[Project No. 3071–008]

Blue Earth County; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff reviewed Blue Earth County's (exemptee) application for surrender of exemption for the Rapidan Hydroelectric Project No. 3071 and have prepared an Environmental Assessment (EA) for the project.¹ To surrender and decommission the project, the exemptee proposes to remove the project features including the dam and powerhouse, reestablish the river channel, and restore the left and right riverbanks in the vicinity of the dam. The project is located on the Blue Earth River, in Blue Earth County, approximately 10 miles south of Mankato, Minnesota. The project does not occupy any federal lands.

The EA contains Commission staff's analysis of the potential environmental effects of the proposed surrender, alternatives to the proposed action, and concludes that the proposed surrender, with appropriate environmental protective measures proposed by the exemptee, would not constitute a major federal action that would significantly affect the quality of the human environment.

The EA may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P–3071) in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1–866–208–3676, or for TTY, (202) 502–8659.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

All comments must be filed by September 9, 2026, 5:00 p.m. Eastern Time.

The Commission strongly encourages electronic filing. Please file comments
