Suspension of Liquidation

Pursuant to 19 CFR 351.226(l)(1), Commerce will notify CBP of the initiation and direct CBP to continue the suspension of liquidation of entries of products subject to the circumvention inquiry that were already subject to the suspension of liquidation under the *Order* and to apply the cash deposit rates that would be applicable if the products were determined to be covered by the scope of the *Order.*

Should Commerce issue affirmative preliminary or final circumvention determinations, Commerce will follow the suspension of liquidation rules under 19 CFR 351.226(l)(2)–(4). In the event that Commerce issues affirmative preliminary or final circumvention determinations that the products are circumventing the *Order,* Commerce will instruct CBP to continue the suspension of liquidation of previously suspended entries and to apply the applicable cash deposit rate. Commerce will also instruct CBP to begin the suspension of liquidation and application of cash deposits for any unliquidated entries not yet suspended, entered, or withdrawn from warehouse, for consumption, on or after the date of publication of the notice of initiation of the circumvention inquiry pursuant to paragraphs (l)(2)(ii) and (l)(3)(ii). In addition, pursuant to paragraphs (l)(2)(iii)(A) and (l)(3)(iii)(A), Commerce may instruct CBP to begin the suspension of liquidation and application of cash deposits for any unliquidated entries not yet suspended, entered, or withdrawn from warehouse, for consumption, prior to the date of initiation of the circumvention inquiry, but not for such entries prior to November 4, 2021, the effective date of these provisions in the *Final Rule.*[16] These rules will not affect CBP's authority to take any additional action with respect to the suspension of liquidation or related measures for these entries, as stated in 19 CFR 351.226(l)(5).

Notification to Interested Parties

In accordance with 19 CFR 351.226(d) and section 781(b) of the Act, Commerce determines that the Seaman's request for this circumvention inquiry satisfies the requirements of 19 CFR 351.226(c). Accordingly, Commerce is notifying all interested parties of the initiation of this circumvention inquiry to determine whether imports of tissue paper completed in and exported from Vietnam using jumbo paper rolls manufactured in China are circumventing the *Order.* In addition, we have included a description of the products that are subject to this inquiry, and an explanation of Commerce's decision to initiate the inquiry as provided in the accompanying Circumvention Initiation Checklist.[17]

In accordance with 19 CFR 351.226(e)(1), unless the circumvention inquiry is rescinded, in whole or in part, or extended, Commerce intends to issue its preliminary circumvention determination no later than 150 days from the date of publication of the notice of initiation of this circumvention inquiry in the **Federal Register**. Furthermore, in accordance with section 781(f) of the Act and 19 CFR 351.226(e)(2), unless the circumvention inquiry is rescinded, in whole or in part, or extended, Commerce intends to issue its final determination within 300 days from the date of publication of the notice of initiation of the circumvention inquiry in the **Federal Register**.

SUPPLEMENTARY INFORMATION:

Background

Commerce's regulations provide that it will publish in the **Federal Register** a list of scope rulings on a quarterly basis.[1] Our most recent notification of scope rulings was published on May 12, 2026.[2] This current notice covers all scope rulings made by Enforcement and Compliance between April 1, 2026, and June 30, 2026.

Final Scope Rulings

India

A–533–877 and C–533–878: Stainless Steel Flanges From India

Requestor: Pradeep Metals Limited, Inc. (Pradeep). Precision-machined stainless steel ring-shaped components imported by Pradeep are preliminarily found to be within the scope of the antidumping and countervailing duty orders under a (k)(2) analysis. Pradeep's products have essential physical characteristics articulated in the scope. The record indicates that ultimate users of both Pradeep's products and standard flanges expect components to meet established material and pressure standards so they can be incorporated into larger piping systems. The products are intended to interface with standardized flange systems and perform the same connection function as subject flange products, notwithstanding the modified center geometries and additional instrumentation related features. Direct,

[2] *See Notice of Scope Rulings,* 91 FR 25856 (May 12, 2026).

customer-specific sales arrangements are not unique to Pradeep's products and do not distinguish them from standard flange products. The manner in which the products are advertised or displayed does not distinguish them from standard flange products. June 17, 2026.

People's Republic of China (China)

A–570–064 and C–570–065: Forged Stainless Steel Flanges From China

Requestor: API International Inc. (API). Eighteen models of certain cut plate flanges imported by API are not covered by the scope of the antidumping and countervailing duty orders on stainless steel flanges from China because API's certain cut plate flanges undergo a distinct manufacturing process and are not forged. June 22, 2026.

A–570–896: Magnesium Metal From China

Requestor: Galvotec Mag and Metal Works, Inc. (Galvotec). Certain magnesium extrusions used to produce high-quality concrete and asphalt finishing tools imported by Galvotec are not covered by the scope of the antidumping duty order on magnesium metal from China. The concrete and asphalt finishing tools Galvotec imports are made from magnesium extrusions, which is a ''wrought'' product and the Order only contemplates that ''unwrought'' products are included within the scope. May 21, 2026.

A–570–016 and C–570–017: Passenger Vehicle and Light Truck Tires From China

Requestor: Transamerica Tire Co., Ltd. (Transamerica). Sixty-one tire models imported by Transamerica are covered by the scope of the antidumping and countervailing duty orders on passenger vehicle and light truck tires from China because the presence of the ''LT'' suffix on the tire sidewalls is dispositive under the plain language of the scope; and the TRA Yearbook exclusion applies only to tires lacking such markings. June 24, 2026.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that countervailable subsidies were provided to producers and exporters of certain oil country tubular goods (OCTG) from the Republic of Türkiye (Türkiye) during the period of review (POR) January 1, 2023, through December 31, 2023.

DATES: Applicable August 6, 2026.

FOR FURTHER INFORMATION CONTACT: Michael Romani, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0198.

SUPPLEMENTARY INFORMATION:

Background

On March 6, 2026, Commerce published in the **Federal Register** the *Preliminary Results* of this administrative review and invited comments from interested parties.[1] On June 23, 2026, Commerce extended the time period for issuing the final results of this review by 26 days.[2] Accordingly, the deadline for the final results is now July 30, 2026.

For a complete description of the events that occurred since the *Preliminary Results, see* the Issues and Decision Memorandum.[3] The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at *https://access.trade.gov.* In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at *https://access.trade.gov/frnotices.*

Scope of the Order

The merchandise covered by the *Order* is OCTG from Türkiye. For a complete description of the scope of the *Order, see* the Issues and Decision Memorandum.[4]

Analysis of Comments Received

All issues raised by interested parties in case briefs are addressed in the Issues and Decision Memorandum. The topics discussed and the issues raised by parties to which we responded in the Issues and Decision Memorandum are listed in the appendix to this notice.

Changes Since the Preliminary Results

Based on comments received from interested parties, we made certain changes to the calculations for Borusan Birleşik Boru Fabrikalari Sanayi ve Ticaret A.Ş (Borusan).[5] For a discussion of these changes, *see* the Issues and Decision Memorandum.

Methodology

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, we find that there is a subsidy, *i.e.,* a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.[6] For a full description of the methodology underlying all of Commerce's conclusions, including any determination that relied upon the use of adverse facts available, pursuant to
