

hours. However, the Commission estimates that at least 90% of this burden would be incurred in any case as a normal business practice, resulting in an estimated actual annual burden of 2,502,675 hours attributable to the rule. The estimated annual cost per entity is \$613,200, broken down as follows: 175 hours by office clerks at \$144 per hour (\$25,200); 1,312.5 hours by fund accountants and auditors at \$348 per hour (\$456,750); 87.5 hours by lawyers at \$744 per hour (\$65,100); and 175 hours by management analysts at \$378 per hour (\$66,150). The total estimated annual cost to the industry attributable to the rule is approximately \$877 million. There is no external cost burden beyond the internal labor costs described above.

This is a recordkeeping requirement and no reporting or filing with the Commission is required; therefore, confidentiality is not applicable. The records required by rule 31a-1 are required to be preserved pursuant to rule 31a-2 under the Investment Company Act (17 CFR 270.31a-2), which specifies the retention periods for various categories of records.
