, on whether the GEO should be modified or rescinded under 19 U.S.C. 1337(k) and 19 CFR 210.76, in whole or in part. 91 FR 14879–80 (Mar. 27, 2026). The Commission did not receive any submissions in response to this notice.

Based on the foregoing and the lack of any response to the Commission's notice, the Commission has determined to institute a modification proceeding pursuant to Commission Rule 210.76, 19 CFR 210.76. In consideration of Complainants' failure to comply with the GEO's annual filing requirement to show continued use of the '058 mark, the Commission has determined that changed conditions of fact warrant modification of the GEO under 19 U.S.C. 1337(k). Accordingly, the Commission has determined to modify the GEO to rescind the exclusion based on the '058 mark. The modification proceeding is hereby terminated.

The Commission vote for this determination took place on July 31, 2026.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: July 31, 2026.

SUPPLEMENTARY INFORMATION: On August 29, 2022, the Commission issued an LEO in the above-captioned investigation based on a complaint filed on behalf of The NOCO Company of Glenwillow, Ohio (''Complainant''), alleging violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 (''section 337''), in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain portable battery jump starters and components thereof by reason of infringement of U.S. Trademark Nos. 4,811,656 and 4,811,749 (collectively, the ''Asserted Trademarks''). 87 FR 54260–61 (Sept. 2, 2022). The LEO was directed to respondents Zhejiang Quingyou Electronic Commerce Co., Ltd. of Hangzhou, China and Shenzhen Mediatek Tong Technology Co., Ltd. of Shenzhen, China.

The LEO included a requirement that Complainant make annual filings with the Commission stating whether it continued to use the Asserted Trademarks in commerce, but the Complainant has not made any such filings since the LEO issued.

On March 24, 2026, the Commission issued a notice requesting written submissions from the public, the parties to the investigation, and other interested parties, on whether the LEO should be modified or rescinded under 19 U.S.C. 1337(k) and 19 CFR 210.76, in whole or in part. 91 FR 14879–80 (Mar. 27, 2026). Based on the foregoing and the lack of any response to the Commission's notice, the Commission has determined to institute a rescission proceeding pursuant to Commission Rule 210.76, 19 CFR 210.76. In view of Complainant's failure to comply with the LEO's annual filing requirement to show continued use of the Asserted Trademarks, the Commission has determined that changed conditions of fact warrant rescission of the LEO under 19 U.S.C. 1337(k). Accordingly, the Commission has determined to rescind the LEO. The rescission proceeding is hereby terminated.

The Commission vote for this determination took place on July 31, 2026.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.
