SUPPLEMENTARY INFORMATION:

Proposed Project

In 2007, AHRQ developed a systematic method for its grantees to report project progress, and important preliminary findings called the Grants Reporting System (GRS). In 2008, GRS was renamed AHRQ Research Reporting System (ARRS) and in addition to reporting on grant progress, also supported reporting on jobs created under contracts pursuant to the American Recovery and Reinvestment Act of 2009. This includes future research planning and support to administration activities such as performance monitoring,
