## CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

### FOR FURTHER INFORMATION CONTACT:

Copies of this ICR, with applicable supporting documentation, may be obtained by contacting Laura Schlachter, Ph.D., 202–855–2358, or by email at [LSchlachter@americorps.gov](mailto:LSchlachter@americorps.gov).

**SUPPLEMENTARY INFORMATION:** The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of CNCS, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions;
- Propose ways to enhance the quality, utility, and clarity of the information to be collected; and
- Propose ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

A 60-day Notice requesting public comment on this information collection was published in the **Federal Register** on May 14, 2026 at 91 FR 27309. The comment period ended July 13, 2026. Two public comments were received. Both comments emphasized the utility of the CEV for both research and practice, as well as the importance of AmeriCorps' continued investment of meaningful time and energy into the analysis and reporting of the supplement data. Commenters' primary concerns were related to the reduction in the number of questions about formal volunteering activity in the CEV relative to the 2017 version of the Volunteering supplement.

The Serve America Act (2009) directs AmeriCorps to collect data that captures the broader concept of civic engagement (which includes but is not limited to formally volunteering through organizations). AmeriCorps' Office of Research and Evaluation recognizes that certain stakeholders would value more detailed data on formal volunteering. At this time, however, due to a policy Census introduced in 2022 to minimize respondent burden, AmeriCorps cannot add questions that would increase the length of the CEV. If Census recommendations change and resources allow AmeriCorps to add formal volunteering questions suggested by commenters in future rounds of data collection, the agency would seek a revision to reinstate two questions from the 2017 CEV about types of volunteer organizations (Q16b) and activities (Q16c). These questions underwent cognitive testing and validation as part of the original CEV design process and would generate valuable knowledge
