Foreign-Trade Zones Board

[B–99–2026]

Foreign-Trade Zone (FTZ) 21, Notification of Proposed Production Activity; Translucent Solar, LLC; (Solar Modules); Summerville, South Carolina

Translucent Solar, LLC submitted a notification of proposed production activity to the FTZ Board (the Board) for its facility in Summerville, South Carolina within FTZ 21. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on July 31, 2026.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished product is solar photovoltaic modules, comprised of connected half cut monocrystalline silicon heterojunction photovoltaic cells sealed between two layers of low iron glass, framed with aluminum and with an added junction box on the back (duty-free).

The proposed foreign-status materials/components include low-iron patterned ARC solar glass double coating—1297*2378*2 mm, low iron solar patterned rear glass/float glass—1297*2378*2 mm, and G12 or G12R monocrystalline heterojunction cells (duty rate ranges from duty-free to 5%).

The request indicates that certain materials/components are subject to duties under section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign (PF) status (19 CFR 146.41). The request also indicates that crystalline photovoltaic cells are subject to an antidumping/countervailing duty (AD/CVD) order/investigation if imported from India. The Board's regulations (15 CFR 400.13(c)(2)) require that merchandise subject to AD/CVD orders, or items which would be otherwise subject to suspension of liquidation under AD/CVD procedures if they entered U.S. customs territory, be admitted to the zone in PF status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is September 16, 2026.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

Dated: August 4, 2026.

Elizabeth Whiteman,

Executive Secretary.

Tin Mill Products From Taiwan and the Republic of Türkiye: Postponement of Preliminary Determination in the Less-Than-Fair-Value Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable August 7, 2026.

FOR FURTHER INFORMATION CONTACT:

Carter Sherwin at (202) 482–4260 (Taiwan); Joshua Jacobson at (202) 482–0266 or Paul Kebker at (202) 482–2254 (Republic of Türkiye (Türkiye)), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On April 29, 2026, the U.S. Department of Commerce (Commerce) initiated the less-than-fair-value (LTFV) investigations of imports of tin mill products from Taiwan and Türkiye.¹ Currently, the preliminary

determinations are due no later than September 16, 2026.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1)(A)(b)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) the petitioner² makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On July 29, 2026, the petitioners submitted a timely request that Commerce postpone the preliminary determinations in these LTFV investigations.³ The petitioners stated that it requests postponement in order to allow for sufficient time to analyze and comment on responses submitted on behalf of the company selected for individual examination in this review and to ensure Commerce has sufficient time to develop a comprehensive record of in this investigation.⁴

For the reasons stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determinations by 50 days (*i.e.*, 190 days after the date on which these investigations were initiated). As a result, Commerce will issue its preliminary determinations no later than November 5, 2026. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations of

these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: August 4, 2026.
