

pneumatic manifold or control instrument incorporating electronic sensing and feedback functions for semiconductor manufacturing equipment; parts of pneumatic manifold, automatic regulating or control instrument incorporating electronic sensing and feedback functions for semiconductor manufacturing equipment; pressure controller for gas or liquids for semiconductor manufacturing equipment; mass flow controller of gas or liquids for semiconductor manufacturing equipment; pressure controller panel mount for semiconductor manufacturing equipment; parts of pressure transducer or flow controller for semiconductor manufacturing equipment; metals parts of pressure transducer or flow controller for semiconductor manufacturing equipment; and al or stainless steel brackets for gas panels for semiconductor equipment (duty rate ranges from duty-free to 8.6%).

The request indicates that certain materials/components are subject to duties under section 232 of the Trade Expansion Act of 1962 (section 232) depending on the country of origin. The applicable section 232 decision requires subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41). The request also indicates that parts of gas panel for semiconductor device manufacturing, such as mounting brackets, purge assembly, side panels or enclosures; and fabricated aluminum articles including brackets, supports, clamps, shields, or mounting hardware used in semiconductor manufacturing equipment are subject to an antidumping/countervailing duty (AD/CVD) order/investigation if imported from certain countries. The Board's regulations (15 CFR 400.13(c)(2)) require that merchandise subject to AD/CVD orders, or items which would be otherwise subject to suspension of liquidation under AD/CVD procedures if they entered U.S. customs territory, be admitted to the zone in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is October 5, 2026.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

For further information, contact John Frye at John.Frye@trade.gov.

Foreign-Trade Zones Board

[B–103–2026]

Foreign-Trade Zone (FTZ) 23, Notification of Proposed Production Activity; Niagara Specialty Metals; (Steel Sheets); Akron, New York

Niagara Specialty Metals submitted a notification of proposed production activity to the FTZ Board (the Board) for its facility in Akron, New York within FTZ 23. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on August 19, 2026.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished products include high speed steel sheets, stainless steel sheets, tool steel sheets, alloy steel cut into shapes per customer specifications, and alloy steel sheets (duty-free).

The proposed foreign-status materials/components include stainless steel slabs, alloy steel slabs, and high speed steel slabs (duty-free).

The request indicates that certain materials/components are subject to duties under section 232 of the Trade Expansion Act of 1962 (section 232) depending on the country of origin. The applicable section 232 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is October 5, 2026.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.
