

proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed extension of the collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.¹

Title: Requirements for Derivatives Clearing Organizations, OMB Control No. 3038–0076. This is a request for an extension of a currently approved information collection.

Abstract: Commission Regulations 39.10, 39.11, 39.12, 39.13, 39.14, 39.15, 39.16, 39.17, 39.18, 39.19, 39.21, 39.24 and 39.27 establish reporting requirements for registered derivatives clearing organizations (“DCOs”). Regulation 39.3 requires any person seeking to register as a DCO to submit a completed Form DCO as provided in appendix A to part 39, accompanied by all applicable exhibits. Subpart C of part 39 includes additional requirements for systemically important DCOs and DCOs that elect to be subject to subpart C. Subpart D of part 39 includes requirements for DCOs subject to alternative compliance. The rules establish reporting and recordkeeping requirements that implement section 5b of the Commodity Exchange Act (CEA), and are necessary for the Commission to assess compliance of DCOs and DCO applicants with requirements prescribed in the CEA and Commission regulations.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed extension of the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission’s estimate of the burden of the proposed extension of the collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of

information technology; *e.g.*, permitting electronic submission of responses.

Burden Statement: The Commission is revising its estimate of the burden for this existing collection of information. The Commission is increasing its estimate of the total number of registered DCOs from 13 to 24. Similarly, the Commission is increasing its estimate of the total number of applicants for full DCO registration from one to 10. The estimates are based on the current number of DCOs registered with the Commission, as well as pending applications for full DCO registration as of July 2026.

The respondent burden for this collection is estimated to be as follows:

Total Estimated Burden for Information Collection

Estimated number of respondents: 109.

Estimated annual reports per respondent: 240.

Estimated total annual responses: 26,119.

Estimated average burden hours per respondent: 907.

Estimated total annual burden hours: 98,886.

Frequency of Collection: Daily, monthly, quarterly, annually, and on occasion.

The capital and start-up or operations and maintenance costs associated with this collection are estimated at \$821,470.

Title: Disclosure and Retention of Certain Information Relating to Cleared Swaps Customer Collateral (OMB Control No. 3038–0091). This is a request for an extension of a currently approved information collection.

Abstract: Section 724(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, Public Law 111–023, 124 stat. 1376, amended the Commodity Exchange Act (“CEA”), 7 U.S.C. 1 *et seq.*, to add, as section 4d(f) thereof, provisions concerning the protection of collateral provided by a Cleared Swaps Customer to margin, guaranty, or secure a swap cleared by or through a derivatives clearing organization (“DCO”). Broadly speaking, in cleared swaps transactions customers provide collateral to futures commission merchants (“FCMs”) through whom they clear their transactions. FCMs, in turn, may provide customer collateral to DCOs, through which FCMs clear transactions for their customers. 17 CFR part 22 is intended to implement CEA section 4d(f). Several of the sections of part 22 require collections of information.

Section 22.2(g) requires each FCM with Cleared Swaps Customer Accounts to compute daily the amount of Cleared Swaps Customer Collateral on deposit in Cleared Swaps Customer Accounts, the amount of such collateral required to be on deposit in such accounts and the amount of the FCM's residual financial interest in such accounts. The purpose of this collection of information is to help ensure that FCMs' Cleared Swaps Customer Accounts are in compliance at all times with statutory and regulatory requirements for such accounts.

Section 22.5(a) requires an FCM or DCO to obtain, from each depository with which it deposits cleared swaps customer funds, a letter acknowledging that such funds belong to the Cleared Swaps Customers of the FCM, and not the FCM itself or any other person. The purpose of this collection of information is to confirm that the depository understands its responsibilities with respect to protection of cleared swaps customer funds.

Section 22.11 requires each FCM that intermediates cleared swaps for customers on or subject to the rules of a DCO, whether directly as a clearing member or indirectly through a Collecting FCM, to provide the DCO with information sufficient to identify

each customer of the FCM whose swaps are cleared by the FCM. Section 22.11 also requires the FCM, at least once daily, to provide the DCO with information sufficient to identify each customer's portfolio of rights and obligations arising out of cleared swaps intermediated by the FCM. The purpose of this collection of information is to facilitate risk management by DCOs in the event of default by the FCM, to enable DCOs to perform their duty, pursuant to section 22.15, to treat the collateral attributed to each customer of the FCM on an individual basis.

Section 22.12 requires that each DCO and FCM, on a daily basis, calculate, based on information received pursuant to section 22.11 and on information generated and used in the ordinary course of business by the DCO or FCM, and record certain information about the amount of collateral required for each Cleared Swaps Customer and the sum of these amounts. As with section 22.11, the purpose of this collection of information is to facilitate risk management by DCOs and in the event of default by the FCM, to enable DCOs to perform their duty, pursuant to section 22.15, to treat the collateral attributed to each customer of the FCM on an individual basis.

Section 22.16 requires that each FCM who has Cleared Swaps Customers disclose to each of such customers the governing provisions, as established by DCO rules or customer agreements between collecting and depositing FCMs, relating to use of customer collateral, transfer, neutralization of the risks, or liquidation of cleared swaps in the event of a default by a Depositing FCM relating to a Cleared Swaps Customer Account. The purpose of this collection of information is to ensure that Cleared Swaps Customers are informed of the procedures to which accounts containing their swaps collateral may be subject in the event of a default by their FCM.

Section 22.17 requires that each FCM produce a written notice of the reasons and the details concerning withdrawals from a Cleared Swaps Customers Account not for the benefit of Cleared Swap Customers if such withdrawal will exceed 25% of the FCMs residual interest in such account.

With respect to the collection of information, the CFTC invites comments on:

- Whether the proposed extension of collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;

- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission's regulations.¹

The CFTC reserves the right, but shall have no obligation, to review, pre-screen, filter, or redact all or any part of your comment submission. The CFTC also reserves the right, without further notification, to refuse to publish or to remove from public view all or any part of your submission to the extent it contains content inappropriate for publication in a comment file, such as—without limitation—obscene language, threats of violence, solicitations for commercial sales or illegal activity, or obvious spam. If a submission that is refused for or withdrawn from publication because of inappropriate content also contains comments on the merits of this proposal, such submission will be retained in the record for the matter and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the FOIA.

Burden Statement: The Commission is revising its estimate of the burden for this collection for 95 respondents (71 FCMs and 24 DCOs). The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 95.

Estimated Average Burden Hours per Respondent: 314.

Estimated Total Annual Burden Hours: 29,830.

Frequency of Collection: Section 22.2(g)—Daily. Section 22.5(a)—Once. Section 22.11—Daily. Section 22.12—Daily. Section 22.16—Once. Section 22.17—On occasion.

There are no capital costs or operating and maintenance costs associated with this collection.
