RCPAA's reliance arguments are unpersuasive. Rule 162 contemplates that schedules may be adjusted before deadlines expire. 39 CFR 3010.162(b). Participants who have already filed will not be disadvantaged. Additional time for reply comments maintains equity among participants by preserving time for responsive analysis on the issues defined in Order No. 9625. *See* Order No. 9625 at 8–13. Any reliance interests are minimal and are outweighed by the benefits to the record's completeness and usefulness. Although some participants filed significantly before the established deadline, doing so is not required. ''Filers are encouraged to consolidate their arguments into concise, well-supported documents that directly address the issues within the scope of the further proceedings in this docket.'' Order No. 9625 at 14.

RCPAA also asserts that a 30-day extension would compress reply opportunities and impair meaningful response. The Postal Service, however, seeks to extend both deadlines by 30 days. Extending both deadlines proportionally preserves the reply interval. The reply period remains 14 days under both Order No. 9625's established schedule and the Postal Service's proposed schedule. Accordingly, the asserted prejudice does not arise under the requested relief.

Because extending the comment deadlines as requested is unlikely to have any adverse impact on other participants and on the procedural schedule of this docket, the Postal Service Motion for Extension is granted. *See* 39 CFR 3010.162(c).

II. Rule 124(c) Violation

Rule 124(c) of the rules of practice provides that the title of a document filed with the Commission ''shall identify each participant on whose behalf the filing is made . . . .'' 39 CFR 3010.124(c). In Order No. 9625, the Commission found that the Postal Service had violated Rule 124(c) in the instant docket because the title of Postal Service's May 26, 2026 Notice of Errata did not identify the Postal Service.[5] The Commission reminded all participants that they must comply with Rule 124(c). Order No. 9625 at 16.

The title of the Postal Service Motion for Extension, Motion for Extension of Time to File Comments Responsive to Order No. 9625, also does not identify the Postal Service. Consequently, the Commission finds that the Postal Service violated Rule 124(c) by improperly titling the Postal Service Motion for Extension. The Commission reiterates that the Postal Service, and all participants, must comply with Rule 124(c).

III. Ordering Paragraphs

It is ordered:

1. The Motion for Extension of Time to File Comments Responsive to Order No. 9625, filed July 30, 2026, is granted.
2. Comments within the scope of the further proceedings established in Order No. 9625 are due September 30, 2026.
3. Reply comments within the scope of the further proceedings established in Order No. 9625 are due October 14, 2026.
4. This order, or an abstract thereof, shall be published in the **Federal Register**.

By the Commission.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fees Schedule.[3]

Standard Transaction Fee Changes

XSP, MRUT, and DJX

The Exchange proposes to apply certain fee codes currently applicable to transactions in Mini-SPX Index options (''XSP'') to transactions in each of Mini-Russell 2000 Index options (''MRUT'') and options on the Dow Jones Industrial Average (''DJX''). Specifically, the proposed rule change amends certain fees for XSP in the Rate Table for All Products Excluding Underlying Symbol List A, as follows:[4]

- Amends fee code XC, appended to all Customer (capacity ''C'') orders in XSP that are for less than 10 contracts and provides a rebate of $0.30 per contract, to apply to all Customer (capacity ''C'') orders in XSP, MRUT, or DJX that are for less than 10 contracts.
- Amends fee code CC, appended to all Customer (capacity ''C'') orders in XSP that are for greater than or equal to 10 contracts and assesses a fee of $0.07 per contract, to apply to all Customer (capacity ''C'') orders in XSP, MRUT, or DJX that are for greater than or equal to 10 contracts.
- Amends fee code XN, appended to all Clearing Trading Permit Holders (''TPHs'') (capacity ''F''), Non-Clearing TPH Affiliates (capacity ''L''), Broker-Dealer (capacity ''B''), Joint Back-Office (capacity ''J''), Non-TPH Market-Maker (capacity ''N''), and Professional (capacity ''U'') (collectively, ''Non-Market Maker, Non-Customer'') orders in XSP that are executed manually (*i.e.,* open outcry) and assesses a fee of $0.30 per contract, to apply to all Non-Market Maker, Non-Customer orders in XSP, MRUT, or DJX that are executed manually (*i.e.,* open outcry).
- Amends fee code XF, appended to all Non-Market Maker, Non-Customer orders in XSP contra to a customer or contra to a non-customer that add liquidity and that are executed electronically and assesses a fee of $0.30 per contract, to apply to all Non-Market Maker, Non-Customer orders in XSP, MRUT, or DJX contra to a customer or contra to a non-customer that add liquidity and that are executed electronically.
- Amends fee code XB, appended to all Non-Market Maker, Non-Customer orders in XSP contra to a non-customer that remove liquidity and assesses a fee of $0.50 per contract, to apply to all Non-Market Maker, Non-Customer orders in XSP, MRUT, or DJX contra to a non-customer that remove liquidity.
- Amends fee code MP, appended to all Market-Maker (capacity ''M'') orders in XSP that are executed manually (*i.e.,* open outcry) and assesses a fee of $0.15 per contract, to apply to all Market-Maker (capacity ''M'') orders in XSP, MRUT, or DJX that are executed manually (*i.e.,* open outcry).
- Amends fee code MC, appended to all Market-Maker (capacity ''M'') orders in XSP that are contra customer and that are executed electronically and assesses a fee of $0.15 per contract, to apply to all Market-Maker (capacity ''M'') orders in XSP, MRUT, or DJX that are contra customer and that are executed electronically.
- Amends fee code MX, appended to all Market-Maker (capacity ''M'') orders in XSP contra to non-customers that add liquidity and that are executed electronically and assesses a fee of $0.09 per contract, to apply to all Market-Maker (capacity ''M'') orders in XSP, MRUT, or DJX contra to non-customers that add liquidity and that are executed electronically.
- Amends fee code MY, appended to all Market-Maker (capacity ''M'') in XSP contra to non-customers that remove liquidity and assesses a fee of $0.50 per contract, to apply to all Market-Maker (capacity ''M'') in XSP, MRUT, or DJX contra to non-customers that remove liquidity.

[3] The Exchange initially filed the proposed fee change, among other changes, on April 1, 2026 (SR–CBOE–2026–031). On May 29, 2026, the Exchange withdrew that filing and submitted SR–CBOE–2026–052. On July 20, 2026, the Exchange withdrew that filing and submitted this proposal. The Exchange notes that subsequent to SR–CBOE–2026–031 and SR–CBOE–2026–052, the Exchange amended its Fees Schedule to make changes in connection with the fees related to certain orders executed in Automated Improvement Mechanism (''AIM'') Auctions, to amend the Customer Volume Incentive Program and Affiliated Volume Plan, to amend the fee structure related to DJX and RUT FLEX Micro orders, to eliminate references to MSCI Index Products, to adopt certain standard transaction fees in connection with binary options that overlie the Mini-S&P 500 Index (''XSP binary options'') and exclude XSP binary options from certain fees programs; such changes are incorporated Exhibit 5 to this filing, as applicable.

[4] As part of the proposed changes, the Exchange proposes to amend Footnote 9 to reflect the changes to fee code XC and CC described herein.
