General Description of Collection: Section 1828(o) of the Federal Deposit Insurance Act requires each federal banking agency to adopt uniform regulations prescribing real estate lending standards. Part 365 of the FDIC Rules and Regulations, which implements section 1828(o), requires institutions to have real estate lending policies that include (a) limits and standards consistent with safe and sound banking practices; (b) prudent underwriting standards, including loan-to-value ratio (LTV) limits that are clear and measurable; (c) loan administration policies; (d) documentation, approval and reporting requirements; and (e) a requirement for annual review and approval by the board of directors. The rule also establishes supervisory LTV limits and other underwriting considerations in the form of guidelines. There is no change in the substance or methodology of this information collection. The estimated annual burden has decreased by 8,780 hours, from 61,720 hours to 52,940 hours, due to a reduction in the number of respondents.
