

reduce potential effects on subsistence harvest of sea otters:

- (i) Avoid work in areas of known sea otter subsistence harvest;
- (ii) Discuss the planned activities with subsistence stakeholders including Southeast Alaska villages and traditional councils;
- (iii) Identify and work to resolve concerns of stakeholders regarding the project's effects on subsistence hunting of sea otters; and
- (iv) If any concerns remain, develop a POC in consultation with the FWS and subsistence stakeholders to address these concerns.

F. Reporting Requirements

(26) The applicant, TMC, must notify the FWS at least 48 hours prior to commencement of activities.

(27) Monthly reports will be submitted to the FWS's Marine Mammals Management office (MMM) for all months during which noise-generating work takes place. The monthly report will contain and summarize the following information: dates, times, weather, and sea conditions (including the Beaufort Scale sea state and wind force conditions) when sea otters were observed; the number, location, distance from the sound source, and behavior of the sea otters; the associated project activities; and a description of the implementation and effectiveness of mitigation measures with a discussion of any specific behaviors the sea otters exhibited in response to mitigation.

(28) A final report will be submitted to the FWS's MMM within 90 days after completion of work or expiration of the IHA. The report will include:

- (i) A summary of monitoring efforts (hours of monitoring, activities monitored, number of PSOs, and, if requested by the FWS, the daily monitoring logs).
- (ii) A description of all project activities, any additional work yet to be done, factors influencing visibility and detectability of marine mammals (*e.g.*, sea state, fog, glare, and number of PSOs), and factors correlated with the presence and distribution of sea otters (*e.g.*, weather, sea state, and project activities).
- (iii) An estimate of the number of sea otters exposed to noise at received levels greater than or equal to Level A harassment and Level B harassment (based on visual observation).
- (iv) A description of changes in sea otter behavior resulting from project activities and any specific behaviors of interest.
- (v) A discussion of the mitigation measures implemented during project

activities and their observed effectiveness for minimizing impacts on sea otters. Sea otter observation records will be provided to the FWS in the form of electronic database or spreadsheet files.

(29) Injured, dead, or distressed sea otters that are not associated with project activities (for example, animals known to be from outside the project location, previously wounded animals, or carcasses with moderate to advanced decomposition or scavenger damage) must be reported to the FWS within 24 hours of the discovery to either the FWS's MMM (907) 786-3800, business hours; or the Alaska SeaLife Center in Seward (1-888-774-7325, 24 hours a day), or both. Photographs, video, location information, or any other available documentation must be provided to the FWS.

(30) All reports shall be submitted by email to fw7_mmm_reports@fws.gov.

(31) The TMC must notify the FWS upon project completion or end of the work season.

Gregory Gutierrez (202-205-1999), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. The public record for this proceeding may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On July 6 2026, the Commission determined that the domestic interested party group response to its notice of institution (91 FR 16234, April 1, 2026) of the subject five-year reviews was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant

conducting full reviews.¹ Accordingly, the Commission determined that it would conduct expedited reviews pursuant to section 751(c)(3) of the Act (19 U.S.C. 1675(c)(3)).

For further information concerning the conduct of these reviews and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Staff report.—A staff report containing information concerning the subject matter of the reviews has been placed in the nonpublic record, and will be made available to persons on the Administrative Protective Order service list for these reviews on August 25, 2026. A public version will be issued thereafter, pursuant to § 207.62(d)(4) of the Commission's rules.

Written submissions.—As provided in § 207.62(d) of the Commission's rules, interested parties that are parties to the reviews and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to the reviews may file written comments with the Secretary on what determination the Commission should reach in the reviews. Comments are due on or before 5:15 p.m. on September 1, 2026, and may not contain new factual information. Any person that is neither a party to the five-year reviews nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the reviews by September 1, 2026. However, should the Department of Commerce ("Commerce") extend the time limit for its completion of the final results of its reviews, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of Commerce's results. If comments contain business proprietary information (BPI), they must conform with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on Filing Procedures*, available on the Commission's website at https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf, elaborates

¹ A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements will be available from the Office of the Secretary and at the Commission's website.

² The Commission has found the response submitted on behalf of Edsal Manufacturing Company LLC to be individually adequate. Comments from other interested parties will not be accepted (see 19 CFR 207.62(d)(2)).

upon the Commission's procedures with respect to filings.

In accordance with §§ 201.16(c) and 207.3 of the rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Determination.—The Commission has determined these reviews are extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

Authority. These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to § 207.62 of the Commission's rules.

By order of the Commission.

Issued: August 7, 2026.

Lisa Barton,

Secretary to the Commission.
