SUPPLEMENTARY INFORMATION:**I. Discussion**

On July 14, 2026, Virginia Electric and Power Company, dba Dominion Energy Virginia (Dominion), filed with the NRC, pursuant to Section 103 of the Atomic Energy Act of 1954, as amended, and part 52 of title 10 of the *Code of Federal Regulations* (10 CFR), "Licenses, Certifications, and Approvals for Nuclear Power Plants," an application to request that the NRC renew ESP–003 for an additional 20 years beyond the current November 27, 2027, expiration date or from the date of issuance, whichever is later.

In accordance with subpart A of 10 CFR part 52, an applicant may seek an ESP separate from the filing of an application for a CP or COL. The ESP process allows resolution of issues relating to siting. Renewal of ESP–003 would allow for the licensee to reference the ESP in a CP or COL application for an additional 20-year period beyond the period specified in ESP–003 or from the date of issuance, whichever is later. If an application for a CP or COL references an ESP, the Commission shall treat as resolved those matters resolved in the proceeding on the application for issuance or renewal of the ESP, except as provided for in paragraphs (b), (c), and (d) of 10 CFR 52.39.

In the case of the North Anna site, Dominion holds COL NPF–103 for a reactor designated as North Anna, Unit 3. In the renewal application for ESP–003, Dominion notified the NRC of its decision to place COL NPF–103 in deferred status. Dominion also included in its renewal application for ESP–003 a request for an exemption from the subsumption requirements of 10 CFR 52.26(d), "Duration of permit," to provide for the renewal of the ESP in its entirety, rather than renewal of only the portions of ESP–003 not subsumed into NPF–103.

II. Further Information

The NRC will publish subsequent **Federal Register** notices addressing the acceptability of the tendered ESP renewal application for docketing and provisions for participation of the public in the ESP renewal process.

OFFICE OF PERSONNEL MANAGEMENT**Privacy Act of 1974; New Matching Program**

AGENCY: U.S. Office of Personnel Management.

ACTION: Notice of a new matching program.

SUMMARY: In accordance with the Privacy Act of 1974, as amended, and Office of Management and Budget (OMB) guidance on computer matching, the U.S. Office of Personnel Management (OPM) is providing notice of the establishment of a new matching program. Pursuant to the Payment Integrity Information Act of 2019 (PIIA), OPM is establishing a matching program with the Department of the Treasury's Do Not Pay (DNP) Working System, which is administered by the Bureau of the Fiscal Service. The matching program will enable OPM Retirement Services to compare records maintained in OPM systems of records with records maintained in the DNP Working System for the purposes of identifying and preventing improper payments and conducting related recovery activities by verifying pre-payment eligibility through Do Not Pay. OPM has determined that this matching program satisfies the eligibility requirements for the waiver of the computer matching agreement requirement under OMB Memorandum M–25–32.

DATES: This matching program will become effective 30 days after publication of this notice and will remain in effect through September 10, 2029, unless terminated earlier or superseded.

SUPPLEMENTARY INFORMATION: The Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100–503) amended the Privacy Act of 1974 (5 U.S.C. 552a) by establishing procedural safeguards governing agencies' use of computerized matching programs. Section 7201 of the Omnibus Budget Reconciliation Act of 1990 further amended the Privacy Act by strengthening protections for individuals whose records are used in matching programs.

The Payment Integrity Information Act of 2019 (31 U.S.C. 3351 *et seq.*) authorizes the head of the agency operating the Do Not Pay Working System, in consultation with OMB, to waive the computer matching agreement requirements of 5 U.S.C. 552a(o) in any case or class of cases for matching activities conducted under 31 U.S.C. 3354. Pursuant to that authority, the Secretary of the Treasury, after consulting with the OMB Director,

authorized a four-year waiver for the class of matching programs meeting the criteria established in OMB Memorandum M–25–32, *Preventing Improper Payments and Protecting Privacy Through Do Not Pay*.

OPM has determined that the matching program described in this notice satisfies the eligibility requirements for that waiver.

Purpose(s)

The purpose of this matching program is to support OPM Retirement Services' verification of continued eligibility for retirement benefit payments under Civil Service Retirement System (CSRS) and Federal Employees Retirement System (FERS) by comparing appropriate records with records maintained in Treasury's Do Not Pay Working System. Do Not Pay match results will not be used as the sole basis for suspending, terminating, denying, or recouping retirement benefits. OPM will independently verify any potential

match and provide any notice, opportunity to contest, appeal rights, or other procedural protections by applicable law, regulation, or policy before taking adverse action.
