

FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before 5:00 p.m. Eastern Time on October 2, 2026. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP26–557–000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing"; or ⁸

(2) You can file a paper copy of your submission by mailing it to the address below. Your submission must reference the Project docket number CP26–557–000.

To file via USPS: Debbie-Anne A. Reese, Secretary, Federal Energy

Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other method: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of submissions (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either by mail at: Blake Flowers, Senior Regulatory Compliance Analyst, Gulf South Pipeline Company, LLC, 9 Greenway Plaza, Suite 2800, Houston, Texas 77046 or by email (with a link to the document) at Blake.Flowers@bwpipelines.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from OPP at (202) 502–6595 or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

o. With this notice, we are soliciting comments on the PAD and Commission's staff Scoping Document 1 (SD1), as well as study requests. All comments on the PAD and SD1, and study requests should be sent to the address above in paragraph h. In addition, all comments on the PAD and SD1, study requests, requests for cooperating agency status, and all communications to and from Commission staff related to the merits of the potential application must be filed with the Commission.

The Commission strongly encourages electronic filing. Please file all documents using the Commission's eFiling system at <https://ferconline.ferc.gov/FERCOOnline.aspx>. Commenters can submit brief comments up to 10,000 characters, without prior registration, using the eComment system

at <https://ferconline.ferc.gov/FERCOOnline.aspx>. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov. In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Debbie Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, MD 20852. All filings must clearly identify the project name and docket number on the first page: Terror Lake Hydroelectric Project (P-2743-112).

All filings with the Commission must bear the appropriate heading:

"Comments on Pre-Application Document," "Study Requests," "Comments on Scoping Document 1,"

"Request for Cooperating Agency Status," or "Communications to and from Commission Staff." Any individual or entity interested in submitting study requests, commenting on the PAD or SD1, and any agency requesting cooperating status must do so on or before 5:00 p.m. Eastern Time on October 2, 2026.

p. *Scoping Sessions:* Commission staff will hold two scoping sessions in the vicinity of the project at the time and place noted below. All interested individuals, organizations, and agencies are invited to attend one or both of the sessions to provide oral comments. The times and locations of these sessions are as follows:

Evening Scoping Session

Date: Tuesday, September 1, 2026.

Time: 5:30 p.m.-7:30 p.m. Alaska Time (AKT).

Location: Kodiak Public Library.

Address: 612 Egan Way, Kodiak, AK 99615 (Multipurpose Room).

Daytime Scoping Session

Date: Wednesday, September 2, 2026.

Time: 10:00 a.m.-12:00 p.m. AKT.

Location: Kodiak Public Library.

Address: 612 Egan Way, Kodiak, AK 99615 (Multipurpose Room).

Scoping Document 1 (SD1), which outlines the subject areas to be addressed in the environmental document, was mailed to the individuals and entities on the Commission's mailing list. Copies of SD1 will be available at the scoping sessions, or may be viewed on the web at <http://www.ferc.gov>, using the "eLibrary" link. Follow the directions for accessing information in paragraph

n. Based on all oral and written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a revised process plan and schedule, as well as a list of issues, identified through the scoping process.

Environmental Site Review

Because the project is located in a remote area of Kodiak Island, requiring complex and capacity-limited transportation (floatplanes, boats, and on site vehicles) that can only accommodate a small number of people, an in-person site visit will not occur. In lieu of an in-person site visit, KEA has developed a virtual site tour that includes maps, photos, and descriptions of key project facilities, as well as aerial flyover videos of Terror Lake, Terror Lake Dam and spillway, and the Terror River. The virtual site visit is available at the following link: <https://experience.arcgis.com/experience/92792105fea644b991b19bdb1e005534>.

Scoping Session Objectives

The primary goal of these scoping sessions is to have you identify the specific environmental issues and concerns that should be considered in the environmental document. Commission staff will prepare either an environmental assessment (EA) or an environmental impact statement (EIS) that will present Commission staff's independent analysis of the issues. The Commission's scoping process will help determine the required level of analysis and satisfy the NEPA scoping requirements, irrespective of whether the Commission prepares an EA or an EIS.

Scoping session participants should come prepared to discuss their issues and/or concerns. Please review the PAD and SD1 in preparation for the scoping sessions. Directions on how to obtain a copy of the PAD and SD1 are included in item n. of this document.

Meeting Procedures

The scoping sessions will begin promptly at their respective start times listed above. If you wish to speak, Commission staff will hand out numbers in the order of your arrival. If no additional numbers have been handed out and all individuals who wish to provide comments have had an opportunity to do so, staff may conclude the session a half hour earlier than the scheduled time.

Your oral comments will be recorded by a court reporter (with FERC staff or FERC representative present) and become part of the public record for this proceeding. Transcripts will be publicly available on FERC's eLibrary system

(see paragraph (n) of this notice for instructions on using eLibrary). If a significant number of people are interested in providing oral comments in the one-on-one settings, a time limit of 5 minutes may be implemented for each commentor. Although there will not be a formal presentation, Commission staff will be available throughout the scoping session to answer your questions about the environmental review process. Representatives from KEA will also be present to answer project-specific questions.

Proper conduct will help the sessions maintain a respectful atmosphere for attendees to provide comments effectively. Loudspeakers, lighting, oversized visual aids, other visual or audible disturbances, and disruptive video and photographic equipment are not permitted. Recorded interviews are also not permitted within the session space. FERC reserves the right to end the session if disruptions interfere with the opportunity for individuals to provide oral comments or if there is a safety or security risk.

It is important to note that the Commission provides equal consideration to all comments received, whether filed in written form or provided orally at a scoping session.

q. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502-6595 or *OPP@ferc.gov*.

Clean Air Act Operating Permit Program; Order on Petition for Objection to State Operating Permit for Phillips 66 Pipeline LLC, Denver Terminal

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final order on petition.

SUMMARY: The Environmental Protection Agency (EPA) Administrator signed an order dated May 19, 2026, denying a petition dated September 19, 2025, from the Center for Biological Diversity (CBD). The petition requested that the EPA object to a Clean Air Act (CAA) operating permit issued by the Colorado Department of Public Health and Environment (CDPHE) to Phillips 66 Pipeline LLC (P66) for its Denver Terminal facility located in Commerce City, Colorado.

FOR FURTHER INFORMATION CONTACT: James Floyd, EPA Region Air and Radiation Division, EPA Region 8, 1595 Wynkoop Street, Mail code: 8ARD-AP-P, Denver, CO 80202, telephone number: (303) 312-6975, email address: *floyd.james@epa.gov*; or Suman Kunwar, EPA Region 8 Air and Radiation Division, telephone number: (303) 312-6095, email address:

kunwar.suman@epa.gov. The final order and petition are available electronically at: <https://www.epa.gov/title-v-operating-permits/title-v-petition-database>.

SUPPLEMENTARY INFORMATION: The EPA received a petition from CBD dated September 19, 2025, requesting that the EPA object to the issuance of title V operating permit no. 96OPAD160, issued by CDPHE to P66—Denver Terminal in Commerce City, Colorado. On May 19, 2026, the EPA Administrator issued an order denying the petition. The order itself explains the basis for the EPA's decision.

Sections 307(b) and 505(b)(2) of the CAA provide that a petitioner may request judicial review of those portions of an order that deny issues in a petition. Any petition for review shall be filed in the United States Court of Appeals for the appropriate circuit no later than October 5, 2026.

Public Water System Supervision Program Revision Approvals for the States of Indiana and Illinois

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of tentative.

SUMMARY: Notice is hereby given that the Environmental Protection Agency (EPA) has approved the State of Indiana's revisions to its Public Water System Supervision (PWSS) Program under the federal Safe Drinking Water Act (SDWA) for revisions to four National Primary Drinking Water Regulations (NPDWRs): the Ground Water Rule (GWR), Lead and Copper Rule—Short Term Revisions (LCR-STR), Long-Term 2 Enhanced Surface Water Treatment Rule (LT2 ESWTR), and the Stage 2 Disinfectants and Disinfection Byproducts Rule (Stage 2 D/DBPR). The EPA has determined that the State of Indiana's PWSS program regulations and the revisions thereto are no less stringent than the above corresponding federal regulations and thus give the Indiana Department of Environmental Management primary enforcement responsibility for the GWR, LCR-STR, LT2 ESWTR, and Stage 2 D/DBPR.
