

section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the company listed above will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific cash deposit rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a previous segment, or the LTFV investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most-recently completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 5.40 percent, the all-others rate established in the LTFV investigation.²⁴ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of Review

Unless the deadline is otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of issues raised by interested parties in the written briefs, within 120 days of publication of these preliminary results in the **Federal Register**.²⁵

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results of review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213 and 351.221(b)(4).

Dated: July 31, 2026.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Certain Magnesia Carbon Bricks From the People's Republic of China: Rescission of Antidumping Duty Administrative Review; 2024-2025

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is rescinding the administrative review of the antidumping duty (AD) order on certain magnesia carbon bricks (bricks) from the People's Republic of China (China) covering the period of review (POR) September 1, 2024, through August 31, 2025, because, as explained below, there are no reviewable suspended entries for the companies subject to this review.

DATES: Applicable August 6, 2026.

FOR FURTHER INFORMATION CONTACT: Connor Field, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3997.

SUPPLEMENTARY INFORMATION:

Background

On December 8, 2025, based on timely requests for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the AD order on bricks from China.¹ On December 15,

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 90 FR 56725, 56729 (December 8, 2025); and *Certain Magnesia Carbon Bricks from Mexico and the People's Republic of China: Antidumping Duty Orders*, 75 FR 57257 (September 20, 2010).

2025, Commerce placed on the record U.S. Customs and Border Protection (CBP) entry data for the companies subject to the review, showing no reviewable POR entries, and invited interested parties to comment.² No party filed comments with respect to the CBP data. On July 14, 2026, Commerce issued a notice of intent to rescind the administrative review and invited interested parties to comment.³ No party filed comments with respect to the Notice of Intent to Rescind.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an AD order when there are no reviewable entries of subject merchandise during the POR for which liquidation is suspended.⁴ Normally, upon completion of an administrative review, the suspended entries are liquidated at the AD assessment rate for the review period.⁵ Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct CBP to liquidate at the calculated AD assessment rate for the review period.⁶ As noted above, there were no entries of subject merchandise from the companies subject to this review during the POR. Accordingly, in the absence of suspended entries of subject merchandise during the POR, we are hereby rescinding this administrative review, in its entirety, in accordance with 19 CFR 351.213(d)(3).

Assessment Rates

Commerce will instruct CBP to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse for consumption in the United States, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this rescission notice in the **Federal Register**.

SUPPLEMENTARY INFORMATION:

Background

On February 10, 2026, Commerce published the *Preliminary Results* of this administrative review and invited interested parties to comment.¹ On March 3, 2026, we received a timely-filed case brief from Bonney Forge Corporation (Bonney Forge),² and on March 16, 2026, we received a timely-filed rebuttal brief from Both-Well.³ On May 28, 2026, Commerce extended the deadline to complete the final results by 51 days.⁴ Accordingly, the deadline for these final results is July 31, 2026.

For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁵ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

The merchandise subject to the *Order* are carbon and alloy forged steel fittings, whether unfinished (commonly known as blanks or rough forgings) or finished. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.

and Decision Memorandum is attached to this notice as an Appendix.

Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties regarding our *Preliminary Results*, Commerce made certain changes to the margin calculations for Both-Well. In addition, Commerce has relied on partial adverse facts available under sections 776(a) and (b) of the Act for Both-Well. For a full description of the methodology underlying our conclusions, see the Issues and Decision Memorandum.

Final Results of Review

Commerce determines that the following estimated weighted-average dumping margin exists for Both-Well for the period September 1, 2023, through August 31, 2024:

Exporter or producer	Weighted-average dumping margin (percent)
Both-Well Steel Fittings Co., Ltd	10.62

Disclosure

Commerce intends to disclose the calculations performed for the final results of this review to parties in this proceeding within five days after public announcement of the final results or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review. Because Both-Well's weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent) in the final results of this review, we calculated an importer-specific assessment rate based on the ratio of the total amount of dumping calculated for Both-Well's examined sales and the total of those same sales in accordance with 19 CFR 351.212(b)(1). Where an importer-specific assessment rate is zero or *de minimis* (i.e., less than 0.5 percent), the entries by that importer will be liquidated without regard to antidumping duties. For entries of subject merchandise during the POR produced by Both-Well for which it did not know that the merchandise was
