

- Technical Assistance to Support the HHS Viral Hepatitis National Strategic Plan
- Health Center Program Support Customer Service Survey
- Bureau of Primary Health Care Customer Service Survey
- Division of Practitioner Data Bank Webinar Feedback and Satisfaction Surveys

Need and Proposed Use of the Information: Results of these surveys will be used to plan and redirect resources and efforts as needed to improve services and processes.

Likely Respondents: HRSA partners are typically state or local governments, health care facilities, health care consortia, health care providers, and

researchers. HRSA partners may also include individuals served by HRSA programs and/or funding recipients. Participation in any collections under this clearance will be entirely voluntary.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search

data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

There will be a modest increase in the number of estimated collections, respondents, and total burden hours based on the shifts in the number of respondents, total burden hours, and the number of generic information collections approved over the past six generic umbrella ICRs. This increase will allow HRSA to assess its performance from a larger swath of its partner population to help ensure that HRSA's customer service delivery continues to improve.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Type of information collection	Number of collections	Number of respondents per collection	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total annual burden hours
Customer Service Instruments	35	3,930	1	137,550	0.13	17,881.50

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, HRSA submitted an Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and approval. Comments submitted during the first public review of this ICR will be provided to OMB. OMB will accept further comments from the public during the review and approval period. OMB may act on HRSA's ICR only after the 30-day comment period for this notice has closed.

DATES: Comments on this ICR should be received no later than September 18, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: To request a copy of the clearance requests submitted to OMB for review, email Samantha Miller, the HRSA Information Collection Clearance Officer, at paperwork@hrsa.gov or call (301) 443-9094.

Health Professions Student Loan Program, Loans for Disadvantaged Students Program, Primary Care Loan Program, and Nursing Student Loan Program Administrative Requirements, OMB No. 0906-0088—Extension.

Abstract: The Health Professions Student Loan (HPSL) Program, authorized by Public Health Service (PHS) Act sections 721-722 and 725-735, is a grant program where recipients provide long-term, low-interest loans to students attending schools of medicine, osteopathic medicine, dentistry, veterinary medicine, optometry, podiatric medicine, and pharmacy. The Loans for Disadvantaged Students (LDS) Program, authorized by PHS Act sections 721-722 and 724-735, is a grant program where recipients provide long-term, low interest loans to certain students attending schools of allopathic medicine, osteopathic medicine, podiatric medicine, dentistry, optometry, pharmacy, and veterinary medicine. The Primary Care Loan (PCL), authorized by PHS Act sections 721-723 and 725-735, is a grant program where recipients provide long-term, low interest loans to students attending schools of allopathic medicine and osteopathic medicine to practice primary health care. The Nursing Student Loan (NSL) Program, authorized by PHS Act sections 835-842, is a grant program where recipients provide long-term, low-interest loans to students who attend eligible schools of nursing in programs leading to a

diploma degree, an associate degree, a baccalaureate degree, or a graduate degree in nursing. These programs have a number of recordkeeping and reporting requirements for academic institutions and loan applicants. The applicable program regulations are found in 42 CFR 57.201–218 and 57.301–318.

A 60-day notice was published in the **Federal Register** on May 27, 2026, vol. 91, No. 101; pp. 31465–67. There was one public comment from the American Pharmacists Association (APhA) that was largely supportive of the HPSSL and LDS programs, the two programs listed in this ICR that support pharmacy education. APhA described challenges facing pharmacy students, especially in light of predicted pharmacist shortages in various regions. APhA encouraged HRSA to create pathways such as the HPSSL program to help pharmacy students access federal loans given the important role pharmacists play related to the nation's public health efforts.

HRSA appreciates APhA's comments and continued support for the HPSSL and LDS program objectives. HPSSL and LDS program recipients with active revolving loan programs continue to issue loans to students, including pharmacy students, even in years when HRSA is not

accepting applications for new grant awards. As the comment did not address any technical or burden-related aspects of this information collection; no changes were made to the information collection tool, methodology, or burden calculations.

The burden table listing estimated burden for reporting requirements (see Table 3) has been updated, estimating 10 burden hours each for record retention and reporting requirements associated with administrative hearings, as well as 10 hours for administrative hearings. The 60-day **Federal Register** notice estimated no respondents or burden hours associated with administrative hearings. This was modified for the 30-day **Federal Register** notice because it is not consistent with the currently approved ICR. As a result, the total administrative burden associated with reporting requirements increased by 30 hours compared to the 60-day **Federal Register** notice but not compared to the currently approved collection.

Need and Proposed Use of the Information: Participating HPSSL, LDS, PCL, and NSL schools are responsible for determining the eligibility of applicants, making loans, and collecting monies owed by borrowers on their

outstanding loans. Participating schools include schools that are no longer disbursing loans but are required to report and maintain program records, student records, and repayment records until all student loans are repaid in full, and all monies due to the federal government are returned.

Likely Respondents: Institutions who have received HPSSL, LDS, PCL, and/or NSL Program awards.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2026-0110]

Notification of the Removal of Conditions of Entry on Vessels Arriving From Nigeria

AGENCY: Coast Guard, DHS.

ACTION: Notice.

SUMMARY: The U.S. Coast Guard announces that it is removing the Federal Republic of Nigeria from the Port Security Advisory.

DATES: The policy announced in this notice is effective on August 19, 2026.

FOR FURTHER INFORMATION CONTACT: For information about this document call or email Mr. Edward Munoz, Division Chief, International Port Security Assessments, U.S. Coast Guard, telephone 202-372-2122, *HQS-DG-IPSPProgramHQS@uscg.mil*.

SUPPLEMENTARY INFORMATION:

Background and Purpose

The authority for this notice is 5 U.S.C. 552(a) ("Administrative

Procedure Act"), 46 U.S.C. 70110 ("Maritime Transportation Security Act"), and Department of Homeland Security Delegation No. 0170.1(II)(97)(f). As delegated, section 70110(a) authorizes the U.S. Coast Guard to impose conditions of entry on vessels arriving in U.S. waters from ports that the U.S. Coast Guard has not found to maintain effective antiterrorism measures.

In 2014, following a determination that Nigeria was not implementing effective antiterrorism measures in its ports, with certain exceptions, the U.S. Coast Guard announced that it was imposing conditions of entry on vessels arriving from Nigeria. Based on recent
