(Toyo Kohan) did not make sales of subject merchandise at less than normal value (NV) during the period of review (POR), May 1, 2024, through April 30, 2025. In addition, we are rescinding the review with respect to 14 companies. Interested parties are invited to comment on these preliminary results of review.**DATES:** Applicable August 5, 2026.**FOR FURTHER INFORMATION CONTACT:** Elizabeth Beuley, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3269.**SUPPLEMENTARY INFORMATION:****Background**

On June 25, 2025, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the antidumping duty order on diffusion-annealed, nickel-plated flat-rolled steel products (nickel-plated steel products) from Japan.¹ On July 28, 2025, Commerce selected Toyo Kohan as the mandatory respondent in this review.²

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days,³ and, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government

shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁴ On March 10, 2026, we extended the preliminary results of this review.⁵ Accordingly, the deadline for these preliminary results is now July 30, 2026.

For a complete description of the events that followed the initiation of this review, *see* the Preliminary Decision Memorandum.⁶ A list of the topics discussed in the Preliminary Decision Memorandum is attached as an Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Scope of the Order

The merchandise subject to the *Order* is nickel-plated steel products from Japan. For a complete description of the scope of the *Order*, *see* the Preliminary Decision Memorandum.

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an antidumping duty order where it concludes that there were no suspended entries of subject merchandise during the POR.⁷ Normally, upon completion of an administrative review, the suspended entries are liquidated at the antidumping duty assessment rate for the review period.⁸ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct U.S. Customs and Border Protection (CBP) to liquidate at the AD assessment rate calculated for the POR.⁹ Commerce

notified all interested parties of its intent to rescind the instant review regarding the companies listed in Appendix II because there were no reviewable, suspended entries of subject merchandise from these companies during the POR and invited interested parties to comment.¹⁰ No party commented on this memorandum. In the absence of any suspended entries of subject merchandise from these companies during the POR, we are rescinding this administrative review for the companies listed in Appendix II, in accordance with 19 CFR 351.213(d)(3).

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Export price is calculated in accordance with section 772 of the Act. NV is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our conclusions, *see* the Preliminary Decision Memorandum.

Preliminary Results of Review

As a result of this review, we preliminarily determine the following estimated weighted-average dumping margin exists for the period May 1, 2024, through April 30, 2025:

Producer/exporter	Weighted-average dumping margin (percent)
Toyo Kohan Co., Ltd	0.00

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties for these preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the

the U.S. Court of International Trade held that “[w]hile the statute does not explicitly require that an entry be suspended as a prerequisite for establishing entitlement to a review, it does explicitly state the determined rate will be used as the liquidation rate for the reviewed entries. Verification

On September 12, 2025, Thomas Steel Strip Corporation, a domestic interested party, requested that Commerce conduct verification of Toyo Kohan's responses.¹¹ Accordingly, in June 2026, as provided in section 782(i)(3) of the Act, we verified Toyo Kohan's information relied upon for the preliminary results of this review.¹²

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the verification report is issued in this review.¹³ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹⁴ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹⁵ All briefs must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety in ACCESS by 5:00 p.m. Eastern Time on the established deadline.

As provided under 19 CFR 351.309(c)(2)(iii) and (d)(2)(iii), we request that interested parties provide at the beginning of their briefs a public executive summary for each issue raised in their briefs.¹⁶ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the

service of documents in 19 CFR 351.303(f).¹⁷

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS by 5:00 p.m. Eastern Time within 30 days after the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, Commerce will inform parties of the scheduled date for the hearing.¹⁸

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

If Toyo Kohan's weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.50 percent) in the final results of this review, Commerce intends to calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales to the total entered value of those sales. Where we do not have entered values for all U.S. sales to a particular importer, we will calculate an importer-specific, per-unit assessment rate on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales to the total quantity of those sales.¹⁹ To determine whether an importer-specific, per-unit assessment rate is *de minimis*, in accordance with 19 CFR 351.106(c)(2), we also will calculate an importer-specific *ad valorem* ratio based on estimated entered values. If Toyo Kohan's weighted-average dumping margin is zero or *de minimis* or where an importer-specific *ad valorem* assessment rate is zero or *de minimis*, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties.²⁰

In accordance with Commerce's "automatic assessment" practice, for entries of subject merchandise during the POR produced by Toyo Kohan for which it did not know that the merchandise was destined for the United States, we intend to instruct CBP to liquidate those entries at the all-others rate calculated in the less-than-fair-value (LTFV) investigation if there is no rate for the intermediate company(ies) involved in the transaction.²¹

For the companies listed in Appendix II for which the review is being rescinded, Commerce will instruct CBP to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit rate for estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue rescission instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**.

Commerce intends to issue assessment instructions to CBP regarding Toyo Kohan no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Toyo Kohan will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated or reviewed companies not covered by this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment of this proceeding in

which the company participated; (3) if the exporter is not a firm covered in this review, or the LTFV investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recent segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 45.42 percent, the all-others rate established in the LTFV investigation.²² These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: July 30, 2026.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Fisheries of the Exclusive Economic Zone Off Alaska; Bering Sea and Aleutian Islands Management Area; Cost Recovery Fee Notice for the Pacific Cod Trawl Cooperative Program

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of standard prices fee percentage.

SUMMARY: NMFS publishes the fee percentage for cost recovery for the Pacific Cod Trawl Cooperative (PCTC) Program. The fee percentage for 2026 is 2.09 percent. This notice is intended to provide the 2026 fee percentage to calculate the required payment for cost recovery fees due by August 31, 2026.

DATES: The fee percentage is valid on August 5, 2026.

FOR FURTHER INFORMATION CONTACT: Tristan Mandeville, Fee Coordinator, 907-586-7105.

SUPPLEMENTARY INFORMATION:

Background

Section 304(d) of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) authorizes and requires that NMFS collect cost recovery fees for limited access privilege programs. Cost recovery fees include NMFS' actual costs directly related to its management, data collection, and enforcement of the programs. Section 304(d) of the Magnuson-Stevens Act mandates that cost recovery fees not exceed 3 percent of the annual ex-vessel value of fish harvested under any program subject to a cost recovery fee.

NMFS manages the PCTC Program as a limited access privilege program. On August 8, 2023, NMFS published a final rule to implement the PCTC Program (88 FR 53704). The PCTC Program allocates total allowable catch of Pacific cod to trawl catcher vessels and processors in the Bering Sea and Aleutian Islands Management Area

(BSAI). Participants in the PCTC Program must form a cooperative and associate with a processor. The PCTC Program includes a process for calculating and administering cost recovery fees under 50 CFR 679.135. The annual PCTC Program cost recovery process builds on other existing cost recovery requirements implemented under other programs. The fee liability is based on the ex-vessel value of fish harvested in the PCTC Program. Each year, NMFS publishes a notice announcing the fee percentage in the **Federal Register**. The Regional Administrator sends invoices to cooperatives before August 1.

Each PCTC Program cooperative is responsible for payment of the cost recovery fee assessed on Pacific cod landed under the PCTC Program. Each cooperative must submit any cost recovery fee liability payment(s) no later than August 31. NMFS determines the total dollar amount of the fee due by multiplying the NMFS published fee percentage by the annual ex-vessel value of Cooperative Quota (CQ) landings under the PCTC Program, as described in this notice.

If a cooperative fails to pay its cost recovery fee liability by August 31, NMFS will disapprove that cooperative's application to transfer CQ and will not issue a CQ permit the following year until NMFS receives full payment of the fee liability from the cooperative. NMFS will not issue a CQ permit until NMFS receives a complete application for CQ issuance and confirmation of the full payment of any cost recovery fee liability.

Standard Price

For purposes of calculating cost recovery fees, NMFS uses a standard ex-vessel price (standard price) for Pacific cod. A standard price is determined using information on landings purchased (volume) and ex-vessel value paid (value). NMFS annually receives information used to calculate the Pacific cod standard price in the existing BSAI Pacific cod Ex-vessel Volume and Value Report, which is submitted in early November of each year. NMFS uses this existing data source to calculate standard prices and thus determine the annual PCTC Program fishery value, which, along with the direct program costs, is used to calculate the annual PCTC Program cost recovery fee percentage. The standard prices are described in U.S. dollars per pound for landings made during the previous year. NMFS published the standard price of \$0.34 per pound for Pacific cod for Trawl Gear in 2025 in the **Federal**
