DATES: *Comments due* September 8, 2026.

ADDRESSES: The public may view and comment on this information collection request at: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202608-0970-001. You can also obtain copies of the proposed collection of information by emailing infocollection@acf.hhs.gov. Identify all emailed requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The NRS is required to have a system for collecting and analyzing data to report on calls, emails, chat, texts, and online messages received as well as other information, such as prevention resources, referrals, demographics, and visitors to the NRS website. The NRS must submit to FYSB monthly and semi-annual reports that include the following:

- Number of calls received, answered, and missed.
- Number of chats, emails, and texts received; number of chats, emails, and

texts answered; and number of chats, emails, and texts that were missed and did not receive a response, in which the users are youth in crisis, runaway youth, and youth experiencing homelessness.

- Number of parents, legal guardians, and service providers contacting the NRS and the type of resources, interventions, and technical support/assistance requested and provided.
- Number and type of prevention materials disseminated to communities, especially to underserved populations.
- Number and type of unique visitors to the NRS' website.
- Information on referrals provided and where youth were referred for services.
- Information on the callers' or users' demographics and where they were located when contacting the NRS.
- Information on the prevention materials developed and disseminated by the NRS.
- Information and analysis of the latest trends and their impact on runaway prevention.

The NRS will continue to use two online forms, one form to collect relevant information disclosed during calls, emails, and forum posts and a second online form to collect information from chats. All data will be provided to FYSB in the aggregate and no personally identifiable data are collected.

The information collected will allow FYSB to better understand the types of services needed by youth contacting the NRS, as well as to identify outreach and prevention strategies to increase the visibility of the NRS services among youth experiencing housing instability, homelessness, youth who run away, and youth in crisis. Additionally, The findings from this data collection will be included in a required report to Congress to provide accurate information on the status of youth in crisis and runaway and homeless youth nationwide.

Respondents: Youth and adults who contact the NRS during calls, chats, emails, and forum posts.

Submission for OMB Review; 30-Day Comment Request

NIH Office of Intramural Training & Education—Application, Registration, and Alumni AGENCY: National Institutes of Health, HHS.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the National Institutes of Health (NIH) has submitted to the Office of Management and Budget (OMB) a request for review and approval of the information collection listed below.

DATES: Comments regarding this information collection are best assured of having their full effect if received by September 8, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and instruments, contact: Dr. Patricia

Wagner, Program Analyst, Office of Intramural Training & Education (OITE), Office of Intramural Research (OIR), Office of the Director (OD), National Institutes of Health (NIH); 2 Center Drive; Building 2/2nd Floor; Bethesda, MD 20892 or call non-toll-free number 240-476-3619 or email your request, including your address to: pat.wagner@nih.gov.

SUPPLEMENTARY INFORMATION: This proposed information collection was previously published in the **Federal Register** on April 30, 2026 on pages 23290–23291 (Volume 91 No. 83) and allowed 60 days for public comment. Zero public comments were received. The purpose of this notice is to allow an additional 30 days for public comment. The Office of the Director (OD), National Institutes of Health (NIH), may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays

a currently valid Office of Management and Budget (OMB) control number.

In compliance with Section 3507(a)(1)(D) of the Paperwork Reduction Act of 1995, NIH has submitted to the OMB a request for review and approval of the information collection listed below.

Proposed Collection: NIH Office of Intramural Training & Education—Application, Registration, and Alumni Systems, 0925–0299, exp., date, 31-May-2027, REVISION, Office of Intramural Training & Education (OITE), Office of Intramural Research (OIR), Office of the Director (OD), National Institutes of Health (NIH).

Need and Use of Information Collection: The Office of Intramural Training & Education (OITE) administers a variety of programs and initiatives to recruit pre-college through post-doctoral educational level individuals into the National Institutes of Health Intramural Research Program (NIH–IRP) to facilitate their development into future biomedical scientists. The proposed information

collection is necessary to assess the eligibility and quality of potential awardees for traineeships in these programs.

The OITE collection systems use templates that have features that may be enabled based on that particular program need, this includes the following categories: number of recommendation letters, financial need statement, NIH campus location, etc. In addition, these templates allow for program specific labeling and directions to ensure each collection form is tailored for a specific training program, including but not limited to: Summer Internship Program (SIP), Postbaccalaureate Program (PBP), Graduate Partnerships Program (GPP), Undergraduate Scholarship Program (UGSP), and Fellows Award for Research Excellence (FARE).

The collection forms solicit the following information categories: personal information, eligibility criteria, contact information, university-assigned student identification number, training

program selection, scientific discipline interests, educational level, educational history, reference information, resume components, employment history, employment interests, research abstract, personal statement, letters of recommendation, financial aid need, and sensitive data.

Additional collection forms are designed to collect information relevant to on-boarding paperwork, event registrations, offboarding paperwork, interview experience feedback, and training program experience feedback. Sensitive data collected on the applicants: race/ethnicity, sex, relatives at NIH, and recruitment method, are made available only to select OITE staff members or in aggregate form to select NIH offices; no sensitive information is provided to the admission committees for admission consideration.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 14,311.
