

the online instructions at that site for submitting comments. Upon submission of your comment, you will receive a Comment Tracking Number. Please be aware that submitted comments are not instantaneously available for public view on <https://www.regulations.gov>. If you have received a Comment Tracking Number, your comment has been successfully submitted and there is no need to resubmit the same comment. All requests for a hearing must be sent to: (1) Drug Enforcement Administration, Attn: Hearing Clerk/OALJ, 8701 Morrisette Drive, Springfield, Virginia 22152; and (2) Drug Enforcement Administration, Attn: DEA Federal Register Representative/DPW, 8701 Morrisette Drive, Springfield, Virginia 22152. All requests for a hearing should also be sent to: Drug Enforcement Administration, Attn: Administrator, 8701 Morrisette Drive, Springfield, Virginia 22152.

SUPPLEMENTARY INFORMATION: In accordance with 21 CFR 1301.34(a), this is notice that on June 1, 2026, Vici Health Sciences, LLC, 6655 Amberton Drive, Suite O Elkridge, Maryland 21075-6202, applied to be registered as an importer of the following basic class(es) of controlled substance(s):

Controlled substance	Drug code	Schedule
Fentanyl-Related Substance.	9850	I

The company plans to import the listed controlled substance as part of a manufacturing process supporting research and clinical trial efforts. No other activity for this drug code is authorized for this registration.

Approval of permit applications will occur only when the registrant's business activity is consistent with what is authorized under 21 U.S.C. 952(a)(2). Authorization will not extend to the import of Food and Drug Administration-approved or non-approved finished dosage forms for commercial sale.

Justin Wood,

Acting Deputy Assistant Administrator.

BILLING CODE P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[NASA Document Number: 26-046]

Name of Information Collection: JSC Form 1830 Report of Medical Examination

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of revision of a currently approved information collection.

SUMMARY: NASA, as part of its continuing effort to reduce paperwork and respondent burden, under the Paperwork Reduction Act (PRA), invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections.

DATES: Comments are due by September 24, 2026.

ADDRESSES: Written comments and recommendations for this information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under Review—Open for Public Comments".

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to NASA PRA Clearance Officer, Stayce Hoult, NASA Headquarters, 300 E Street SW, JC0000, Washington, DC 20546, phone 256-714-8575, or email hq-ocio-pra-program@mail.nasa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

Since the mid-1960s, neutral buoyancy has been an invaluable tool for testing procedures, developing hardware, and training astronauts. Neutrally buoyant conditions sufficiently simulate reduced gravity conditions, comparable to the environmental challenges of space. The Neutral Buoyancy Laboratory (NBL) at NASA Johnson Space Center (JSC) provides opportunities for astronauts to practice future on-orbit procedures, such as extravehicular activities (EVA), and to work through simulation exercises to solve problems encountered on-orbit. NASA hires individuals with demonstrated diving experience as NBL Working Divers in teams comprised of four divers; two safety divers, one utility diver, and one cameraman to assist astronauts practice various tasks encountered in space.

NASA allows guest divers, typically non-federal photographers representing

the media, opportunities to engage in the NBL diving experience. To participate, guest divers must present a dive physical, completed within one year of the targeted diving opportunity, for review by the NBL Dive Physician.

If the guest diver does not have a current U.S. Navy, Association of Diving Contractors (ADC), or current British standard for commercial diving physical, they are required to complete a medical examination, performed by a certified Diving Medical Examiner. The results of the physical will be documented by on the JSC Form 1830 "Report of Medical Examination" for Applicant and presented for review prior to participating in diving activities conducted at the JSC NBL. The associated cost for guest divers to complete the medical examination will vary, typically based on the guest diver's insurance.

A completed JSC Form 1830 with test results attached as applicable, must be submitted to enable NASA to validate an individual's physical ability to dive in the NBL at NASA Johnson Space Center.

NASA is committed to effectively performing the Agency's communication function in accordance with the National Aeronautics and Space Act of 1958, Section 203(a)(3), as amended states "provide for the widest practicable and appropriate dissemination of information concerning its activities and the results thereof", and to enhance public understanding of, and participation in, the Nation's aeronautics and space programs.

II. Methods of Collection

Paper, Email

III. Data

Title: JSC Form 1830 Report of Medical Examination.

OMB Number: 2700-0170.

Type of review: Revision of a Currently Approved Information Collection.

Affected Public: Individuals.

Estimated Annual Number of Activities: 30.

Estimated Number of Respondents per Activity: 1.

Annual Responses: 30.

Estimated Time per Response: 90 minutes.

Estimated Total Annual Burden Hours: 45 Hours.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including

whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Stayce Harris Hault,

PRA Clearance Officer, National Aeronautics and Space Administration.

BILLING CODE 7510-13-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[NASA Document Number: 26-045]

Name of Information Collection: NASA Complaint of Discrimination Form 1355

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of Revision of a currently approved information collection.

SUMMARY: NASA, as part of its continuing effort to reduce paperwork and respondent burden, under the Paperwork Reduction Act (PRA), invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections.

DATES: Comments are due by September 24, 2026.

ADDRESSES: Written comments and recommendations for this information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under Review—Open for Public Comments".

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to NASA PRA Clearance Officer, Stayce Hault, NASA Headquarters, 300 E Street SW, JC0000, Washington, DC 20546, or email hq-ocio-pra-program@mail.nasa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

Federal agencies are required by statute not to engage in discrimination on the bases of race, color, religion, sex, national origin, age, disability, pregnancy, childbirth, or related medical conditions, genetic information, or retaliation. A federal employee, former employee, or job applicant who believes s/he was discriminated against has a right to file a complaint with the agency's office responsible for its Equal Employment Opportunity (EEO) programs. Federal agencies must offer pre-complaint counseling or EEO alternative dispute resolution (EEO ADR) to individuals who allege that they were discriminated against by the agency. If pre-complaint counseling or EEO ADR does not resolve the dispute(s), the individual can file a formal discrimination complaint with the agency's EEO office.

NASA is committed to effectively performing the Agency's communication function in accordance with the National Aeronautics and Space Act of 1958, Section 203(a)(3), as amended states "provide for the widest practicable and appropriate dissemination of information concerning its activities and the results thereof", and to enhance public understanding of, and participation in, the Nation's aeronautics and space programs.

II. Methods of Collection

Paper and electronically.
Title 29 of the Code of Federal Regulations (CFR) Part 1614 Section 104 requires agencies to establish procedures for processing individual and class complaints of discrimination that include the provisions contained in 29 CFR 1614.105 through 1614.110 and in § 1614.204, which are consistent with all other applicable Federal EEO regulations and complaint processing requirements contained in the Equal Employment Opportunity Commission (EEOC) Management Directives (MD).

When an individual decides to pursue the formal discrimination complaint process, EEOC MD 110 requires that the formal complaint must be:

- In writing;
- Specific with regard to the claim(s) that the individual raised in pre-complaint counseling and that the person wishes to pursue;
- Signed by the individual and/or his or her representative; and
- Filed within fifteen (15) calendar days from the date s/he receives the Notice of Right to File a Discrimination Complaint.

Consequently, NASA established NF-1355P form to ensure the individual

who wishes to utilize the EEO process complies with the requirements listed above.

III. Data

Title: NASA Complaint of Discrimination Form 1355.

OMB Number: 2700-0163.

Type of review: Revision of a currently approved information collection.

Affected Public: Individuals who wish to file a formal discrimination complaint against NASA.

Estimated Annual Number of Activities: 60.

Estimated Number of Respondents per Activity: 1.

Annual Responses: 60.

Estimated Time per Response: 30 minutes.

Estimated Total Annual Burden Hours: 30 hours.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Stayce Harris Hault,

PRA Clearance Officer, National Aeronautics and Space Administration.
