[Project No. 2790–074]

**Boott Hydropower, LLC; Notice of
Intent To Prepare an Environmental
Assessment**

On April 30, 2021, Boott Hydropower, LLC filed an application to relicense the 19.372-megawatt Lowell Hydroelectric Project No. 2790. The project is located on the Merrimack River in Middlesex County, Massachusetts and Hillsborough County, New Hampshire.

In accordance with the Commission's regulations, on June 5, 2026, Commission staff issued a notice that the project was ready for environmental analysis (REA notice). Based on the information in the record, including comments filed on the REA notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an environmental assessment (EA) on the application to relicense the Lowell Hydroelectric Project.¹

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502–6595 or OPP@ferc.gov.

The application will be processed according to the following schedule. The EA will be issued for a 30-day comment period. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA.	July 31, 2027.

Any questions regarding this notice may be directed to Bill Connelly at (202) 502–8587 or william.connelly@ferc.gov.

Notice is given that an amended complaint has been filed with the Federal Maritime Commission (the "Commission") by Dollar General Logistics, LLC (the "Complainant") against Yang Ming Marine Transport Corp. (the "Respondent"). Complainant

states that the Commission has subject-matter jurisdiction over the amended complaint pursuant to the Shipping Act of 1984, as amended, 46 U.S.C. 40101 *et seq.*, and personal jurisdiction over Respondent as an ocean common carrier, as defined in 46 U.S.C. 40102(18), that has entered into a service contract, as defined in 46 U.S.C. 40102(21), with Complainant.

Complainant is a corporation existing under the laws of the state of Tennessee with its principal place of business located in Goodlettsville, Tennessee.
