Abstract: The STOP Violence Against Women Formula Grant Program was authorized through the Violence Against Women Act of 1994 (VAWA), amended and reauthorized in 2000, 2005, 2013 and 2022. The STOP (Services, Training, Officers, and Prosecutors) Violence Against Women Formula Grant Program provides funding to states and territories for use by state, local, and Indian Tribal governments, courts, and victim service providers. This program enhances the capacity of local communities to develop and strengthen effective law enforcement and prosecution strategies to combat domestic violence, dating violence, sexual assault and stalking and to develop and strengthen comprehensive, holistic victim services. The grant funds must be distributed by STOP state administrators to subgrantees according to a statutory formula.

This information collection is necessary for the Attorney General and STOP Violence Against Women Formula Grant Program grantees and subgrantees to comply with federal statutory reporting requirements. The information will be used for reports to Congress on the use of appropriated funds in support of the STOP Violence Against Women Formula Grant Program. There are two sets of

respondents—the STOP state administrators who allocate the STOP funds and the subgrantees who may include law enforcement agencies, prosecutors' offices, courts, and victim services organizations.
