

regulations, 18 CFR part 380, Commission staff reviewed the Glencoe Mill, LLC's application to surrender the exemption for the Glencoe Mill Hydroelectric Project No. 7404 and have prepared an Environmental Assessment (EA) for the project.¹ The exemptee is proposing to surrender the project's exemption from licensing but does not propose any additional activities at the project. The project is located on the Haw River in Alamance County, North Carolina. The project does not occupy federal lands.

The EA contains Commission staff's analysis of the potential environmental effects of the proposed surrender, alternatives to the proposed action, and concludes that the proposed surrender of exemption for the Glencoe Mill Hydroelectric Project would not constitute a major federal action that would significantly affect the quality of the human environment.

The EA may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-7404) in the docket number field to access the document.
