Any interested person may file written comments with the committee by forwarding the statement to the Contact Person listed on this notice. The statement should include the name, address, telephone number and when applicable, the business or professional affiliation of the interested person.

In the interest of security, NIH has procedures at <https://security.nih.gov/visitors/Pages/visitor-campus-access.aspx> for entrance into on-campus and off-campus facilities. All visitor vehicles, including taxicabs, hotel, and airport shuttles will be inspected before being allowed on campus. Visitors attending a meeting on campus or at an off-campus federal facility will be asked to show one form of identification (for example, a government-issued photo ID, driver's license, or passport) and to state the purpose of their visit.

Information is also available on the Institute's/Center's home page: <https://www.nei.nih.gov/about/advisory-committees/national-advisory-eye-council-naec>, where an agenda and any additional information for the meeting will be posted when available.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services

Agency Information Collection Activities: Proposed Collection; Public Comment Request: Information Collection Request Title: SAMHSA Data Security Requirements for Accessing Confidential Data (OMB No. 0930-0396)

AGENCY: Substance Abuse and Mental Health Services Administration; Center for Behavioral Health Statistics and Quality.

ACTION: Notice.

SUMMARY: Substance Abuse and Mental Health Services (SAMHSA), within the Department of Health and Human Services, has submitted the following information collection requirement to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995. This is the first notice for public comment. SAMHSA will forward the proposed Data Security Requirements for Accessing Confidential Data information collection to the OMB for clearance simultaneously with the publication of the second notice, following the expiration of this first

notice. The full submission may be found at: <http://www.reginfo.gov/public/do/PRAMain>.

DATES: Written comments should be received by October 13, 2026.

ADDRESSES: SAMHSA Reports Clearance Officer, Room 15E-57A, 5600 Fishers Lane, Rockville, MD 20857 OR email to Samhsapra@samhsa.hhs.gov.

FOR FURTHER INFORMATION CONTACT: SAMHSA Reports Clearance Officer, Room 15E-57A, 5600 Fishers Lane, Rockville, MD 20857 OR email to Samhsapra@samhsa.hhs.gov.

SUPPLEMENTARY INFORMATION:

Comments: Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of SAMHSA, including whether the information will have practical utility; (b) the accuracy of SAMHSA's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, use, and clarity of the information to be collected, including through the use of automated collection techniques or other forms of information technology; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated or other forms of information technology.

Proposed Information Collection: Data Security Requirements for Accessing Confidential Data (OMB Control Number: 0930-0396)—Extension

Title III of the Foundations for Evidence-Based Policymaking Act of 2018 (44 U.S.C. 3583) mandates that the Director of OMB establish a standard application process (SAP) for requesting access to certain confidential data assets. The Center for Behavioral Health Statistics and Quality (CBHSQ) is a federally recognized statistical unit and the adoption of the SAP is required for statistical agencies/units designated under the Confidential Information Protection and Statistical Efficiency Act of 2018 (CIPSEA). The SAP Portal is a single web-based common application designed to collect information from individuals requesting access to confidential data assets from federal statistical agencies/units.

The SAP allows agencies, the Congressional Budget Office, State, local, and Tribal governments, researchers, and other individuals, as appropriate, to apply to access confidential data assets held by a federal statistical agency or unit for the purposes of developing evidence. With the Interagency Council on Statistical Policy (ICSP) as advisors, the entities upon whom this requirement is levied

are working with the SAP Project Management Office (PMO) and with OMB to implement the SAP.

The SAP Portal is a single web-based common application designed to collect information from individuals requesting access to confidential data assets from federal statistical agencies and units. When an application for confidential data is approved through the SAP Portal, SAMHSA will collect information to fulfill its data security requirements. This is a required step before providing the individual with access to restricted use microdata for the purpose of evidence building. SAMHSA's data security agreements and other paperwork, along with the corresponding security protocols, allow SAMHSA to maintain careful controls on confidentiality and privacy, as required by law. SAMHSA's collection of data security information will occur outside of the SAP Portal.

The following bullets outline the major components and processes in and around the SAP Portal, leading up to SAMHSA's collection of security requirements.

- **SAP Policy:** At the recommendation of the ICSP, the SAP Policy establishes the SAP to be implemented by statistical agencies and units and incorporates directives from the Evidence Act. The SAP Policy may be found in OMB Memorandum 23-04.

- **The SAP Portal:** The SAP Portal is an application interface connecting applicants seeking data with a catalog of metadata for data assets owned by the federal statistical agencies and units. The SAP Portal is not a new data repository or warehouse; confidential data assets will continue to be stored in secure data access facilities owned and hosted by the federal statistical agencies and units. The Portal provides a streamlined application process across agencies, reducing redundancies in the application process.

- **Data Discovery:** Individuals begin the process of accessing restricted use data by discovering confidential data assets through the SAP metadata catalog, maintained by federal statistical agencies at <https://sap.nsf.gov/>.

- **SAP Portal Application Process:** Individuals who have identified and wish to access confidential data assets apply through the SAP Portal. Applicants must create an account and follow all steps to complete the application. Applicants enter personal, contact, and institutional information for the research team and provide summary information about their proposed project.

- **Submission for Review:** Agencies approve or reject an application within
