where there is likely to be more liquidity. Together, these aspects of Amendment No. 27 allow for price discovery to take place during the overnight session while protecting investors from trading at potentially aberrant prices in a low-liquidity overnight trading environment.

Second, Amendment No. 27 establishes uniform protections across all trading centers that operate during Overnight Protected Hours. All trading centers in NMS Stocks that operate during Overnight Protected Hours will be required to establish, maintain, and enforce written policies and procedures that are reasonably designed to prevent both trades and the display of prices outside the Overnight Price Bands during Overnight Protected Hours. This uniformity should help promote fair and orderly markets in NMS Stocks across all trading centers during Overnight Protected Hours.

Third, Amendment No. 27 is a measured, first-step to address extraordinary volatility during overnight trading of NMS Stocks, and it is being implemented as the first step in a two-step phased approach to applying the Plan's investor protections to overnight trading sessions. As noted in the proposal, the Participants intend to gather and analyze information concerning overnight trading and will use that information to develop future recommendations for Plan operation during Overnight Protected Hours.[29]

V. Conclusion

It is therefore ordered, pursuant to Section 11A of the Exchange Act [30] and Rule 608 thereunder,[31] that Amendment No. 27 to the Plan (File No. 4–631) be, and it hereby is, approved.

By the Commission.

Sherry R. Haywood,

Assistant Secretary.
