

included in the scope. Subject merchandise includes common alloy sheet that has been further processed in a third country, including but not limited to annealing, tempering, painting, varnishing, trimming, cutting, punching, and/or slitting, or any other processing that would not otherwise remove the merchandise from the scope of these orders if performed in the country of manufacture of the common alloy sheet.

Excluded from the scope of these orders is aluminum can stock, which is suitable for use in the manufacture of aluminum beverage cans, lids of such cans, or tabs used to open such cans. Aluminum can stock is produced to gauges that range from 0.200 mm to 0.292 mm, and has an H-19, H-41, H-48, H-39, or H-391 temper. In addition, aluminum can stock has a lubricant applied to the flat surfaces of the can stock to facilitate its movement through machines used in the manufacture of beverage cans. Aluminum can stock is generally classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7606.12.3045 and 7606.12.3055; however, the written description of aluminum can stock covered by the scope exclusion set forth above is dispositive, regardless of HTSUS classification.

Where the nominal and actual measurements vary, a product is within the scope if application of either the nominal or actual measurement would place it within the scope based on the definitions set for the above.

Common alloy sheet is currently classifiable under HTSUS subheadings 7606.11.3060, 7606.11.6000, 7606.12.3096, 7606.12.6000, 7606.91.3095, 7606.91.6095, 7606.92.3035, and 7606.92.6095. Further, merchandise that falls within the scope of these orders may also be entered into the United States under HTSUS subheadings 7606.11.3030, 7606.12.3015, 7606.12.3025, 7606.12.3035, 7606.12.3091, 7606.91.3055, 7606.91.6055, 7606.92.3025, 7606.92.6055, 7607.11.9090. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of these orders is dispositive.

Appendix II

Proposed Scope of the Bahrain et al. Aluminum Sheet Orders

The merchandise covered by these orders is common alloy aluminum sheet, which is a flat-rolled aluminum product having a thickness of 6.3 mm or less, but greater than 0.2 mm, in coils or cut-to-length, regardless of width. Common alloy sheet within the scope of these orders includes both not clad aluminum sheet, as well as multi-alloy, clad aluminum sheet. With respect to not clad aluminum sheet, common alloy sheet is manufactured from a 1XXX-, 3XXX-, or 5XXX-series alloy as designated by the Aluminum Association. With respect to multi-alloy, clad aluminum sheet, common alloy sheet is produced from a 3XXX-series core, to which cladding layers are applied to either one or both sides of the core. The use of a proprietary alloy or non-proprietary alloy that is not specifically registered by the Aluminum Association as a discrete 1XXX-,

3XXX-, or 5XXX-series alloy, but that otherwise has a chemistry that is consistent with these designations, does not remove an otherwise in-scope product from the scope.

Common alloy sheet may be made to ASTM specification B209-14 but can also be made to other specifications. Regardless of specification, however, all common alloy sheet meeting the scope description is included in the scope. Subject merchandise includes common alloy sheet that has been further processed in a third country, including but not limited to annealing, tempering, painting, varnishing, trimming, cutting, punching, and/or slitting, or any other processing that would not otherwise remove the merchandise from the scope of these orders if performed in the country of manufacture of the common alloy sheet.

Excluded from the scope of these orders is aluminum can stock, which is suitable for use in the manufacture of aluminum beverage cans, lids of such cans, or tabs used to open such cans. Aluminum can stock is produced to gauges that range from 0.200 mm to 0.292 mm, and has an H-19, H-41, H-48, H-39, or H-391 temper. In addition, aluminum can stock has a lubricant applied to the flat surfaces of the can stock to facilitate its movement through machines used in the manufacture of beverage cans. Aluminum can stock is generally classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7606.12.3045 and 7606.12.3055; however, the written description of aluminum can stock covered by the scope exclusion set forth above is dispositive, regardless of HTSUS classification.

Where the nominal and actual measurements vary, a product is within the scope if application of either the nominal or actual measurement would place it within the scope based on the definitions set for the above.

Common alloy sheet is currently classifiable under HTSUS subheadings 7606.11.3060, 7606.11.6000, 7606.12.3096, 7606.12.6000, 7606.91.3095, 7606.91.6095, 7606.92.3035, and 7606.92.6095. Further, merchandise that falls within the scope of these orders may also be entered into the United States under HTSUS subheadings 7606.11.3030, 7606.12.3015, 7606.12.3025, 7606.12.3035, 7606.12.3091, 7606.91.3055, 7606.91.6055, 7606.92.3025, 7606.92.6055, 7607.11.9090. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of these orders is dispositive.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XF948]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Groundfish Advisory Subpanel (GAP), Groundfish Management Team (GMT), Ecosystem Workgroup (EWG), Ecosystem Advisory Subpanel (EAS), Highly Migratory Species Advisory Subpanel (HMSAS), Highly Migratory Species Management Team (HMSMT), Salmon Technical Team (STT), and Salmon Advisory Subpanel (SAS) will hold online meetings to discuss items on the Pacific Council's September 2026 meeting agenda as detailed in the Supplementary Information section below. These meetings are open to the public.

DATES: The GAP and GMT will hold a meeting on Friday, September 11, 2026, from 1 p.m. to 5 p.m. and Monday, September 14, 2026, from 9 a.m. to 4 p.m. Pacific Daylight Time (PDT), or until business is completed.

The GAP will hold a meeting on Tuesday, September 15, 2026, from 12 p.m. to 3 p.m. PDT, or until business is completed.

The GMT will hold a meeting on Tuesday, September 15, 2026, and Wednesday, September 16, 2026, from 8 a.m. to 5 p.m. PDT, or until business is completed.

The EWG meeting will be held Tuesday, September 15, 2026, from 9 a.m. to 12 p.m. PDT, or until business is completed.

The EAS meeting will be held Thursday, September 3, 2026, from 1 p.m. to 4 p.m. PDT, or until business is completed.

The HMSMT meeting will be held Wednesday, September 9, 2026, from 8:30 a.m. to 5 p.m. PDT, or until business is completed. A portion of the meeting will be a joint session with the HMSAS.

The HMSAS meeting will be held Wednesday, September 9, 2026, from 8:30 a.m. to 5 p.m. PDT, or until business is completed. A portion of the meeting will be a joint session with the HMSMT.

The STT meeting will be held Wednesday, September 9, 2026, from 9

a.m. to 4 p.m. PDT, or until business is completed.

The SAS meeting will be held Monday, September 14, 2026, from 9 a.m. to 4 p.m. PDT, or until business is completed.

ADDRESSES: These meetings will be held online. Specific meeting information, including directions on how to join the meeting and system requirements, will be provided in the meeting announcements on the Pacific Council's website (see www.pcouncil.org). You may send an email to Mr. Hayden York (hayden.york@pcouncil.org) or contact him at (503) 820-2424 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Angela Forristall, Staff Officer, Pacific Council; telephone: (503) 820-2419.

SUPPLEMENTARY INFORMATION: The primary purpose of these meetings is for the GAP, GMT, EWG, EAS, HMSAS, HMSMT, STT, and SAS to prepare for the September 2026 Pacific Council meeting. The GAP, GMT, EWG, EAS, HMSAS, HMSMT, STT, and SAS will discuss items related to each advisory body's particular management items and other matters on the Pacific Council's September agenda. No management actions will be decided by the GAP, GMT, EWG, EAS, HMSAS, HMSMT, STT, or SAS. The GAP, GMT, EWG, EAS, HMSAS, HMSMT, STT, and SAS recommendations will be considered by the Pacific Council at their September Council meeting. A detailed agenda for each of the GAP, GMT, EWG, EAS, HMSAS, HMSMT, STT, and SAS webinars will be available on the Pacific Council's website prior to the meetings.

Although non-emergency issues not contained in the meeting agendas may be discussed, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Hayden York (hayden.york@pcouncil.org; (503) 820-2424) at least 10 days prior to the meeting date.

(Authority: 16 U.S.C. 1801 *et seq.*)

Dated: August 6, 2026.

Anna Michelle Harrison,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Takes of Marine Mammals Incidental To Specified Activities; Taking Marine Mammals Incidental to the North Barge Expansion Project at Dutch Harbor, Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; proposed incidental harassment authorization; request for comments on proposed authorization and possible renewal.

SUMMARY: NMFS has received a request from the Qawalangin Tribe of Unalaska (QTU) for authorization to take marine mammals incidental to the North Barge Expansion Project at Dutch Harbor, Alaska. Pursuant to the Marine Mammal Protection Act (MMPA), NMFS is requesting comments on its proposal to issue an incidental harassment authorization (IHA) to take marine mammals incidental to the specified activities. NMFS is also requesting comments on a possible one-time, 1-year renewal that could be issued under certain circumstances and if all requirements are met, as described in the Request for Public Comments section at the end of this notice. NMFS will consider public comments prior to making any final decision on the issuance of the requested MMPA authorization.

DATES: Comments and information must be received no later than September 10, 2026.

ADDRESSES: Comments should be addressed to Howard Goldstein, Biologist, Permits and Conservation Division, Office of Protected Resources (OPR), NMFS and should be submitted via email to ITP.Goldstein@noaa.gov. Electronic copies of the application and supporting documents, as well as a list of the references cited in this document, may be obtained online at: [https://www.fisheries.noaa.gov/national/marine-mammal-protection/incidental-take-authorizations-construction-](https://www.fisheries.noaa.gov/national/marine-mammal-protection/incidental-take-authorizations-construction-activities)

activities. In case of problems accessing these documents, please call the contact listed below.

Instructions: NMFS is not responsible for comments sent by any other method, to any other address or individual, or received after the end of the comment period. Comments, including all attachments, must not exceed a 25-megabyte file size. All comments received are a part of the public record and will generally be posted online at: <https://www.fisheries.noaa.gov/permit/incidental-take-authorizations-under-marine-mammal-protection-act> without change. All personal identifying information (*e.g.*, name, address) voluntarily submitted by the commenter may be publicly accessible. Do not submit confidential business information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Howard Goldstein, OPR, NMFS, (301) 427-8417.

SUPPLEMENTARY INFORMATION:

Background

The MMPA prohibits the "take" of marine mammals, with certain exceptions. Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are proposed or, if the taking is limited to harassment, a notice of a proposed IHA is provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for taking for subsistence uses (where relevant). If such findings are made, NMFS must prescribe the permissible methods of taking and other "means of effecting the least practicable adverse impact" on the affected species or stocks and their habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of the species or stocks for taking for certain subsistence uses (referred to as "mitigation"); and requirements pertaining to the mitigation, monitoring and reporting of the takings. The definitions of all applicable MMPA statutory terms cited above are included
