Abstract: Legal authority for this information collection is found in 38 U.S.C., Chapter 17, for Veterans seeking health care services. Data collected may be used to establish, determine, and monitor eligibility to receive VA benefits and for authorizing and paying Non-VA healthcare services furnished to Veterans and beneficiaries. VA Form 10–314 is required for caregivers to receive reimbursement for bowel and bladder care services. The form is used to list the dates and times the care was rendered to the Veteran and is then submitted monthly to VA to request payment for those services. There is a decrease in the anticipated annual number of responses and burden hours based upon program data since the last PRA clearance.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Abstract: The VA Health Professional Scholarship Program (HPSP) and Visual Impairment and Orientation and

These programs help address health care workforce needs and allow VA to provide services to the public by awarding scholarships to VA and non-VA employees, who will be required to become VA employees, in the professions for which they were educated under these programs.
