

for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁵ and Rule 19b-4(f)(6)¹⁶ thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)¹⁷ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b4(f)(6)(iii),¹⁸ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative immediately upon filing. The Exchange states that the proposed rule change eliminates duplicative procedural obligations applicable to the Exchange in its capacity as a UTP trading venue because the primary listing exchange's information circular already provides Members with the same disclosures the Exchange would otherwise be required to produce.¹⁹ The Exchange also notes that the proposed rule change does not alter the terms or conditions under which UTP Exchange Traded Products may be traded on the Exchange. For these reasons, the Commission finds that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposed rule change to be operative upon filing.²⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

¹⁶ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-3AU3.4(f)(6)(iii) requires the Exchange to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁸ 17 CFR 240.19b-4(f)(6)(iii).

¹⁹ The Exchange represents that such information circulars are generally available on the primary listing exchange's website. See *supra* note 7.

²⁰ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-106067; File No. SR-ISE-2026-42]

Self-Regulatory Organizations; Nasdaq ISE, LLC; Notice of Filing of Proposed Rule Change To Amend the Criteria for Underlying Securities

August 10, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 28, 2026, Nasdaq ISE, LLC ("ISE" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Options 4, Section 3, Criteria for Underlying Securities, to adopt listing criteria for options on Commodity-Based Trusts that hold one or more digital commodities.

The text of the proposed rule change is available on the Exchange's website at

<https://listingcenter.nasdaq.com/rulebook/ise/rulefilings>, and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its listing rules at ISE Options 4, Section 3, Criteria for Underlying Securities. Specifically, the Exchange proposes to amend the criteria for listing options on Exchange-Traded Fund Shares ("ETFs") at Options 4, Section 3(h).

Background

Currently, Options 4, Section 3(h)(vi) specifies that ISE may list and trade options on shares of a Commodity-Based Trust that meets the generic criteria of The Nasdaq Stock Market LLC ("Nasdaq") Rule 5711(d)³ provided the

³ Nasdaq Rule 5711(d) permits the listing and trading of certain qualifying exchange-traded products that physically hold commodities like precious metals and digital asset commodities on the Exchange. Pursuant to Nasdaq Rule 5711(d), the term "Commodity-Based Trust Shares" means a security that: (1) is issued by a trust, limited liability company, partnership, or other similar entity ("Trust") that, if applicable, is operated by a registered commodity pool operator pursuant to the Commodity Exchange Act, and is not registered as an investment company pursuant to the Investment Company Act of 1940, or series or class thereof; (2) is designed to reflect the performance of one or more reference assets or an index of reference assets, less expenses and other liabilities; (3) in order to reflect the performance as provided in (d)(iii)(A)(2) above, is issued by a Trust that holds (a) one or more commodities or commodity-based assets as defined in (d)(iii)(C) below, and (b) in addition to such commodities or commodity-based assets, may hold securities, cash, and cash equivalents; (4) is issued by such Trust in a specified aggregate minimum number in return for a deposit of (a) a specified quantity of the underlying commodities, commodity-based assets, securities, cash, and/or cash equivalents, or (b) a cash amount with a value based on the next determined net asset value per Trust share; and (5) when aggregated in the same specified minimum number, may be redeemed at a holder's request by such Trust which will deliver to the redeeming holder (a) the specified quantity of the underlying

trust holds a single crypto asset or multiple crypto assets.⁴ Further, a Commodity-Based Trust that meets the requirements of Options 4, Section 3(h)(vi) must also satisfy the following requirements: (A) the total global supply of each underlying crypto asset(s) held by the Commodity-Based Trust has an average daily market value of at least \$700 million over the last 12 months; and (B) each crypto asset held by the Commodity-Based Trust underlies a derivatives contract that trades on a market with which the Exchange has a comprehensive surveillance sharing agreement, whether directly or through common membership in the Intermarket Surveillance Group ("ISG").

Proposal

In light of the recent approval of a proposal that modified the generic listing standards for Commodity-Based Trusts at Nasdaq Rule 5711(d),⁵ the Exchange proposes to amend Options 4, Section 3(h)(3) to align the options rules with the rule text adopted in SR-NASDAQ-2026-032, which will permit the Exchange to list options on Commodity-Based Trust Shares pursuant to the revised listing standards of Nasdaq Rule 5711(d).

Digital Commodity

First, the Exchange proposes to amend Options 4, Section 3(h) to replace the term "crypto asset" with the term "digital commodity." Options 4, Section 3(h) defines the term "crypto asset" as an asset that is generated, issued and/or transferred using a blockchain or similar distributive ledger technology network, including, but not limited to, assets known as "tokens," "digital assets," "virtual currencies," and "coins" and that relies on cryptographic protocols. The proposal will define the term "digital commodity" to mean a commodity that is a digital asset and is intrinsically linked to, and derives its value from, the

commodities, commodity-based assets, securities, cash, and/or cash equivalents, or (b) a cash amount with a value based on the next determined net asset value per Trust share.

⁴ The term "crypto asset" means an asset that is generated, issued and/or transferred using a blockchain or similar distributive ledger technology network including, but not limited to, assets known as "tokens," "digital assets," "virtual currencies," and "coins" and that rely on cryptographic protocols. See Options 4, Section 3(h)(3).

⁵ See Securities Exchange Act Release No. 105995 (July 27, 2026) (SR-NASDAQ-2026-032) (not yet published) ("SR-NASDAQ-2026-032"). This proposal allowed for a buffer of up to 15% of the net asset value of the Commodity-Based Trust Shares holdings to consist of certain assets that do not meet the eligibility criteria under the generic listing standards; added a definition for digital commodity (as defined below); and allowed for actively-managed strategies.
