

impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act proposed rule change because it applies to all Market-Makers equally. While no Market-Maker will be or continue to be eligible for the eliminated LMM Incentive Programs, all Market-Makers remain eligible to participate in the Exchange's other pricing programs, including other LMM Incentive Programs offered by the Exchange. The Exchange does not believe the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act, as it applies only to fees and programs applicable to transactions in products that are exclusively listed on the Exchange.

[OMB Control No. 3235-0026]

Agency Information Collection Activities; Proposed Collection; Comment Request; Extension: Form N-2

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. § 3501 *et seq.*), the Securities and Exchange Commission (SEC or "Commission") is soliciting comments on the proposed collection of information described below.

Form N-2 (17 CFR 239.14 and 274.11a-1) is the form used by closed-end management investment companies ("registered closed-end funds") to

register under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) ("Investment Company Act"), and to register their securities under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) ("Securities Act"). Form N-2 is also used by business development companies ("BDCs"), which are closed-end management investment companies that do not register under the Investment Company Act (but instead elect to be subject to certain provisions of the Investment Company Act (15 U.S.C. 80a-2(a)(48)) to register and offer their securities under the Securities Act.

Section 5 of the Securities Act (15 U.S.C. 77e) requires the filing of a registration statement prior to the offer of securities to the public and that the statement be effective before any securities are sold. The primary purpose of the registration process is to provide disclosure of financial and other information to current and potential investors for the purpose of evaluating an investment in a security. Section 5(b) of the Securities Act requires that investors be provided with a prospectus containing the information required in a registration statement prior to the sale, or at the time of confirmation or delivery, of the securities. A closed-end management investment company (that is not a BDC) is required to register as an investment company under Section 8(a) of the Investment Company Act (15 U.S.C. 80a-8(a)). Form N-2 permits a registered closed end fund and a BDC to provide investors with a prospectus covering essential information about the fund when the fund makes an initial or additional offering of its securities. More-detailed information is available to interested investors in the Statement of Additional Information, which is provided to investors upon request and without charge.

The purpose of Form N-2 is to meet the filing and disclosure requirements of the Securities Act and the Investment Company Act and to enable funds to provide investors with information necessary to evaluate an investment in a registered closed-end fund or BDC. The information filed with the Commission permits the verification of compliance with securities law requirements and assures the public availability and dissemination of the information. A registered closed-end fund or BDC must file a registration statement on Form N-2 only when making initial or additional offerings of securities under the Securities Act, or when amending its registration statement. Compliance with the disclosure requirements of Form N-2 is mandatory. Responses to the disclosure

requirements will not be kept confidential.

We estimate that approximately 427 respondents file Form N-2 annually, with 1 response annually per respondent at 344 hours per response, including the time and the cost of preparing and reviewing disclosure, filing documents, and retaining records, for a total annual time burden of 146,888 hours. In addition, we estimate the total annual external cost burden associated with Form N-2 to be \$9,914,940, based on 30 hours of outside services at a wage rate of \$774 per hour for an attorney in the securities industry (\$23,220 per response times 427 respondents).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number.

Written comments are invited on: (a) whether this proposed collection of information is necessary for the proper performance of the functions of the SEC, including whether the information will have practical utility; (b) the accuracy of the SEC's estimate of the burden imposed by the proposed collection of information, including the validity of the methodology and the assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated, electronic collection techniques or other forms of information technology.

Please direct your written comments on this 60-Day Collection Notice to Austin Gerig, Director/Chief Data Officer, Securities and Exchange Commission, c/o Tanya Ruttenberg via email to PaperworkReductionAct@sec.gov by October 16, 2026.

Dated: August 12, 2026.
